ACT No. XXVI. OF 1850.

An Act to enable improvements to be made in Towns.

Whereas Act X. 1842, was passed for enabling the inhabitants of any place of public resort or residence, under the Presidency of Fort William, not within the Town of Calcutta, to make better provision for purposes connected with public health and convenience, but the said Act has proved ineffectual for the purpose, and it is expedient to amend the provisions thereof, and to extend the like powers to the inhabitants of Towns in the other Presidencies under the Government of the East India Company, It is enacted as follows:

I. Act X. 1842, is repealed.

II. If it shall appear to the Governor or Governor in Council, or Lieutenant Governor, of any Presidency or Place within the Territories under the Government of the East India Company, that the inhabitants of any Town or Suburb, not within the Town of Calcutta, Madras, or Bombay, are desirous of making better provision for making, repairing, cleaning, lighting, or watching any public streets, roads, drains, or tanks, or for the

prevention of nuisances, or for improving the said Town or Suburb in any other manner, the said Governor or Governor in Council, or Lieutenant Governor, may order this Act to be put in force within such Town or Suburb.

III. Whenever any application shall be made to the Government for putting this Act in force in any Town or Suburb, notice thereof shall be given in the *Government Gazette* of the Presidency, or place, and also by proclamation within such Town or Suburb, setting forth the purposes of the application, and giving reasonable time for all inhabitants of such Town or Suburb, who are minded to declare themselves for or against the adoption of this Act therein, for such purposes or any of them.

IV. The Governor or Governor in Council, or Lieutenant Governor, shall take all such declarations into due consideration, and after the time allowed for receiving the same, shall make a final order, which shall be published in the *Government Gazette*, and also notified by proclamation within such Town or Suburb, to the effect that the application appears, or does not appear, to be according to the wishes of the inhabitants, either wholly, or in respect to one or more of the purposes in respect of which it is made; and if the whole or any part of it shall appear to be according to the wishes of the inhabitants, then that this Act shall be thenceforth in force in such Town or Suburb, for such purposes only as shall be mentioned in the order.

V. Whenever any such order shall be made and published as aforesaid, this Act shall come into force within the said Town or Suburb, for such purposes as are mentioned in the Order, and the making and publication of the said Order shall be conclusive evidence that the provisions of this Act have been complied with, and that it is thenceforth in force within the said Town or Suburb, for such purposes as are mentioned in the Order.

And the said Governor or Governor in Council, or Lieutenant Governor, may remove any of the Commissioners and appoint others, and may fill up vacancies occurring among the Commissioners in such manner as may seem to him fit.

IV. Every person not having a Register Ticket from any port in the United Kingdom of Great Britain and Ireland, who intends to serve, (otherwise than as Master or Surgeon), on board of any vessel navigated from a port within the territories under the Government of the East India Company, and registered as a British Vessel under the Statutes of Parliament and Acts of the Governor General of India in Council, in force, for the time being, for the registry of British Vessels, shall be bound to appear at one of the said Register Offices, for the purpose of procuring himself to be registered, and shall be bound to answer truly, to the best of his ability and knowledge, the several questions set forth in the Schedule (A) annexed to this Act, and such other questions as shall be, from time to time, directed by the Governor General of India in Council, and until so registered shall not be allowed, after the First day of August 1850 to serve in any capacity, (other than Master or Surgeon), on board of any such registered Vessel.

The Registrar shall ascertain to the best of his ability, and specify on the Register Ticket, the class or rating of Seafaring persons to which each registered Seaman appears to him to belong; and, from time to time, shall note on any Ticket produced to him for that purpose any superior rating to which the holder of the Ticket appears at that time to be entitled.

VII. Whenever any Seaman shall lose his Register Ticket, he shall apply personally to one of the said Registrars, and shall be bound to answer truly, to the best of his ability and knowledge, all questions which the Registrar, or one of his Assistants shall put to him, touching the time and manner of the loss; and if it shall appear that no fraud has been committed or intended, the Registrar shall furnish another Ticket to him, upon payment of such Fee, not exceeding Five Rupees, beside the common Fee for the issue of a Register Ticket, as the Registrar shall think fit, under the instructions to be issued to him by the Governor or Governor in Council, having regard to the time and manner of the loss of the former Ticket.

VIII. Whenever any registered Seaman shall be committed to prison, or to any house of correction, the Court or Justice of the Peace shall cause his Register Ticket to be delivered to the keeper of such prison or house of correction, who shall keep it during the term of the Seaman's imprisonment, and at the end of the imprisonment give it to him again; and, whenever any registered Seaman shall be sentenced to death or transportation, the person having him in custody shall send his Register Ticket to the office of the Registrar by whom it was issued.

IX. The Registrar shall cancel every Register Ticket, which shall come again into his possession; and, from time to time, shall make out lists, shewing the number and name upon every Ticket, cancelled during the twelve months then last past, and of every Ticket, which shall have been represented to him to have been lost, and in respect of which he shall have issued another Ticket during the same twelve months; and shall cause such lists to be published in the *Gazette*, in the English and vernacular language of the port, and shall also send them to the Collector of Customs and principal Officer of Police at such Towns or Ports as shall be directed by the Governor or Governor in Council, to be by them respectively exhibited in some conspicuous part of the Custom House and Police Office; and copies of such lists shall be sent to the Master Attendant at every such port, and shall be delivered to any Master or Owner of a registered Vessel on application, and on payment of a Fee of One Rupee.

X. The Master of any such Vessel shall not at any port in the said Territories, after the said First day of August, engage or employ, for the purpose of going to sea in his Vessel, any unregistered Seaman, or any Seaman having a cancelled Register Ticket; and shall cause to be delivered to him the Register Ticket of every Seaman, whom he shall so engage at any such port, after the said First day of August, before putting to sea, which Ticket the Master shall keep safely (unless in the cases herein mentioned) until the end of the service of such Seaman with him, and shall then give it back to the Seaman to whom it belongs: and every Master of a

Vessel, who shall wilfully offend against this enactment, shall be liable to a penalty, not exceeding One Hundred Rupees, for each Seaman so unlawfully engaged or employed.

XI. Every person applying for a Register Ticket, who shall wilfully give a false answer to any question, which the Registrar or his Assistant is entitled to ask of him, or wilfully make any false statement before the Registrar or his Assistant as to the loss of any Register Ticket, shall be liable to a penalty, not exceeding Fifty Rupees.

XII. Every person, who shall wilfully alter, deface or destroy any Register Ticket, or counterfeit any such Register Ticket, or transfer or traffic in any such Ticket, issued or purporting to be issued under this Act, shall be liable to a penalty, not exceeding One Hundred Rupees.

XIII. Every person, who shall become possessed of any Register Ticket, other than that lawfully issued to him, (except Masters of Vessels and others directed to keep any such Tickets by this Act), either by the death of the Seaman to whom it belonged or otherwise, shall forthwith send it to the Registrar of the port whence it was issued, and in default of so doing, shall be liable to a penalty, not exceeding One Hundred Rupees.

XIV. Every Seaman, tendering to the Master or Owner of any Vessel a cancelled Register Ticket, or any Ticket not lawfully issued to him, shall forfeit to the Owner all wages accruing to him during the service for which he shall have agreed.

XV. All penalties directed by this Act may be imposed on summary conviction before a Magistrate or Justice of the Peace, and may be recovered with costs, as if they were imposed by a Magistrate under Act II. 1839.

XVI. The Fees received by the Registrar shall be applied toward defraying the expences of this Act; beside which, a yearly duty of One Anna per ton shall be levied for the same purpose on all Vessels of the burden of one hundred and fifty tons and upwards, navigated to or from the ports within the Territories under the Government of the East India Company; and the production of a certificate of payment at one port of Registry shall free the same Vessel at all others during the current year, to be reckoned from the First day of January to the last day of December.

Fort William, Home Department, Legislative, the 21st June, 1850.

The following Act is passed by the Hon'ble the President of the Council of India in Council on the 21st June 1850, with the assent of the Most Noble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information.

ACT No. XXVIII. OF 1850.

An Act for the encouragement of Merchant Seamen.

For the encouragement and protection of Merchant Seamen, It is enacted as follows:

I. The Master of any Vessel, navigated from any port within the territories under the Government of the East India Company, where a Registrar of Seamen is or shall be appointed under Act XXVII. 1850, registered as a British Vessel under any Statute of Parliament, or Act of the Governor General of India in Council, in force for the time being, for the Registry of British Vessels, except Country Craft not exceeding the burden of 300 tons employed only in Coasting voyages, shall not put to sea on any day after the First day of August 1850, until an agreement, executed as hereinafter provided, shall have been made by him with such of his Crew as are shipped at any port within the said territories, specifying what wages each Seaman is to receive, and the quantity and quality of provisions he is to receive, the capacity in which each is to act, or serve, and the voyage in which the Vessel is to be employed, or the length of time that each is to serve.

II. Every such agreement shall be in the form set forth in Schedule (A) annexed to this Act, or such other form as shall be, from time to time, approved by the Governor General of India in Council, and shall be properly dated, and shall be signed by the Master and the greater number of Seamen shipped at any port in the said territories, of each kind of rating belonging to the Vessel, on behalf of the Crew, respectively, in the presence of the Registrar of Seamen, or by some one appointed by him for that purpose, who, after hearing the agreement read over and explained to each Seaman by whom it is to be signed, in a language understood by him, shall, if the Seaman assent, cause him to put his signature or mark thereunto, and shall attest the same by his own signature, and shall keep recorded in his office a duplicate of such agreement executed and attested as aforesaid. Every Seaman shipped on board such Vessel, and not being an Apprentice, shall be entitled to have the benefit of such agreement, according to his rating, as if it were executed by him.

III. Every copy of such an agreement, certified by the Registrar to be a true copy, shall, in all cases, be taken as evidence of the contents thereof on behalf of the Seamen; and no Seaman shall, in any case, be required to produce such agreement, or such copy as aforesaid, or to give notice for the production thereof: but, if the agreement shall not be produced and proved, he shall be at liberty to prove the contents or purport thereof, or to establish his claim by other evidence, according to the nature of the case.

IV. No Seaman, shipped under this Act, shall, by reason of any agreement, forfeit his lien upon the Ship, or be deprived of any remedy for the recovery of his wages to which he would otherwise be entitled, against any person or persons whatever; and no agreement, contrary to, or inconsistent with this Act, nor any clause, contract or engagement, whereby any Seaman shall consent or promise to forego, or give up any right or claim to wages in the case of freight earned by a Ship afterwards lost, or any right or claim to salvage or reward for salvage services, or such share of salvage or reward for salvage services as may be due to him by decree or award, or otherwise, shall be binding on such Seaman.

V. The wages of any Seaman engaged to serve on any Vessel under this Act, shall be calculated by the calendar month.

VI. If any Seaman, serving under the provisions of this Act, shall, by a writing, according to a form set forth in Schedule (B,) annexed to this Act, or such other form as shall be, from time to time, approved by the Governor General of India in Council, attested by the signature of the Registrar or his Assistant, and by the signature of the Master of the Vessel on which he is engaged to serve, and in which writing the purpose shall be stated, authorise the said Registrar to receive monthly from the Owner of the said Vessel or his Agent, any part of his wages, not exceeding one-third thereof, for the time for which he shall not have received any advance, for the purpose of maintaining his family during his absence, the said Owner or his Agent shall, on demand of the said Registrar, pay such sum to him, to be applied as aforesaid, without requiring any proof from the said Registrar that the said Seaman is still on board the said Vessel.

VII. All such payments, whether by the Owner, his Agent or by the Registrar, shall cease from and after the production of a certificate from the Master of the Vessel, of the death, desertion or discharge of the said Seaman, or on reasonable evidence that the Vessel has been lost; but no payment, actually made by the Registrar to the party appointed by the said Seaman, shall be reclaimable by reason of his death, desertion, or discharge, or of the loss of the Vessel.

VIII. All such receipts and payments shall be entered in a book, and all entries in the said book shall be authenticated by the Registrar under his signature, or the signature of his Assistant; and the said book shall be, at all times, open to the inspection of the parties concerned.

IX. At the time of witnessing the execution of the agreement for service, the Registrar shall explain to the Seamen, parties thereunto, the conditions on which they can allot a part of their pay to their families during their service; and it shall be the duty of the Registrar to see that all Seamen leaving the port have the option of allotting part of their pay as aforesaid.

X. The Master of every such Vessel, before leaving any Port of Registry, shall deliver to the Registrar a list, signed by himself, of the name of every Seaman engaged by him in the territories under the Government of the East India Company, (including Apprentices), with their rating and the number of their Register Tickets, according to such form as shall be, from time to time, approved by the Governor General of India in Council; and, if he shall not have engaged any Seaman within the said territories, the Master shall deliver to the

Registrar a certificate of the fact signed by himself; and, on receiving the said list or certificate, and on being satisfied of its truth, the Registrar shall give to the Master a certificate under his hand, that the Master of such Vessel has complied with the regulations of the Registry Office. Every Master of any such Vessel, who shall leave a Port of Registry, without delivering such list or certificate as aforesaid, shall be liable to a penalty, not exceeding Two Hundred Rupees.

XI. For the purpose of preventing any Seaman from being shipped on board of any Vessel in any Port of Registry, contrary to the provisions of this Act, the Registrar of the Port, by himself, or his Agents, in a peaceable manner, may enter at any time on board of any such Vessel, and muster and examine the several Seamen employed therein; and any person, who shall obstruct the said Registrar or his Agents in such duty, shall be liable to a penalty not exceeding One Hundred Rupees.

XII. In cases when the Registrar shall have reason to believe that any of the provisions of this Act has been evaded or neglected by the Master, Owner or Agent of any Ship about to go to sea, the Registrar, by a writing under his hand, may stay the grant of a port-clearance by the Master Attendant; and every Master Attendant shall comply with the written requisition of the Registrar in this respect.

XIII. The Master of every such Vessel, on which any Seaman engaged under this Act may be serving, shall, within seven days after the arrival of such Vessel at the port where the voyage ends, or after the end of the service, according to the agreement entered into, in accordance with this Act, pay or cause to be paid to such Seamen the wages remaining due to them for their services, taking a receipt from each man for the amount paid to him, either separately or on a general list, which receipt shall be certified by the Chief or Second Officer, or other credible witness, and otherwise shall be of no force or validity.

XIV. Every Master or Owner, who shall neglect or refuse to pay any Seaman's wages, within the time mentioned in the last Section, shall forfeit and pay to such Seaman the amount of two days' pay, to be recovered as wages, for each day, not exceeding ten days in the whole, during which such payment has been delayed without sufficient cause.

XV. If any Seaman, to whom any wages are due, die before the wages due have been paid, then the wages shall be paid to the Registrar of the Port of Registry at which the Ship shall first touch after his death, and the Registrar shall pay the same to his legal representative, and failing such legal representative, after the expiration of twelve months from the First of January next following the day on which he shall have received the said balance, into the Treasury of the East India Company, after having given due notice of such unclaimed balance being in his possession, by advertisement in the *Gazette*, at least twice during such period.

XVI. Every Master of a Vessel, who shall be convicted before a Magistrate of having neglected to pay to the Registrar, within ten days of the Ship's arrival in the port as aforesaid, the wages due to deceased Seamen, shall forfeit three times the amount of wages so neglected to be paid; and further shall be subject to such fine, not exceeding One Hundred Rupees, for each case of neglect, as to such Magistrate shall seem fit.

XVII. Whenever any Merchant Vessel, navigated and registered as is mentioned in Section I, and not having been wrecked or condemned, shall be sold or disposed of at any Port out of the territories under the Government of the East India Company, or whenever the service of any Seaman shall end at any such port, the Master shall give to each Seaman a Certificate of discharge, and his Register Ticket, and also either provide for him fit employment on board some other such Vessel bound to some port within the said territories, or provide for him a passage to the port at which he was shipped, or such other port as may be agreed on, either free of cost, or by depositing with the British Consul or Vice Consul, or if there be none such, with some resident Merchant, at the port, not interested in the Vessel, such a sum of money as shall be, by him, deemed reasonably enough to pay the expenses of his subsistence and passage, which money shall be paid over and above any wages which may be due to him.

XVIII. If the Master shall neglect or refuse to provide employment or the means of passage, for any of his Crew as mentioned in the last Section, the expense of doing so, when defrayed, shall be a charge on the Owner of the Vessel, unless in cases of barratry, wreck or condemnation, and may be recovered with full costs of suit from such Owner as so much money paid on his account, at the suit of the Consul or any other person defraying such expenses, or at the suit of the East India Company, in case the same has been paid or allowed out of any monies belonging to the East India Company; and, if defrayed by the Seaman himself, may be recovered as wages due to him.

XIX. The obligations of the last two Sections shall not apply to such of the Crew as shall consent, in writing, before the British Consul or Vice Consul, or if there be no British Consul or Vice Consul at the Port, before one or more resident Merchants not interested in the Vessel, to be then and there discharged.

XX. In all cases of wreck or loss of the Ship, every Seaman then on board shall be entitled to his wages up to the time of the wreck or loss, whether or not the Ship has earned freight; provided he shall produce, from the Master or Chief Surviving Officer of the Ship, a Certificate that he did his best to save the Ship, Cargo and Stores.

XXI. Every Seaman shall be entitled to receive an increase of his wages for every day on which the allowance of provisions, which it was agreed he should receive, shall be reduced, at the rate of One Anna daily, while the reduction is not more than one-third of the quantity, and Two Annas daily, while the reduction is more than one-third: and these pecuniary allowances shall be recoverable as his other wages are.

XXII. No assignment or sale of Seamen's wages, salvage or prize money, made before the accruing thereof, nor any Power of Attorney expressed to be irrevocable, for the receipt of any Seaman's wages, salvage or prize money, shall be valid or binding on the party making the same; and any attachment, to be issued out of any Court, shall not prevent the payment of any Seaman's wages, salvage or prize money to him.

XXIII. Every such Vessel shall have always on board a sufficient supply of medicines and appliances, suitable for diseases and accidents likely to happen on sea voyages, according to

such scale as shall be, from time to time, issued by the Superintendent of the Indian Navy, with the approval of the Governor General of India in Council, and published in the *Government Gazettes* at Calcutta, Madras and Bombay; and, in default thereof, the Owner of the Vessel shall be liable to a penalty, not exceeding Two Hundred Rupees, and Five Rupees for every day during which such default shall wilfully continue.

XXIV. Whenever the Master, or any Officer or Seaman of any such Vessel shall receive any hurt or injury in the service of the Vessel, the expense of providing the necessary surgical and medical advice and attendance, with medicines, and for his subsistence, until he shall be cured or shall be brought back to the port from which he was shipped, or other port agreed upon, shall be defrayed, with the cost of his conveyance to such port, by the Owner of the Vessel, without any deduction on that account from the wages of such Master, Officer or Seaman; and, if paid by himself, may be recovered as part of his wages; and, if paid or allowed out of any monies belonging to the East India Company, may be recovered with full costs of suit, as a debt due to the East India Company.

XXV. If any Vessel, on board of which there shall be any Seaman, who has received an advance under this Act, shall, before going on the voyage for which such advance shall have been paid, be destroyed or injured by fire, or other cause, so as to prevent her going on her then intended voyage, or if such voyage shall be discomfited at the beginning, or before the advance has been worked out, the Master, Owner or Agent of such Vessel may demand from such Seaman, unless he shall pay back the amount so advanced to him, service to the full amount of the advance received by him, on board of any other Vessel; and such Seaman, until he has worked out such advance, shall not be entitled, without the consent of such Master, Owner, or Agent, to take service in any Vessel other than that on which he is so required to serve; and any such Seaman, who shall refuse to work out such advance on board such other Vessel, on summary conviction of his refusal before any Magistrate or Justice of the Peace, shall be liable to be imprisoned, with hard labour, for any term not exceeding six months.

XXVI. The Registrar of Seamen may grant, from time to time, to such persons as he may deem fit, a license to act as broker for procuring Seamen for Vessels shipping men under this Act, and also a license to the keeper of any lodging-house for Seamen, enabling him to allow Seamen to be engaged at his house, and also may revoke and annul such license on the misconduct of any such person: and every such license shall be granted for such term, upon such conditions and upon such security given, as the said Registrar shall, from time to time, appoint.

XXVII. offence, and of every twenty-four hours' continuance thereof; and every such Seaman, who, after the Vessel's arrival at her port of delivery, and during the term of his service, shall leave the Vessel without a discharge, or leave from the Master, shall forfeit one month's pay out of his wages: Provided always, that no such forfeiture shall be incurred, unless the fact of the Seaman's absence, neglect, or refusal shall be duly entered in the Log Book, the truth of which entry the Owner, Master or Agent, in all cases of dispute, shall be bound to substantiate, by the evidence of the Mate, or some other credible witness.

XXXII. Every Seaman engaged under this Act, who shall desert his Vessel, shall forfeit to the Owner all his clothes and effects which he may leave on board, and also all wages and emoluments to which he might otherwise be entitled; provided always, that every desertion be entered in the Log Book at the time, and certified by the signatures of the Master and the Mate, or the Master and one credible witness.

XXXIII. XXXIV. The absence of a Seaman from his Vessel, for any time within twenty-four hours immediately before the sailing of a Vessel from any port, whether before or during any voyage, wilfully or knowingly, without leave, or the wilful absence of a Seaman from his Vessel, at, or for any time, without leave, and in such manner as to shew an intention to abandon his Vessel and not return thereto, shall be deemed desertion.

XXXV. Every person, who shall wilfully harbour or conceal any Seaman or Apprentice, who shall have deserted, knowing or having reason to believe such Seaman or Apprentice to be a Deserter, shall, for every such Seaman or Apprentice so harboured or concealed, be liable to a penalty, not exceeding One Hundred Rupees.

XXXVI. No debt, exceeding in amount Three Rupees, incurred by any Seaman after he shall have engaged to serve under this Act, shall be recoverable until the service agreed for shall be ended; nor shall any keeper of a public house, or of a lodging house for Seamen be entitled to detain any chest, tools, or other property of any Seaman, for any debt alleged to have been contracted by him; and in case of such detention of the chest, tools, or other property of a Seaman, any Justice of the Peace or Magistrate at or near the place, upon complaint upon oath to be made by such Seaman, or by any person on his behalf, may enquire into the matter upon oath in a summary way; and, by warrant under his hand and seal, may cause such property to be seized and delivered over to such Seaman; and the person so detaining the same shall be liable to a penalty, not exceeding One Hundred Rupees.

XXXVII. The following Draft of a proposed Act was read in Council for the first time on the 21st June 1850:

ACT No. —— OF 1850.

An Act for amending the Laws for collecting a Revenue of Excise on Spirituous Liquors and Intoxicating Drugs in the Settlements of Prince of Wales' Island, Singapore and Malacca.

Whereas it is expedient to make better provision for the collection of a Revenue of Excise upon Opium, Chandoo, Toddy and Bang, Arrack, and Spirits, and the granting of Excise Licenses for the sale of the said articles by retail within the Settlements of Prince of Wales' Island, Singapore and Malacca, It is enacted as follows:

II. VI. Every person taking out a License for the retail sale of Spirituous or Fermented Liquors, or Intoxicating Drugs under this Act, shall execute a counterpart engagement in exact conformity with the tenor of such License.

VII. Whenever a License shall be granted under this Act, the Resident Councillor shall be authorized to demand, in consideration of the privilege granted, such fee, tax or duty as may, from time to time, be fixed, with the sanction of the Governor of the Straits Settlements; and such fee, tax, or duty may be made payable daily, weekly or monthly, and either in advance, or at such period as may be settled by the Resident Councillor.

VIII. The Resident Councillor may withhold or recal a License, if any such fee, tax or duty be not duly paid, according to the conditions upon which the License is granted, or in case of a breach of any of the other conditions thereof; or for any other cause, giving one month's notice of such withdrawal; and any person selling, by retail, any Spirituous or Fermented Liquors, or Intoxicating Drugs above specified, within the Settlements of Prince of Wales' Island, Singapore and Malacca whilst such License is withheld, or after it is recalled, shall be subject to all the penalties provided by this Act for the unlicensed sale of Spirituous or Fermented Liquors, or Intoxicating Drugs.

IX. Any Licensed retail Dealer may surrender his License on giving fifteen days previous notice to the Resident Councillor, and paying a sum equal to the tax for that time over and above the sum payable under the License.

X. XI. A breach of any of the conditions of a License granted under this Act shall, beside entailing forfeiture of the License, be punishable by a fine not exceeding Twenty-five Dollars, and such fine shall be recoverable from the Licensed Dealer notwithstanding that such breach may have been owing to the default or carelessness of the servant or other person in charge of the shop.

XII. The Resident Councillor may appoint Constables, Jemadars, Peons and other Officers for collection of the Excise Revenue and prevention of Smuggling, and the Officers so appointed, beside their ordinary respective designations, shall be styled "Excise Officers."

XX. No Writ of *Certiorari* shall be issued at the suit of any party out of the Court of Judicature of the Straits' Settlements, to supersede, stay, remove, or in any wise affect any information or judicial proceeding before any Justice of the Peace, in pursuance of this Act; and no judgment thereupon shall be quashed, except for error of law apparent on the face of the judgment.

XXI. All actions and prosecutions to be commenced against the Resident Councillor or any Excise Officer, or any person acting in aid of any such Officer, for any thing done in pursuance of this Act, shall be commenced within three Calendar months after the fact committed and not afterwards; and notice in writing of such action, and of the cause thereof shall be given to the defendant one Calendar month at least before the commencement of the action, and no plaintiff shall recover in any such action, if tender of sufficient amends shall have been made before such action brought, or if after action brought, a sufficient sum of money shall have been paid into Court, with costs, by or on behalf of the defendant.

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bonâ fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bonâ fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.

By order of the Central Committee,

Cecil Beadon,
Secretary.

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bonâ fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bonâ fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as

other transport charges, on all articles sent to England by private individuals with the Government collection.

By order of the Central Committee,

Secretary.

General Orders by the Most Noble the Governor General of India.

Simla, 25th June, 1850.

The Most Noble the Governor General of India, with the concurrence of His Excellency the Commander-in-Chief in India, is pleased to resolve, that the issue of Spirits in the morning to the European Troops in India, shall be discontinued, and that the quantity allowed to any one man shall never exceed two drams per diem.

2. That portion of the Rule for the government of Canteens, published in General Orders by the Governor General, No. 64, of the 5th March 1835, which directs, "that no man is to be allowed more than one dram before 10 o'clock, A. M.," is cancelled; and the following Rules applicable to the three Presidencies, are directed to have effect from the receipt of this Order.

3. No Spirits are to be issued on any occasion before the usual dinner hour.

4. No man is to be allowed more than two drams per diem, and these two drams are never to be issued at the same time.

5. The Rule which prohibits Spirituous Liquors being taken, or sent away from Canteens, is to be considered applicable to cases when it is necessary from the absence of a Canteen, or other cause, to serve out Rum, or other Spirits: on these occasions the men must drink their dram at the place of issue, and on no account be allowed to take it away to their Barracks, Tents, or elsewhere.

6. Particular attention is called to the Orders directing Tea and Coffee to be always ready at daybreak, and Commanding Officers are to see that this Rule is strictly attended to on all occasions.

Simla, 25th June, 1850.

With reference to instructions received from the Hon'ble the Court of Directors, the Most Noble the Governor General of India is pleased to republish the Government General Order No. 7, dated 9th January 1837, and to direct as follows:

2. Every Officer removed from his Regiment on Staff, or Civil or other employment, who is subject to the Rule laid down in the abovementioned General Order, and who has not already passed the examination therein prescribed, or shall not pass it within six months from the date of this Order, will be remanded to his Corps.

Government General Order No. 7, dated 9th January 1837.

The Hon'ble the Court of Directors having, in a recent despatch, again expressed their anxious desire that a competent knowledge of the Native languages should be generally diffused among the Officers of their Army, and having, at the same time, deemed it necessary to prescribe that a certain degree of proficiency in one or more of those languages be in future considered an indispensable qualification for Staff employ, the Right Hon'ble the Governor General of India in Council, with a view of giving effect to the wishes of the Hon'ble Court, without prejudice to the just claims of the many, in other respects highly qualified Officers now in the Service, is pleased to publish the following rules for general information.

1st. No Military Officer, who is now in the Service, or who may enter it hereafter, will be deemed qualified for, or eligible to, the Commissariat Department, or the appointment of Regimental Interpreter, unless he shall have passed the examination in the Native languages prescribed for Candidates for the latter situation.

2nd. No Officer who may enter the Service hereafter will be deemed eligible for any Staff situation (except a temporary one during actual Service in the field) or Civil employ, until he shall have passed an examination in the Hindoostanee language.

3rd. Notwithstanding that Officers now in the Service are exempted from the restrictive operation of the immediately preceding Rule, it is to be distinctly understood that a competent knowledge of Hindoostanee, though not in their case an indispensable qualification for the situations open to others on the condition of passing an examination in that language, will, as hitherto, be always considered to confer a strong additional claim to nomination to the Staff.

Light abreast the Santapillay Rocks.

Madras, Marine Board Office, 1st June 1850.

NOTICE is hereby given, that since the 15th of November last a fixed Light has been exhibited from a Sandy Hill abreast of the Santapillay Rocks, about 150 feet above the level of the Sea. In ordinary weather it is visible from the deck of a Ship about 12 or 13 miles.

Bearings from the Rock.

Santapillay Light House,	N. 60° W.
Santapillay Village with the highest distant Peak a little open to the North,	N. 55° W.
Next Sandy Hill to North.	N. 40° W.

The following information is furnished by Captain Biden, Master Attendant at Madras, who surveyed the Rocks in 1846.

NOTICE TO MARINERS.

SAILING INSTRUCTION as a guide when Ships or Vessels are on the Coast of Orixa, or off the SANTAPILLAY ROCKS.

1. Whereas a recent survey of the SANTAPILLAY ROCKS under the direction of Lieutenant Fell, I. N., and a further inspection thereof by the Master Attendant, on the 6th instant, clearly prove that those Rocks comprise one of the most dangerous shoals in the Indian Seas, and as no well defined land-mark has hitherto been notified for the purpose of indicating their locality, and warning Commanders of Ships and Vessels of their near approach to those Rocks, it is therefore expedient to publish the following remarks for the guidance of all Mariners who may navigate the Coast of Orixa, and the Bay of Bengal.

2. The Santapillay Rocks are in
Latitude 17° 59′ 25″ N.
Longitude 83° 47′ 37″ E.

and are distant from the Coast between 5 and 6 miles. They are about ten feet under water, steep to on all sides, and their extent is not beyond 200 yards in length. When there is but little wind and a smooth sea, this shoal presents no indication by broken or discolored water, as Lieutenant Fell, when in search of it during very fine weather, brought the Surveying Brig "Kristna" to anchor within 100 yards of the Rocks before he could observe the slightest appearance of a shoal. He then proceeded in one of that Vessel's boats over the Rocks, and found 10½ feet on the shoalest part; on the Eastern side 7 and 10 fathoms; and on the Western limit 10½ fathoms rocky bottom.

3. The Master Attendant surveyed the Santapillay Rocks in the H. C.'s Steam Vessel "Hugh Lindsay," on the 6th instant, during fine weather; and with a moderate breeze from S. W. and a ground swell, the breakers were clearly discerned from the mast head at the distance of 6 or 7 miles bearing due South, and Santapillay Peak bearing W. b. N. in 7 fathoms, off shore about 2 miles. The breakers were soon after seen from the deck; and at 11 h. 45 m. A. M. when the Reef, which broke with considerable force, bore from S. 56° E. to S. 57° E. and Santapillay Peak was bearing N. 43° W., the "Hugh Lindsay" was anchored in 9½ fathoms, coarse sand and shells, distant from the reef 2 miles; and from the Coast 3½ miles—Latitude by an indifferent observation 18° 1′ N.

4. Two boats were sent under Captain Crawford to examine the reef, and they carried regular soundings from the Steamer of 9 and 9½ fathoms, until within a quarter of a mile, and in less than 100 yards of the breakers, where they found 10½ and 10½ fathoms rocky bottom. The breakers were too high to admit of the boats crossing over the reef; but Captain Crawford pulled round it, and gave as his opinion that the shoal, which lies N. N. W. and S. S. E. is in circumference about a quarter of a mile, with ten fathoms all round very close to the rocks. From the "Hugh Lindsay" the breakers seemed to extend the length of 200 yards.

5. The inner channel is safe for Ships and Vessels of every class, as soundings of 5 fathoms within a mile of the Coast, and 9½ fathoms within ¼ of a mile of the Rocks afford a clear space of nearly four miles in breadth.

6. In fair weather and when the Peak of Santapillay is visible, that lofty and remarkable landmark affords an infallible guide to the true position of the Santapillay Rocks. This Peak is at least 2,000 feet above the level of the Sea, and presents a striking contrast to all the hills in its vicinity. It bears N. 50° W. from the Rocks, and the base of the mountain is not more than 7 or 8 miles from the Coast.

7. But in thick weather when no well defined landmark is discernible, then it becomes absolutely necessary to approach the Coast between Ganjam and Vizagapatam with great care and caution. Change of current, and the absence of all means, by night or day, of obtaining a single observation may, without strict and unremitting attention to soundings, place a Ship or Vessel in imminent peril close to, or upon the Santapillay Rocks, which should not be approached from the Eastward, by day or night, under 17 fathoms.

Master Attendant.

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bonâ fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bonâ fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.

By order of the Central Committee,

CECIL BEADON,
Secretary.

Light abreast the Santapillay Rocks.

Madras, Marine Board Office, 1st June 1850.

NOTICE is hereby given, that since the 15th of November last a fixed Light has been exhibited from a Sandy Hill abreast of the Santapillay Rocks, about 150 feet above the level of the Sea. In ordinary weather it is visible from the deck of a Ship about 12 or 13 miles.

Bearings from the Rock.

Santapillay Light House, ...N. 60° W.
Santapillay Village with the highest distant Peak a little open to the North, ...N. 55° W.
Next Sandy Hill to North. .....N. 40° W.

The following information is furnished by Captain Biden, Master Attendant at Madras, who surveyed the Rocks in 1846.

NOTICE TO MARINERS.

SAILING INSTRUCTION as a guide when Ships or Vessels are on the Coast of Orixa, or off the SANTAPILLAY ROCKS.

1. Whereas a recent survey of the SANTAPILLAY ROCKS under the direction of Lieutenant Fell, I. N., and a further inspection thereof by the Master Attendant, on the 6th instant, clearly prove that those Rocks comprise one of the most dangerous shoals in the Indian Seas, and as no well defined land-mark has hitherto been notified for the purpose of indicating their locality, and warning Commanders of Ships and Vessels of their near approach to those Rocks, it is therefore expedient to publish the following remarks for the guidance of all Mariners who may navigate the Coast of Orixa, and the Bay of Bengal.

2. The Santapillay Rocks are in
Latitude 17° 59′ 25″ N.
Longitude 83° 47′ 37″ E.

and are distant from the Coast between 5 and 6 miles. They are about ten feet under water, steep to on all sides, and their extent is not beyond 200 yards in length. When there is but little wind and a smooth sea, this shoal presents no indication by broken or discoloured water, as Lieutenant Fell, when in search of it during very fine weather, brought the Surveying Brig "Kristna" to anchor within 100 yards of the Rocks before he could observe the slightest appearance of a shoal. He then proceeded in one of that Vessel's boats over the Rocks, and found 10½ feet on the shoalest part; on the Eastern side 7 and 10 fathoms; and on the Western limit 10½ fathoms rocky bottom.

3. The Master Attendant surveyed the Santapillay Rocks in the H. C.'s Steam Vessel "Hugh Lindsay," on the 6th instant, during fine weather; and with a moderate breeze from S. W. and a ground swell, the breakers were clearly discerned from the mast head at the distance of 6 or 7 miles bearing due South, and Santapillay Peak bearing W. b. N. in 7 fathoms, off shore about 2 miles. The breakers were soon after seen from the deck; and at 11 h. 45 m. A. M. when the Reef, which broke with considerable force, bore from S. 56° E. to S. 57° E. and Santapillay Peak was bearing N. 43° W., the "Hugh Lindsay" was anchored in 9½ fathoms, coarse sand and shells, distant from the reef 2 miles; and from the Coast 3½ miles—Latitude by an indifferent observation 18° 1′ N.

4. Two boats were sent under Captain Crawford to examine the reef, and they carried regular soundings from the Steamer of 9 and 9½ fathoms, until within a quarter of a mile, and in less than 100 yards of the breakers, where they found 10½ and 10½ fathoms rocky bottom. The breakers were too high to admit of the boats crossing over the reef; but Captain Crawford pulled round it, and gave as his opinion that the shoal, which lies N. N. W. and S. S. E. is in circumference about a quarter of a mile, with ten fathoms all round very close to the rocks. From the "Hugh Lindsay" the breakers seemed to extend the length of 200 yards.

5. The inner channel is safe for Ships and Vessels of every class, as soundings of 5 fathoms within a mile of the Coast, and 9½ fathoms within ¼ of a mile of the Rocks afford a clear space of nearly four miles in breadth.

6. In fair weather and when the Peak of Santapillay is visible, that lofty and remarkable landmark affords an infallible guide to the true position of the Santapillay Rocks. This Peak is at least 2,000 feet above the level of the Sea, and presents a striking contrast to all the hills in its vicinity. It bears N. 50° W. from the Rocks, and the base of the mountain is not more than 7 or 8 miles from the Coast.

7. But in thick weather when no well defined landmark is discernible, then it becomes absolutely necessary to approach the Coast between Ganjam and Vizagapatam with great care and caution. Change of current, and the absence of all means, by night or day, of obtaining a single observation may, without strict and unremitting attention to soundings, place a Ship or Vessel in imminent peril close to, or upon the Santapillay Rocks, which should not be approached from the Eastward, by day or night, under 17 fathoms.

(Signed) CHRIS. BIDEN,
Master Attendant.

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bond fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bond fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.

By order of the Central Committee,

CECIL BEADON,
Secretary.

Calcutta, the 7th June, 1850.

GENERAL ORDERS BY THE HON'BLE THE PRESIDENT OF THE COUNCIL OF INDIA IN COUNCIL.

FORT WILLIAM, THE 13TH JULY, 1850.

The following paras. of a Military Letter, No. 52, dated 15th May 1850, from the Hon'ble the Court of Directors to the Governor of the Presidency of Fort William in Bengal, and the Warrant and Regulations referred to therein, are published for general information:

Para. 1. We transmit herewith copy of a Letter from the Deputy Secretary at War, dated the 23rd April 1850, with three copies of the Warrant and Regulations therein referred to, respecting the instruction of Children in Garrison and Regimental Schools, but which are solely applicable to Garrisons or Regiments to which a trained Schoolmaster has been, or may be, appointed.

2. You will carry the provisions of the Warrant into effect as regards any of Her Majesty's Corps at your Presidency to which such appointments have been, or may hereafter be, made.

VICTORIA R.

Whereas we have judged it expedient to establish Regulations for the more effective instruction of the Children of Soldiers in our Regiments of Cavalry and Infantry, our will and pleasure is, that from and after the 1st April 1850, there shall be established in every Garrison or Regiment to which a trained Schoolmaster has already been appointed by our Secretary at War, and from the date of joining of such a trained Schoolmaster in any Garrison or Regiment hereafter.

1. An Infant School, under such Regulations as may be promulgated from time to time by our Secretary at War; such School to consist of the younger Children of both sexes, of which the Schoolmistress shall have sole charge, and in which the said Children shall be instructed in reading and writing, until they are sufficiently advanced to receive instruction under the trained Schoolmaster, or Assistant Schoolmaster.

2. An Industrial School, of which the Schoolmistress shall also have sole charge, for the Female Children, in which they shall be instructed in knitting, needlework and household occupations, and in which the younger boys may likewise attend for such purpose if their parents desire it.

3. Non-Commissioned Officers, Drummers and Privates, who may send their Children to the Infant and Industrial Schools, or to either of them, shall be required to pay for this privilege at such rates as may be fixed by our Secretary at War; and the amount of such payments, or such portion thereof as our Secretary at War may decide, shall be appropriated to the use of the Schoolmistress.

4. In consideration of the extra labour which will devolve upon the trained Schoolmaster in instructing the Female Children, he will be allowed £6 per annum, in each Regiment of Cavalry and £1 per Company per annum, in each Regiment of Infantry; but no charge shall be made by the Schoolmaster for the instruction of any of the Children.

5. The Schoolmistress will, in future, only be allowed £14 per annum, in each Regiment of Cavalry and £2 per Company per annum, in each Regiment of Infantry, in addition to the amount which may be received by her for instruction given in the Infant and Industrial Schools, out of which she will provide all materials and implements of work.

6. The Children of Barrack Serjeants, of Warders and Servants of Military Prisons, or of Pensioners, or discharged Soldiers holding Civil situations at the Station where a Garrison or Regimental School, with a trained Schoolmaster, is established, may attend the same on payment to the Schoolmaster, if they attend his classes, or to the Schoolmistress, if they attend one or both of the Schools under her charge, at such rates as may be fixed, from time to time, by our Secretary at War.

Given at our Court at St. James's, this 30th day of March 1850, in the Thirteenth Year of our Reign.

9. The Children of Barrack Serjeants, of Warders and Servants of Military Prisons, or of Pensioners, or discharged Soldiers, holding any Civil situation at the Station where a Garrison or Regimental School, with a trained Schoolmaster is established, may attend the same on payment of 3*d.* weekly for each Child to the Schoolmaster, if they attend his classes; and of 2*d.* weekly to the Schoolmistress for each Child attending the Infant and Industrial Schools, or either of them.

10. 11. In the Regiments to which a trained Schoolmaster may hereafter be appointed, these Regulations will take effect from the date of joining of such Schoolmaster; or in the case of Soldiers of a Regiment or Depôt to which a trained Schoolmaster is not appointed, attending a Garrison School, the Regulations will take effect from the date of such attendance.

Light abreast the Santapillay Rocks.

Madras, Marine Board Office, 1st June 1850.

NOTICE is hereby given, that since the 15th of November last a fixed Light has been exhibited from a Sandy Hill abreast of the Santapillay Rocks, about 150 feet above the level of the Sea. In ordinary weather it is visible from the deck of a Ship about 12 or 13 miles.

Bearings from the Rock.

Santapillay Light House, ...N. 60° W.
Santapillay Village with the highest distant Peak a little open to the North, ...N. 55° W.
Next Sandy Hill to North. .....N. 40° W.

The following information is furnished by Captain Biden, Master Attendant at Madras, who surveyed the Rocks in 1846.

NOTICE TO MARINERS.

SAILING INSTRUCTION as a guide when Ships or Vessels are on the Coast of Orixa, or off the SANTAPILLAY ROCKS.

1. Whereas a recent survey of the SANTAPILLAY ROCKS under the direction of Lieutenant Fell, I. N., and a further inspection thereof by the Master Attendant, on the 6th instant, clearly prove that those Rocks comprise one of the most dangerous shoals in the Indian Seas, and as no well defined land-mark has hitherto been notified for the purpose of indicating their locality, and warning Commanders of Ships and Vessels of their near approach to those Rocks, it is therefore expedient to publish the following remarks for the guidance of all Mariners who may navigate the Coast of Orixa, and the Bay of Bengal.

2. The Santapillay Rocks are in
Latitude 17° 59′ 25″ N.
Longitude 83° 47′ 37″ E.

and are distant from the Coast between 5 and 6 miles. They are about ten feet under water, steep to on all sides, and their extent is not beyond 200 yards in length. When there is but little wind and a smooth sea, this shoal presents no indication by broken or discolored water, as Lieutenant Fell, when in search of it during very fine weather, brought the Surveying Brig "Kristna" to anchor within 100 yards of the Rocks before he could observe the slightest appearance of a shoal. He then proceeded in one of that Vessel's boats over the Rocks, and found 10½ feet on the shoalest part; on the Eastern side 7 and 10 fathoms; and on the Western limit 10½ fathoms rocky bottom.

3. The Master Attendant surveyed the Santapillay Rocks in the H. C.'s Steam Vessel "Hugh Lindsay," on the 6th instant, during fine weather; and with a moderate breeze from S. W. and a ground swell, the breakers were clearly discerned from the mast head at the distance of 6 or 7 miles bearing due South, and Santapillay Peak bearing W. b. N. in 7 fathoms, off shore about 2 miles. The breakers were soon after seen from the deck; and at 11 h. 45 m. A. M. when the Reef, which broke with considerable force, bore from S. 56° E. to S. 57° E. and Santapillay Peak was bearing N. 43° W., the "Hugh Lindsay" was anchored in 9½ fathoms, coarse sand and shells, distant from the reef 2 miles; and from the Coast 3½ miles—Latitude by an indifferent observation 18° 1′ N.

4. Two boats were sent under Captain Crawford to examine the reef, and they carried regular soundings from the Steamer of 9 and 9½ fathoms, until within a quarter of a mile, and in less than 100 yards of the breakers, where they found 10¼ and 10½ fathoms rocky bottom. The breakers were too high to admit of the boats crossing over the reef; but Captain Crawford pulled round it, and gave as his opinion that the shoal, which lies N. N. W. and S. S. E. is in circumference about a quarter of a mile, with ten fathoms all round very close to the rocks. From the "Hugh Lindsay" the breakers seemed to extend the length of 200 yards.

5. The inner channel is safe for Ships and Vessels of every class, as soundings of 5 fathoms within a mile of the Coast, and 9½ fathoms within ¼ of a mile of the Rocks afford a clear space of nearly four miles in breadth.

6. In fair weather and when the Peak of Santapillay is visible, that lofty and remarkable landmark affords an infallible guide to the true position of the Santapillay Rocks. This Peak is at least 2,000 feet above the level of the Sea, and presents a striking contrast to all the hills in its vicinity. It bears N. 50° W. from the Rocks, and the base of the mountain is not more than 7 or 8 miles from the Coast.

7. But in thick weather when no well defined landmark is discernible, then it becomes absolutely necessary to approach the Coast between Ganjam and Vizagapatam with great care and caution. Change of current, and the absence of all means, by night or day, of obtaining a single observation may, without strict and unremitting attention to soundings, place a Ship or Vessel in imminent peril close to, or upon the Santapillay Rocks, which should not be approached from the Eastward, by day or night, under 17 fathoms.

Master Attendant.

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bond fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bond fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.

By order of the Central Committee,

CECIL BEADON,
Secretary.

Calcutta, the 7th June, 1850.

No. 374 of 1850.—The following paras. of a Military Letter No. 36, dated 5th June 1850, from the Hon'ble the Court of Directors to the Governor in Council at Bombay, are published for general information:

Suggestion by the Commander-in-Chief, concurred in by Government, that Europeans of the Engineer Corps sent back from the Department of Public Works for bad conduct, after a second trial, as irreclaimable, be declared to be liable to be further remanded to the Corps for which they originally enlisted in the rank of Private.

5. The proceeding here recommended may very properly be adopted. The Sappers have all enlisted for the Artillery or Infantry, and, if found unfit for the Sappers from unsteadiness or other causes, are liable to removal by authority of the Commander-in-Chief to their former Corps, according to the terms of their original enlistment. The power of re-

ducing a Non-Commissioned Officer to the ranks is possessed by the Commander-in-Chief under the 127th Article of War.

Memorials from certain Officers on the subject of the effects which the recent Brevet Promotions for the Punjaub Campaign are likely to have upon their prospects of succeeding to Brigade or Divisional Commands.

18. When in the year 1828 the system of granting Special Brevets, for distinguished services in action with the Enemy, was introduced into our Army, with retrospect to the Storm of Bhurtpore in January 1826, it was distinctly understood that, for all purposes of general Military Command, the rank so conferred must be as efficient as rank attained by regimental rise or by general brevet. We are not aware of any instance in which this rule has been contravened, and we cannot sanction any departure from it.

No. 375 *of* 1850.—The designation of Captain T. R. Tailyour, of Engineers, is altered from "First Assistant" to "Astronomical Assistant" Great Trigonometrical Survey.

No. 376 *of* 1850.—A Committee, composed as follows, will assemble at such time as the President may appoint, for a purpose which will be communicated to him by the Officiating Secretary to the Government of India, Military Department:

President.

Colonel Sir John Cheape, K. C. B., Chief Engineer.

Members.

Major W. Anderson, C. B., Agent for Gun Powder.

Captain F. R. Bazely, Deputy Principal Commissary of Ordnance.

The Proceedings, when closed, are to be forwarded to Government through the Military Board.

No. 377 *of* 1850.—Ensign Henry Alexander Grant, of the 51st Regiment Native Infantry, is permitted to resign the Service of the East India Company, from the 1st instant.

No. 378 *of* 1850.—The Honorable the President of the Council of India in Council is pleased to make the following Promotions:

B., of the 37th Regiment Native Infantry, Deputy Assistant Commissary General, has leave of absence from the 10th June to 10th January 1851, to visit Simla and Calcutta, on Medical Certificate, preparatory to applying for Furlough to Europe on account of his health.

No. 380 *of* 1850.—Bombardier William Thompson, of the 3rd Troop 2nd Brigade Horse Artillery, Acting Assistant Overseer Department of Public Works, having passed the prescribed examination, is permanently appointed to the Department, and placed at the disposal of the Superintendent Grand Trunk Road for employment in the 6th Division of the Road, vice Corporal S. V. Kemp, retained in the Punjaub Circle.

Bombardier Thompson is transferred to the Town Major's List.

No. 381 *of* 1850.—Second Corporal F. Roberts, Assistant Overseer, Department of Public Works, is, at the recommendation of the Military Board, remanded to the Corps of Sappers and Pioneers.

No. 382 *of* 1850.—The undermentioned Non-Commissioned Officer is admitted to Pension, as specified opposite to his name, under the Provisions of Minutes of Council of the 11th January 1797 and General Order dated 5th February 1820, subject to the confirmation of the Hon'ble the Court of Directors:

Quarter Master Serjeant James Heher, of the Calcutta Native Militia, ...	Thirty (30) Rupees per mensem, payable at Calcutta.

Erratum.

No. 384 *of* 1850.—In the Government General Order, No. 81, of the 7th April 1843, admitting certain Native Commissioned, Non-Commissioned Officers and Men of the Sappers and Miners late Broadfoot's Sappers, to the 3rd Class of the "Order of Merit," for "Havildar (now Jemadar) Azeez Khan," read *Jemadar Azeez Khan.* Order Books to be corrected accordingly.

Cautley, Superintendent of Canals, North-Western Provinces, for employment in the 2nd Division Ganges Canal.

Light abreast the Santapillay Rocks.

Madras, Marine Board Office, 1st June 1850.

NOTICE is hereby given, that since the 15th of November last a fixed Light has been exhibited from a Sandy Hill abreast of the Santapillay Rocks, about 150 feet above the level of the Sea. In ordinary weather it is visible from the deck of a Ship about 12 or 13 miles.

Bearings from the Rock.

Santapillay Light House, ...N. 60° W.
Santapillay Village with the highest distant Peak a little open to the North, ...N. 55° W.
Next Sandy Hill to North. .....N. 40° W.

The following information is furnished by Captain Biden, Master Attendant at Madras, who surveyed the Rocks in 1846.

NOTICE TO MARINERS.

SAILING INSTRUCTION as a guide when Ships or Vessels are on the Coast of Orixa, or off the SANTAPILLAY ROCKS.

1. Whereas a recent survey of the SANTAPILLAY ROCKS under the direction of Lieutenant Fell, I. N., and a further inspection thereof by the Master Attendant, on the 6th instant, clearly prove that those Rocks comprise one of the most dangerous shoals in the Indian Seas, and as no well defined land-mark has hitherto been notified for the purpose of indicating their locality, and warning Commanders of Ships and Vessels of their near approach to those Rocks, it is therefore expedient to publish the following remarks for the guidance of all Mariners who may navigate the Coast of Orixa, and the Bay of Bengal.

2. The Santapillay Rocks are in
Latitude 17° 59′ 23″ N.
Longitude 83° 47′ 37″ E.

and are distant from the Coast between 5 and 6 miles. They are about ten feet under water, steep to on all sides, and their extent is not beyond 200 yards in length. When there is but little wind and a smooth sea, this shoal presents no indication by broken or discolored water, as Lieutenant Fell, when in search of it during very fine weather, brought the Surveying Brig "Kristna" to anchor within 100 yards of the Rocks before he could observe the slightest appearance of a shoal. He then proceeded in one of that Vessel's boats over the Rocks, and found 10½ feet on the shoalest part; on the Eastern side 7 and 10 fathoms; and on the Western limit 10½ fathoms rocky bottom.

3. The Master Attendant surveyed the Santapillay Rocks in the H. C.'s Steam Vessel "Hugh Lindsay," on the 6th instant, during fine weather; and with a moderate breeze from S. W. and a ground swell, the breakers were clearly discerned from the mast head at the distance of 6 or 7 miles bearing due South, and Santapillay Peak bearing W. b. N. in 7 fathoms, off shore about 2 miles. The breakers were soon after seen from the deck; and at 11 h. 45 m. A. M. when the Reef, which broke with considerable force, bore from S. 56° E. to S. 57° E. and Santapillay Peak was bearing N. 43° W., the "Hugh Lindsay" was anchored in 9½ fathoms, coarse sand and shells, distant from the reef 2 miles; and from the Coast 3½ miles—Latitude by an indifferent observation 18° 1′ N.

4. Two boats were sent under Captain Crawford to examine the reef, and they carried regular soundings from the Steamer of 9 and 9½ fathoms, until within a quarter of a mile, and in less than 100 yards of the breakers, where they found 10½ and 10½ fathoms rocky bottom. The breakers were too high to admit of the boats crossing over the reef; but Captain Crawford pulled round it, and gave as his opinion that the shoal, which lies N. N. W. and S. S. E. is in circumference about a quarter of a mile, with ten fathoms all round very close to the rocks. From the "Hugh Lindsay" the breakers seemed to extend the length of 200 yards.

5. The inner channel is safe for Ships and Vessels of every class, as soundings of 5 fathoms within a mile of the Coast, and 9½ fathoms within ½ of a mile of the Rocks afford a clear space of nearly four miles in breadth.

6. In fair weather and when the Peak of Santapillay is visible, that lofty and remarkable landmark affords an infallible guide to the true position of the Santapillay Rocks. This Peak is at least 2,000 feet above the level of the Sea, and presents a striking contrast to all the hills in its vicinity. It bears N. 50° W. from the Rocks, and the base of the mountain is not more than 7 or 8 miles from the Coast.

7. But in thick weather when no well defined landmark is discernible, then it becomes absolutely necessary to approach the Coast between Ganjam and Vizagapatam with great care and caution. Change of current, and the absence of all means, by night or day, of obtaining a single observation may, without strict and unremitting attention to soundings, place a Ship or Vessel in imminent peril close to, or upon the Santapillay Rocks, which should not be approached from the Eastward, by day or night, under 17 fathoms.

Master Attendant.

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bonâ fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bonâ fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.

By order of the Central Committee,

Secretary.

Light abreast the Santapillay Rocks.

Madras, Marine Board Office, 1st June 1850.

NOTICE is hereby given, that since the 15th of November last a fixed Light has been exhibited from a Sandy Hill abreast of the Santapillay Rocks, about 150 feet above the level of the Sea. In ordinary weather it is visible from the deck of a Ship about 12 or 13 miles.

Bearings from the Rock.

Santapillay Light House, ...	N. 60° W.
Santapillay Village with the highest distant Peak a little open to the North, ...	N. 55° W.
Next Sandy Hill to North.	N. 40° W.

The following information is furnished by Captain Biden, Master Attendant at Madras, who surveyed the Rocks in 1846.

NOTICE TO MARINERS.

SAILING INSTRUCTION as a guide when Ships or Vessels are on the Coast of Orixa, or off the SANTAPILLAY ROCKS.

1. Whereas a recent survey of the SANTAPILLAY ROCKS under the direction of Lieutenant Fell, I. N., and a further inspection thereof by the Master Attendant, on the 6th instant, clearly prove that those Rocks comprise one of the most dangerous shoals in the Indian Seas, and as no well defined land-mark has hitherto been notified for the purpose of indicating their locality, and warning Commanders of Ships and Vessels of their near approach to those Rocks, it is therefore expedient to publish the following remarks for the guidance of all Mariners who may navigate the Coast of Orixa, and the Bay of Bengal.

2. The Santapillay Rocks are in
Latitude 17° 59′ 25″ N.
Longitude 83° 47′ 37″ E.

and are distant from the Coast between 5 and 6 miles. They are about ten feet under water, steep to on all sides, and their extent is not beyond 200 yards in length. When there is but little wind and a smooth sea, this shoal presents no indication by broken or discolored water, as Lieutenant Fell, when in search of it during very fine weather, brought the Surveying Brig "Kristna" to anchor within 100 yards of the Rocks before he could observe the slightest appearance of a shoal. He then proceeded in one of that Vessel's boats over

the Rocks, and found 10½ feet on the shoalest part; on the Eastern side 7 and 10 fathoms, and on the Western limit 10½ fathoms rocky bottom.

3. The Master Attendant surveyed the Santapillay Rocks in the H. C.'s Steam Vessel "Hugh Lindsay," on the 6th instant, during fine weather; and with a moderate breeze from S. W. and a ground swell, the breakers were clearly discerned from the mast head at the distance of 6 or 7 miles bearing due South, and Santapillay Peak bearing W. b. N. in 7 fathoms, off shore about 2 miles. The breakers were soon after seen from the deck; and at 11 h. 45 m. A. M. when the Reef, which broke with considerable force, bore from S. 56° E. to S. 57° E. and Santapillay Peak was bearing N. 43° W., the "Hugh Lindsay" was anchored in 9½ fathoms, coarse sand and shells, distant from the reef 2 miles; and from the Coast 3½ miles—Latitude by an Indifferent observation 18° 1′ N.

4. Two boats were sent under Captain Crawford to examine the reef, and they carried regular soundings from the Steamer of 9 and 9½ fathoms, until within a quarter of a mile, and in less than 100 yards of the breakers, where they found 10½ and 10½ fathoms rocky bottom. The breakers were too high to admit of the boats crossing over the reef; but Captain Crawford pulled round it, and gave as his opinion that the shoal, which lies N. N. W. and S. S. E. is in circumference about a quarter of a mile, with ten fathoms all round very close to the rocks. From the "Hugh Lindsay" the breakers seemed to extend the length of 200 yards.

5. The inner channel is safe for Ships and Vessels of every class, as soundings of 5 fathoms within a mile of the Coast, and 9½ fathoms within ¼ of a mile of the Rocks afford a clear space of nearly four miles in breadth.

6. In fair weather and when the Peak of Santapillay is visible, that lofty and remarkable landmark affords an infallible guide to the true position of the Santapillay Rocks. This Peak is at least 2,000 feet above the level of the Sea, and presents a striking contrast to all the hills in its vicinity. It bears N. 50° W. from the Rocks, and the base of the mountain is not more than 7 or 8 miles from the Coast.

7. But in thick weather when no well defined landmark is discernible, then it becomes absolutely necessary to approach the Coast between Ganjam and Vizagapatam with great care and caution. Change of current, and the absence of all means, by night or day, of obtaining a single observation may, without strict and unremitting attention to soundings, place a Ship or Vessel in imminent peril close to, or upon the Santapillay Rocks, which should not be approached from the Eastward, by day or night, under 17 fathoms.

Master Attendant.

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bonâ fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bonâ fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners, and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.

By order of the Central Committee,

CECIL BEADON,
Secretary.

SAILING INSTRUCTION as a guide when Ships or Vessels are on the Coast of Orixa, or off the SANTAPILLAY ROCKS.

1. Whereas a recent survey of the SANTAPILLAY ROCKS under the direction of Lieutenant Fell, I. N., and a further inspection thereof by the Master Attendant, on the 6th instant, clearly prove that those Rocks comprise one of the most dangerous shoals in the Indian Seas, and as no well defined land-mark has hitherto been notified for the purpose of indicating their locality, and warning Commanders of Ships and Vessels of their near approach to those Rocks, it is therefore expedient to publish the following remarks for the guidance of all Mariners who may navigate the Coast of Orixa, and the Bay of Bengal.

2. The Santapillay Rocks are in
Latitude 17°·59′ 25″ N.
Longitude 83° 47′ 37″ E.

and are distant from the Coast between 5 and 6 miles. They are about ten feet under water, steep to on all sides, and their extent is not beyond 200 yards in length. When there is but little wind and a smooth sea, this shoal presents no indication by broken or discolored water, as Lieutenant Fell, when in search of it during very fine weather, brought the Surveying Brig "Kristna" to anchor within 100 yards of the Rocks before he could observe the slightest appearance of a shoal. He then proceeded in one of that Vessel's boats over the Rocks, and found 10½ feet on the shoalest part; on the Eastern side 7 and 10 fathoms; and on the Western limit 10½ fathoms rocky bottom.

3. The Master Attendant surveyed the Santapillay Rocks in the H. C.'s Steam Vessel "Hugh Lindsay," on the 6th instant, during fine weather; and with a moderate breeze from S. W. and a ground swell, the breakers were clearly discerned from the mast head at the distance of 6 or 7 miles bearing due South, and Santapillay Peak bearing W. b. N. in 7 fathoms, off shore about 2 miles. The breakers were soon after seen from the deck; and at 11 h. 45 m. A. M. when the Reef, which broke with considerable force, bore from S. 56° E. to S. 57° E. and Santapillay Peak was bearing N. 43° W., the "Hugh Lindsay" was anchored in 9½ fathoms, coarse sand and shells, distant from the reef 2 miles; and from the Coast 3½ miles—Latitude by an indifferent observation 18° 1′ N.

4. Two boats were sent under Captain Crawford to examine the reef, and they carried regular soundings from the Steamer of 9 and 9½ fathoms, until within a quarter of a mile, and in less than 100 yards of the breakers, where they found 10¼ and 10½ fathoms rocky bottom. The breakers were too high to admit of the boats crossing over the reef; but Captain Crawford pulled round it, and gave as his opinion that the shoal, which lies N. N. W. and S. S. E. is in circumference about a quarter of a mile, with ten fathoms all round very close to the rocks. From the "Hugh Lindsay" the breakers seemed to extend the length of 200 yards.

5. The inner channel is safe for Ships and Vessels of every class, as soundings of 5 fathoms within a mile of the Coast, and 9½ fathoms within ¼ of a mile of the Rocks afford a clear space of nearly four miles in breadth.

6. In fair weather and when the Peak of Santapillay is visible, that lofty and remarkable landmark affords an infallible guide to the true position of the Santapillay Rocks. This Peak is at least 2,000 feet above the level of the Sea, and presents a striking contrast to all the hills in its vicinity. It bears N. 50° W. from the Rocks, and the base of the mountain is not more than 7 or 8 miles from the Coast.

7. But in thick weather when no well defined landmark is discernible, then it becomes absolutely necessary to approach the Coast between Ganjam and Vizagapatam with great care and caution. Change of current, and the absence of all means, by night or day, of obtaining a single observation may, without strict and unremitting attention to soundings, place a Ship or Vessel in imminent peril close to, or upon the Santapillay Rocks, which should not be approached from the Eastward, by day or night, under 17 fathoms.

(Signed) CHRIS. BIDEN,
Master Attendant.

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bonâ fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bonâ fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.

By order of the Central Committee,

CECIL BEADON,
Secretary.

Light abreast the Santapillay Rocks.

Madras, Marine Board Office, 1st June 1850.

NOTICE is hereby given, that since the 15th of November last a fixed Light has been exhibited from a Sandy Hill abreast of the Santapillay Rocks, about 150 feet above the level of the Sea. In ordinary weather it is visible from the deck of a Ship about 12 or 13 miles.

Bearings from the Rock.

Santapillay Light House, ...	N. 60° W.
Santapillay Village with the highest distant Peak a little open to the North, ...	N. 55° W.
Next Sandy Hill to North.	N. 40° W.

The following information is furnished by Captain Biden, Master Attendant at Madras, who surveyed the Rocks in 1846.

NOTICE TO MARINERS.

SAILING INSTRUCTION as a guide when Ships or Vessels are on the Coast of Orixa, or off the, SANTAPILLAY ROCKS.

1. Whereas a recent survey of the SANTAPILLAY ROCKS under the direction of Lieutenant Fell, I. N., and a further inspection thereof by the Master Attendant, on the 6th instant, clearly prove that those Rocks comprise one of the most dangerous shoals in the Indian Seas, and as no well defined land-mark has hitherto been notified for the purpose of indicating their locality, and warning Commanders of Ships and Vessels of their near approach to those Rocks, it is therefore expedient to publish the following remarks for the guidance of all Mariners who may navigate the Coast of Orixa, and the Bay of Bengal.

2. The Santapillay Rocks are in
Latitude 17° 59′ 25″ N.
Longitude 83° 47′ 37″ E.
and are distant from the Coast between 5 and 6 miles. They are about ten feet under water, steep to on all sides, and their extent is not beyond 200 yards in length. When there is but little wind and a smooth sea, this shoal presents no indication by broken or discolored water, as Lieutenant Fell, when in search of it during very fine weather, brought the Surveying Brig "Kristna" to anchor within 100 yards of the Rocks before he could observe the slightest appearance of a shoal. He then proceeded in one of that Vessel's boats over the Rocks, and found 10½ feet on the shoalest part; on the Eastern side 7 and 10 fathoms; and on the Western limit 10½ fathoms rocky bottom.

3. The Master Attendant surveyed the Santapillay Rocks in the H. C.'s Steam Vessel "Hugh Lindsay," on the 6th instant, during fine weather; and with a moderate breeze from S. W. and a ground swell, the breakers were clearly discerned from the mast head at the distance of 6 or 7 miles bearing due South, and Santapillay Peak bearing W. b. N. in 7 fathoms, off shore about 2 miles. The breakers were soon after seen from the deck; and at 11 h. 45 m. A. M. when the Reef, which broke with considerable force, bore from S. 56° E. to S. 57° E. and Santapillay Peak was bearing N. 43° W., the "Hugh Lindsay" was anchored in 9½ fathoms, coarse sand and shells, distant from the reef 2 miles; and from the Coast 3½ miles—Latitude by an indifferent observation 18° 1′ N.

4. Two boats were sent under Captain Crawford to examine the reef, and they carried regular soundings from the Steamer of 9 and 9¼ fathoms, until within a quarter of a mile, and in less than 100 yards of the breakers, where they found 10¼ and 10½ fathoms rocky bottom. The breakers were too high to admit of the boats crossing over the reef; but Captain Crawford pulled round it, and gave as his opinion that the shoal, which lies N. N. W. and S. S. E. is in circumference about a quarter of a mile, with ten fathoms all round very close to the rocks. From the "Hugh Lindsay" the breakers seemed to extend the length of 200 yards.

5. The inner channel is safe for Ships and Vessels of every class, as soundings of 5 fathoms within a mile of the Coast, and 9¼ fathoms within ¼ of a mile of the Rocks afford a clear space of nearly four miles in breadth.

6. In fair weather and when the Peak of Santapillay is visible, that lofty and remarkable landmark affords an infallible guide to the true position of the Santapillay Rocks. This Peak is at least 2,000 feet above the level of the Sea, and presents a striking contrast to all the hills in its vicinity. It bears N. 50° W. from the Rocks, and the base of the mountain is not more than 7 or 8 miles from the Coast.

7. But in thick weather when no well defined landmark is discernible, then it becomes absolutely necessary to approach the Coast between Ganjam and Vizagapatam with great care and caution. Change of current, and the absence of all means, by night or day, of obtaining a single observation may, without strict and unremitting attention to soundings, place a Ship or Vessel in imminent peril close to, or upon the Santapillay Rocks, which should not be approached from the Eastward, by day or night, under 17 fathoms.

Master Attendant.

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bonâ fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bonâ fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.

By order of the Central Committee,

CECIL BEADON,
Secretary.

Calcutta, the 7th June, 1850.

Registry of Merchant Seamen.

COMMANDERS of Vessels are reminded, that Act XXVII. of 1850, of the Supreme Government of India, comes into operation on the 1st Proximo, after which date no Vessel is to be permitted to quit the Port without conforming to its several provisions. MARINE COURT.

At a Court assembled on Thursday, the Fourth day of July, One Thousand Eight Hundred and Fifty, under Act No. XXIV. of 1845, *Mr. Acting Branch Pilot William Jackson was tried on the following*

CHARGE.—For evading his duty and unnecessarily obtaining and sending in a Medical Certificate on the 30th of May 1850, when ordered in his turn by the Master Attendant to take Pilotage charge of the American Ship "Pharsalia," whereby a duty and responsibility properly belonging to Mr. Jackson were thrown upon another Officer, such conduct being calculated to delay ships ready for sea, prejudicial to the interests of the Public Service, and disgraceful in him, Mr. Jackson, as an Officer of Government.

By Order of the Superintendent of Marine,

(Signed) JAMES SUTHERLAND,
Secretary.

Fort William,
The 21st June, 1850.

FINDING.—The Court having maturely weighed and considered the evidence brought forward in support of the prosecution, together with that adduced on the defence, are of opinion that the Defendant Mr. Acting Branch Pilot William Jackson is

Not Guilty of the Charge preferred against him, and do accordingly most fully acquit him, the said Mr. Acting Branch Pilot William Jackson, of all and every part of the same.

(Signed) HENRY PIDDINGTON,
President.

(Signed) H. HOWE,
Judge Advocate.

Fort William,
Master Attendant's Office,
The 6th July, 1850.

REMARKS BY THE COURT.

The Court in fully acquitting Mr. Acting Branch Pilot Jackson, of the present charge, deem it fit and proper in the full execution of their duty, respectfully to bring to the notice of Government, that it may be expedient, for the due protection of life and property to consider whether persons, who like Mr. Jackson are liable to fits of sudden and incapacitating disease, can with propriety be kept on the list of active and serviceable Officers?

And further considering the nature of the statements made by Captain Thomas in his letter to the Superintendent of Marine, the Court would respectfully recommend that some rule be made that would prevent the alleged practice, either by taking from the party who sends in a sick certificate after the receipt of an order, some privilege, or by any other mode that may be deemed requisite, say the party to be deprived of the advantage of all applications for fifteen days.

(Signed) H. PIDDINGTON,
President.

Fort William,
Master Attendant's Office,
The 6th July, 1850.

2. The proceedings having been submitted to Government, His Honor the Deputy Governor of Bengal has been pleased to communicate his decision on the case as follows:—

No. 420.

From the Secretary to the Government of Bengal,

To the Superintendent of Marine.

Dated Fort William, the 29th July 1850.

SIR,—The Deputy Governor of Bengal having had before him your letter, dated the 10th instant, submitting the Proceedings of the Marine Court on the trial of Mr. Acting Branch Pilot Jackson, has been pleased to approve of the finding of the Court.

2nd. At the same time His Honor directs me to say that he fully agrees with you in thinking that under the circumstances attending the submission of Mr. Jackson's Medical Certificate, the Master Attendant had good reason to suspect that Mr. Jackson was not really incapacitated from duty.

3rd. With respect to the remark appended by the Court of their finding, suggesting with a view to the security of life and property, the expediency of considering whether persons, who like Mr. Jackson, are subject to fits of sudden and incapacitating disease, can with propriety be kept on the list of active and serviceable Officers, the Deputy Governor observes from the 3rd paragraph of your letter that you propose to take the usual steps for ascertaining Mr. Jackson's fitness or unfitness for active service by reason of the state of his health.

4th. With reference to the recommendation of the Court that some rule should be made to prevent the submission of Medical Certificates by a Pilot, immediately on being ordered upon active duty not of a favorite nature, which His Honor understands to be the growing practice complained of, I am directed to say that if the Master Attendant and yourself think any general rule with that object necessary, His Honor will be prepared to take any recommendation you may make on the subject, into consideration.

5th. The Deputy Governor is of opinion that as the Marine Surgeon is appointed by Government to be the Medical Officer of the Marine Department, no Medical Certificate should be accepted from any person belonging to that Department, when in Calcutta, excepting a certificate under the signature and personal responsibility of the Marine Surgeon. And whether the Marine Surgeon or any other Medical Gentleman be the usual Medical Attendant of the patient, the Marine Surgeon before sending in his certificate, must make himself acquainted with the nature of the complaint.

I have, &c.

(Signed) J. P. GRANT,
Secy. to the Govt. of Bengal.

3. In conformity with the above decision the Master Attendant has been desired to release Mr. Acting Branch Pilot William Jackson from arrest, and with reference to the remarks of the Court, to take steps to bring him before the Marine Medical Committee for a report on his case.

By order of the Superintendent of Marine,

JAS. SUTHERLAND,
Secretary.

Light abreast the Santapillay Rocks.

Madras, Marine Board Office, 1st June 1850.

NOTICE is hereby given, that since the 15th of November last a fixed Light has been exhibited from a Sandy Hill abreast of the Santapillay Rocks, about 150 feet above the level of the Sea. In ordinary weather it is visible from the deck of a Ship about 12 or 13 miles.

Bearings from the Rock.

Santapillay Light House, ...	N. 60° W.
Santapillay Village with the highest distant Peak a little open to the North, ...	N. 55° W.
Next Sandy Hill to North.	N. 40° W.

The following information is furnished by Captain Biden, Master Attendant at Madras, who surveyed the Rocks in 1846.

NOTICE TO MARINERS.

SAILING INSTRUCTION as a guide when Ships or Vessels are on the Coast of Orixa, or off the SANTAPILLAY ROCKS.

1. Whereas a recent survey of the SANTAPILLAY ROCKS under the direction of Lieutenant Fell, I. N., and a further inspection thereof by the Master Attendant, on the 6th instant, clearly prove that those Rocks comprise one of the most dangerous shoals in the Indian Seas, and as no well defined land-mark has hitherto been notified for the purpose of indicating their locality, and warning Commanders of Ships and Vessels of their near approach to those Rocks, it is therefore expedient to publish the following remarks for the guidance of all Mariners who may navigate the Coast of Orixa, and the Bay of Bengal.

2. The Santapillay Rocks are in
Latitude 17° 59′ 25″ N.
Longitude 83° 47′ 37″ E.
and are distant from the Coast between 5 and 6 miles. They are about ten feet under water, steep to on all sides, and their extent is not beyond 200 yards in length. When there is but little wind and a smooth sea, this shoal presents no indication by broken or discolored water, as Lieutenant Fell, when in search of it during very fine weather, brought the Surveying Brig "Kristna" to anchor within 100 yards of the Rocks before he could observe the slightest appearance of a shoal. He then proceeded in one of that Vessel's boats over the Rocks, and found 10½ feet on the shoalest part; on the Eastern side 7 and 10 fathoms, and on the Western limit 10½ fathoms rocky bottom.

3. The Master Attendant surveyed the Santapillay Rocks in the H. C.'s Steam Vessel "Hugh Lindsay," on the 6th instant, during fine weather; and with a moderate breeze from S. W. and a ground swell, the breakers were clearly discerned from the mast head at the distance of 6 or 7 miles bearing due South, and Santapillay Peak bearing W. b. N. in 7 fathoms, off shore about 2 miles. The breakers were soon after seen from the deck; and at 11 h. 45 m. A. M. when the Reef, which broke with considerable force, bore from S. 56° E. to S. 57° E. and Santapillay Peak was bearing N. 43° W., the "Hugh Lindsay" was anchored in 9½ fathoms, coarse sand and shells, distant from the reef 2 miles; and from the Coast 3½ miles—Latitude by an indifferent observation 18° 1′ N.

4. Two boats were sent under Captain Crawford to examine the reef, and they carried regular soundings from the Steamer of 9 and 9½ fathoms, until within a quarter of a mile, and in less than 100 yards of the breakers, where they found 10½ and 10½ fathoms rocky bottom. The breakers were too high to admit of the boats crossing over the reef; but Captain Crawford pulled round it, and gave as his opinion that the shoal, which lies N. N. W. and S. S. E. is in circumference about a quarter of a mile, with ten fathoms all round very close to the rocks. From the "Hugh Lindsay" the breakers seemed to extend the length of 200 yards.

5. The inner channel is safe for Ships and Vessels of every class, as soundings of 5 fathoms within a mile of the Coast, and 9½ fathoms within ¼ of a mile of the Rocks afford a clear space of nearly four miles in breadth.

6. In fair weather and when the Peak of Santapillay is visible, that lofty and remarkable landmark affords an infallible guide to the true position of the Santapillay Rocks. This Peak is at least 2,000 feet above the level of the Sea, and presents a striking contrast to all the hills in its vicinity. It bears N. 50° W. from the Rocks, and the base of the mountain is not more than 7 or 8 miles from the Coast.

7. But in thick weather when no well defined landmark is discernible, then it becomes absolutely necessary to approach the Coast between Ganjam and Vizagapatam with great care and caution. Change of current, and the absence of all means, by night or day, of obtaining a single observation may, without strict and unremitting attention to soundings, place a Ship or Vessel in imminent peril close to, or upon the Santapillay Rocks, which should not be approached from the Eastward, by day or night, under 17 fathoms.

Master Attendant.

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bonâ fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bonâ fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, nor by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.

By order of the Central Committee,

CECIL BEADON,
Secretary.

Light abreast the Santapillay Rocks.

Madras, Marine Board Office, 1st June 1850.

NOTICE is hereby given, that since the 15th of November last a fixed Light has been exhibited from a Sandy Hill abreast of the Santapillay Rocks, about 150 feet above the level of the Sea. In ordinary weather it is visible from the deck of a Ship about 12 or 13 miles.

Bearings from the Rock.

Santapillay Light House, ...	N. 60° W.
Santapillay Village with the highest distant Peak a little open to the North, ...	N. 55° W.
Next Sandy Hill to North.	N. 40° W.

The following information is furnished by Captain Biden, Master Attendant at Madras, who surveyed the Rocks in 1846.

NOTICE TO MARINERS.

SAILING INSTRUCTION as a guide when Ships or Vessels are on the Coast of Orixa, or off the SANTAPILLAY ROCKS.

1. Whereas a recent survey of the SANTAPILLAY ROCKS under the direction of Lieutenant Fell, I. N., and a further inspection thereof by the Master Attendant, on the 6th instant, clearly prove that those Rocks comprise one of the most dangerous shoals in the Indian Seas, and as no well defined land-mark has hitherto been notified for the purpose of indicating their locality, and warning Commanders of Ships and Vessels of their near approach to those Rocks, it is therefore expedient to publish the following remarks for the guidance of all Mariners who may navigate the Coast of Orixa, and the Bay of Bengal.

2. The Santapillay Rocks are in
Latitude 17° 59′ 25″ N.
Longitude 83° 47′ 37″ E.

and are distant from the Coast between 5 and 6 miles. They are about ten feet under water, steep to on all sides, and their extent is not beyond 200 yards in length. When there is but little wind and a smooth sea, this shoal presents no indication by broken or discolored water, as Lieutenant Fell, when in search of it during very fine weather, brought the Surveying Brig "Kristna" to anchor within 100 yards of the Rocks before he could observe the slightest appearance of a shoal. He then proceeded in one of that Vessel's boats over the Rocks, and found 10½ feet on the shoalest part; on the Eastern side 7 and 10 fathoms; and on the Western limit 10½ fathoms rocky bottom.

3. The Master Attendant surveyed the Santapillay Rocks in the H. C.'s Steam Vessel "Hugh Lindsay," on the 6th instant, during fine weather; and with a moderate breeze from S. W. and a ground swell, the breakers were clearly discerned from the mast head at the distance of 6 or 7 miles bearing due South, and Santapillay Peak bearing W. b. N. in 7 fathoms, off shore about 2 miles. The breakers were soon after seen from the deck; and at 11 h. 45 m. A. M. when the Reef, which broke with considerable force, bore from S. 56° E. to S. 57° E. and Santapillay Peak was bearing N. 43° W., the "Hugh Lindsay" was anchored in 9½ fathoms, coarse sand and shells, distant from the reef 2 miles; and from the Coast 3½ miles—Latitude by an indifferent observation 18° 1′ N.

4. Two boats were sent under Captain Crawford to examine the reef, and they carried regular soundings from the Steamer of 9 and 9½ fathoms, until within a quarter of a mile, and in less than 100 yards of the breakers, where they found 10½ and 10½ fathoms rocky bottom. The breakers were too high to admit of the boats crossing over the reef; but Captain Crawford pulled round it, and gave as his opinion that the shoal, which lies N. N. W. and S. S. E. is in circumference about a quarter of a mile, with ten fathoms all round very close to the rocks. From the "Hugh Lindsay" the breakers seemed to extend the length of 200 yards.

5. The inner channel is safe for Ships and Vessels of every class, as soundings of 5 fathoms within a mile of the Coast, and 9½ fathoms within ¼ of a mile of the Rocks afford a clear space of nearly four miles in breadth.

6. In fair weather and when the Peak of Santapillay is visible, that lofty and remarkable landmark affords an infallible guide to the true position of the Santapillay Rocks. This Peak is at least 2,000 feet above the level of the Sea, and presents a striking contrast to all the hills in its vicinity. It bears N. 50° W. from the Rocks, and the base of the mountain is not more than 7 or 8 miles from the Coast.

7. But in thick weather when no well defined landmark is discernible, then it becomes absolutely necessary to approach the Coast between Ganjam and Vizagapatam with great care and caution. Change of current, and the absence of all means, by night or day, of obtaining a single observation may, without strict and unremitting attention to soundings, place a Ship or Vessel in imminent peril close to, or upon the Santapillay Rocks, which should not be approached from the Eastward, by day or night, under 17 fathoms.

Master Attendant.

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bond fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bond fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.

By order of the Central Committee,

Secretary.

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bonâ fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bonâ fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.

By order of the Central Committee,

CECIL BEADON,
Secretary.

Light abreast the Santapillay Rocks.

Madras, Marine Board Office, 1st June 1850.

NOTICE is hereby given, that since the 15th of November last a fixed Light has been exhibited from a Sandy Hill abreast of the Santapillay Rocks, about 150 feet above the level of the Sea. In ordinary weather it is visible from the deck of a Ship about 12 or 13 miles.

Bearings from the Rock.

Santapillay Light House, ...	N. 60° W.
Santapillay Village with the highest distant Peak a little open to the North, ...	N. 55° W.
Next Sandy Hill to North.	N. 40° W.

The following information is furnished by Captain Biden, Master Attendant at Madras, who surveyed the Rocks in 1846.

NOTICE TO MARINERS.

SAILING INSTRUCTION as a guide when Ships or Vessels are on the Coast of Orixa, or off the SANTAPILLAY ROCKS.

1. Whereas a recent survey of the SANTAPILLAY ROCKS under the direction of Lieutenant Fell, I. N., and a further inspection thereof by the Master Attendant, on the 6th instant, clearly prove that those Rocks comprise one of the most dangerous shoals in the Indian Seas, and as no well defined land-mark has hitherto been notified for the purpose of indicating their locality, and warning Commanders of Ships and Vessels of their near approach to those Rocks, it is therefore expedient to publish the following remarks for the guidance of all Mariners who may navigate the Coast of Orixa, and the Bay of Bengal.

2. The Santapillay Rocks are in
Latitude 17° 59′ 25″ N.
Longitude 83° 47′ 37″ E.
and are distant from the Coast between 5 and 6 miles. They are about ten feet under water, steep to on all sides, and their extent is not beyond 200 yards in length. When there is but little wind and a smooth sea, this shoal presents no indication by broken or discolored water, as Lieutenant Fell, when in search of it during very fine weather, brought the Surveying Brig "Kristna" to anchor within 100 yards of the Rocks before he could observe the slightest appearance of a shoal. He then proceeded in one of that Vessel's boats over the Rocks, and found 10½ feet on the shoalest part; on the Eastern side 7 and 10 fathoms; and on the Western limit 10½ fathoms rocky bottom.

3. The Master Attendant surveyed the Santapillay Rocks in the H. C.'s Steam Vessel "Hugh Lindsay," on the 6th instant, during fine weather; and with a moderate breeze from S. W. and a ground swell, the breakers were clearly discerned from the mast head at the distance of 6 or 7 miles bearing due South, and Santapillay Peak bearing W. b. N. in 7 fathoms, off shore about 2 miles. The breakers were soon after seen from the deck; and at 11 h. 45 m. A. M. when the Reef, which broke with considerable force, bore from S. 56° E. to S. 57° E. and Santapillay Peak was bearing N. 43° W., the "Hugh Lindsay" was anchored in 9½ fathoms, coarse sand and shells, distant from the reef 2 miles; and from the Coast 3½ miles—Latitude by an indifferent observation 18° 1′ N.

4. Two boats were sent under Captain Crawford to examine the reef, and they carried regular soundings from the Steamer of 9 and 9½ fathoms, until within a quarter of a mile, and in less than 100 yards of the breakers, where they found 10½ and 10½ fathoms rocky bottom. The breakers were too high to admit of the boats crossing over the reef; but Captain Crawford pulled round it, and gave as his opinion that the shoal, which lies N. N. W. and S. S. E. is in circumference about a quarter of a mile, with ten fathoms all round very close to the rocks. From the "Hugh Lindsay" the breakers seemed to extend the length of 200 yards.

5. The inner channel is safe for Ships and Vessels of every class, as soundings of 5 fathoms within a mile of the Coast, and 9½ fathoms within ¼ of a mile of the Rocks afford a clear space of nearly four miles in breadth.

6. In fair weather and when the Peak of Santapillay is visible, that lofty and remarkable landmark affords an infallible guide to the true position of the Santapillay Rocks. This Peak is at least 2,000 feet above the level of the Sea, and presents a striking contrast to all the hills in its vicinity. It bears N. 50° W. from the Rocks, and the base of the mountain is not more than 7 or 8 miles from the Coast.

7. But in thick weather when no well defined landmark is discernible, then it becomes absolutely necessary to approach the Coast between Ganjam and Vizagapatam with great care and caution. Change of current, and the absence of all means, by night or day, of obtaining a single observation may, without strict and unremitting attention to soundings, place a Ship or Vessel in imminent peril close to, or upon the Santapillay Rocks, which should not be approached from the Eastward, by day or night, under 17 fathoms.

Master Attendant.

BENGAL CIVIL FUND.

At a Half Yearly General Meeting of Subscribers to the Bengal Civil Fund, held at the Town Hall on Wednesday, the 31st July, 1850.

PRESENT.

Messrs. W. Dampier, W. B. Jackson, J. J. Harvey, E. Currie, R. Walker, F. J. Halliday, J. R. Colvin, A. J. M. Mills, H. T. Raikes, J. P. Grant, B. J. Colvin, J. S. Torrens, W. H. A. J. M. MILLS, ESQ., in the Chair.

Read the requisition convening the Meeting and the following report, with statement of accounts, submitted by the Managers.

"The Managers beg to lay before the Meeting an abstract of their proceedings in the last 6 months.

"They have to recommend to the Meeting the admission to the benefits of the Fund, under "the old rules of Mrs. Anna Raikes, widow of Mr. Arthur Raikes, who died at sea on the 8th June, "1849. After the usual enquiry they have satisfied themselves that she has been left without "private property sufficient to yield £100 per annum, and is therefore entitled to the full allowance.

"The Managers submit to the Meeting the application of Mr. H. S. Oldfield to be re-admitted "as a Subscriber to the Fund, the consideration of which was deferred at the last General Meeting. "and printed copies of the correspondence circulated for the information of Subscribers as then "resolved on.

"The accounts of the Fund for the past year showing "a balance on the 30th April 1850 of Company's Rupees "19,03,705-3-8 are submitted for approval. This balance "includes subscriptions realized in February, March and "April last, under the new rules, amounting to Rupees "90,263-11-11.* The collections under the old rules for each "quarter average Rupees 42,884-0-8.

* Ordinary, at 2½ per cent.	53,862	15	8
Additional, at 2 per cent. and for children, ...	36,400	12	3
	90,263	11	11

"The business of the Fund having increased in consequence of the new rules, the Managers "authorized the Honorary Secretary on the 5th February last, to entertain an additional writer in "his office on a monthly salary not exceeding eighty-nine Rupees,—that sum being the difference "between the previous expenditure and the allowance granted by the Subscribers at their General "Meeting of 30th July, 1838, viz. Rupees 330 per mensem.

"The proceedings of the General Meeting of the 31st January, 1850, with a list of those who "voted on the Resolutions respecting the provisional operation of the revised rules from the 1st "January last, have been printed and circulated. The Report of the Committee of the 30th March "prepared agreeably to resolutions passed at the Meeting of 12th October, 1849, suggesting certain "further alterations in the rules, was received by the Managers in April, and then circulated to the "Subscribers. The notice, dated the 7th May, convening this Meeting intimated that it would be "held special for the consideration of the above report.

"In the meantime the Government and the Hon'ble Court of Directors have been furnished "with copies of the Committee's reports; and information duly submitted to them of the proceed-"ings of Subscribers respecting the revisions of the Fund Rules, accompanied by an application "from the Managers that the same rate of interest may be allowed on the additional subscriptions, "as on the subscriptions under the former rules.

"The returns called for from the Subscribers, in order to furnish data for an Actuary to report "fully on the revisions and calculations by the Committee, having for the most part been received, "have been forwarded with the necessary instructions to the Agents in London who have been "directed to engage for the purpose the services of Mr. Griffith Davies, the same Actuary who was "employed in reporting on the revisions of the rules of the Bombay Fund.

"No objections have been received from any Subscriber to the payment of the additional rates "except from one who has memorialized the Government on the subject, remonstrating against "being obliged to continue as a Subscriber to the Fund under the revised rules. The Managers "have reported to Government on the memorial, giving their opinion that the new rules having "been passed by a majority of the Subscribers, the Memorialist was bound by the terms of his "covenant to conform to them.

"In carrying out the provisions of the new rules, the Managers have had to call for the pay-"ment of fines from eight Members, incurred under Article VI., owing to their having failed to give "the information therein prescribed. Applications were forwarded by some of these Gentlemen "urging that they were not properly liable to the penalty and seeking to be exempted from it; but "the Managers conceived they had no option in the matter, and that the proper course for those "who were dissatisfied, was to apply to the Subscribers at large. A Circular has been lately issued "by the Managers' direction, calling the particular attention of all Subscribers to this rule.

"After the above was written, a joint appeal by two Members, Messrs. R. M. Skinner and "E. H. Lushington against the enforcement of the fine has been received, and is laid on the "Table."

The Chairman then called the attention of the Meeting to the correspondence respecting the application of Mr. H. S. Oldfield to be readmitted as a Subscriber to the Fund, and after some discussion as to whether it had been fully understood by the Subscribers that the application was to be finally disposed of at the present Meeting, it was eventually proposed by Mr. Welby Jackson and seconded by Mr. Setonkarr, that the application be rejected.

An amendment to this proposition was moved by Mr. J. S. Torrens and seconded by Mr. H. T. Raikes, that with reference to the rules now in force, the Managers be requested to circulate vote papers to the Subscribers at large to determine the question of Mr. Oldfield's readmission on the terms proposed by that Gentleman. The business of the General Meeting being concluded, the Meeting resolved itself into a Special Meeting, for the consideration of the rules of the Fund, as proposed in the report of the Committee circulated to Subscribers in April last. Mr. C. Beadon, a Member of the Committee and a Manager of the Fund, requested permission to read a memorandum which he had prepared on the state of the accounts under the operation of the new rules, and on his concluding, it was resolved unanimously that the same be printed* for the general information of Subscribers. It was then proposed that the whole of the rules of the Fund as revised by the Committee should be read to the Meeting in order that they should be separately voted on, which mode of proceeding having been agreed to, Articles I. to VII. as numbered in the report, and entered in the copy now under circulation to Subscribers, were passed unanimously.

* Vide Appendix circulated to Subscribers.

On perusal of Article VIII., letters from Messrs. A. C. Heyland and H. Atherton, objecting to minimum payment of Rupees 25,000 by retiring Subscribers in order to secure to their families the benefits of the rules, and suggesting diminished rates of allowances proportionate to payments actu-

ally made, were laid before the Meeting, when Mr. C. Beadon, on part of the Committee, proposed that Clause 2nd of the Rule should be revised as follows, by which means it would be made to meet the wishes of the Subscribers abovementioned.

"*Clause 2nd.* But Subscribers hereafter so retiring from the Service may at their option, by making up the amount of their Subscriptions with interest, either to Rupees 12,500 or Rupees 6,250, and by continuing, or compounding for, their contributions at the same rates on their annuities as those levied from Subscribers in the Service on their allowances, secure to their families, on the same conditions as above, in the former case one half, and in the latter one quarter of the amount of pensions and other allowances granted to the family of a Subscriber dying in the Service, or of an annuitant who has made up on retirement the full amount of Rupees 25,000."

The question of the revision of the Rule was then put and carried unanimously, the first Clause remaining as before.

Articles IX. to XVII. were then read and adopted unanimously by the Meeting.

On the proposition that Article XVIII. should be adopted, Mr. J. R. Colvin proposed as an amendment that the following provisions should be introduced, "but the determination of the Meeting and the question therent submitted shall be referred to the Subscribers at large for general adoption or rejection of such determination or for a final vote for or against the question."

The amendment thus put, the votes were

The Rules had been considered to this number when Mr. Beadon stated to the Meeting that the proxies had not been taken into account, on which after some discussion it was moved by him seconded by Mr. J. P. Grant, "that it be a direction to the Chairman to record the previous votes of all proxies, delivered to the Secretary before the commencement of the proceedings, according to the direction of the holders of such proxies."

* Rule XI in former report.

The voting on Rule XX.* was postponed until the remaining Rules should be first disposed of.

Articles XXI. to XXVIII. were then put and carried unanimously.

On Article XXIX. it was proposed as an amendment, and carried unanimously, that the words "in England or Rs. 300 a month in India" should be added in conclusion of the rule as given in the report of the Committee.

On Rule XXX. being read it was proposed as an amendment that the following words be omitted: "But the grant of such donation shall be contingent on the state of the Fund to be determined in the first instance, and after each quinquennial adjustment, by the Resolution of a General Meeting." Amendment carried unanimously.

Article XXXI was carried unanimously.

On Article XXXII. it was proposed that the Rule should be amended as follows: "but if the father of a posthumous child having other children did not contribute the extra payment prescribed by Article V. for the youngest child living at the time of his death, the posthumous child shall not be entitled to derive any support from the Fund." The votes on this amendment were—

Article XXXIII carried unanimously.

On Article XXXIV. it was proposed as an amendment by Mr. Grey, and carried unanimously, that the following addition be made: "No advances made under this or the preceding Rule shall be liable to be recovered on the death, marriage, or coming of age, of any incumbent on the Fund."

A further amendment was then proposed on the same by Mr. J. P. Grant, and carried unanimously, that the word "quarterly" be substituted for ¼ yearly in the above Rules.

Mr. Mills having been obliged to leave the Chair, it was voted nem. con. that it should be taken by Mr. Welby Jackson, and the thanks of the Meeting given to Mr. Mills.

Article XXXV. was then read, and it was proposed as an amendment that a similar alteration should be made as on the preceding Articles, the word "quarterly" being substituted for "¼ yearly," the 1st January, 1st April, 1st July, and 1st October inserted instead of the present periods, carried unanimously.

Articles XXXVI. and XXXVII. were then put and carried unanimously.

On Article XXXVIII. being read it was proposed by Mr. Beadon on the part of the Committee, that the following new rule should be substituted.

"If any Subscriber absent from India either on furlough or otherwise, shall omit to pay his subscription for the period of one entire year, his family shall not in the event of his death during his absence, have any claim upon the Fund. It shall be the duty of the Managers to cause a written communication to this effect to be made to every Subscriber so discontinuing his subscription, and it shall be competent to a General Meeting to admit to the benefits of the fund the Family of any such defaulting Subscriber, on good and sufficient cause being shewn for the omission and on payment of all arrears with interest at 8 per cent. On the return to India of a Subscriber who has failed during his absence to pay the full amount of his subscription, his allowances will be subject to the same rate of deduction as those of other Subscribers, and on all arrears of subscription being made good, with interest at 8 per cent. his family will be entitled, in the event of his death, to the full benefits of the Fund."

Carried unanimously.

Articles XXXIX to XLIII. were then put and carried unanimously.

On Articles XLIV. being read it was proposed on the part of the Committee that the words "or quinquennially" and "apparent" should be omitted, which was carried unanimously, the Rule to stand as given in the Appendix accompanying copies of this report now under circulation to Subscribers.

Article XLV., as now numbered by the Committee on the proposition in their last Report to omit the former Rule bearing the same number, was read and passed unanimously.

Article XLV. of the provisional Rules as numbered in the printed Report of the same passed at the General Meeting of the 12th October 1849, and as quoted in the margin,* having been read, Mr. Beadon proposed "that it be *not* adopted," which was carried, and the Rule is accordingly omitted in copy of the Rules now under circulation for approval of Subscribers.

* All cases and questions not expressly provided for by these Rules, shall be submitted by the Managers, for the votes of the Subscribers at large, whose decisions thereon shall be final.

The Chairman now referred the Meeting to Article XX.,* the consideration of which had been postponed, when Mr. Beadon proposed an amendment that after the word "*Fund*" at the conclusion of the Article, as it now stands in the Report of the Committee, the following words should be added."

* Article XXI. of former Report.

"It shall be the duty of the Chairman of every General Meeting after taking the votes of those present on each question to call for the votes of proxies on the same question, the Chairman shall examine the proxies to see if they are in the prescribed form and if not shall reject them."

Amendment agreed to nem. con.

After consideration of all the Rules as above, it was resolved unanimously that they should be printed and circulated, and that the Managers should also circulate vote papers to all Subscribers under Article XVIII. for the confirmation of the proceedings of the Meeting and the final adoption of the Rules as now revised.

It was then proposed that the thanks of the Meeting on the part of the Subscribers be voted to the late Committee for the abilities and exertions bestowed by them in the preparation of the new Rules. Agreed nem. con.

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bonâ fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bonâ fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the

expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.

By order of the Central Committee,

CECIL BEADON,
Secretary.

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bond fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bond fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.

By order of the Central Committee,

CECIL BEADON,
Secretary.

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bonâ fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bonâ fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.

By order of the Central Committee,

CECIL BEADON,
Secretary.

Calcutta, the 7th June, 1850.

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending

to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bond fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bond fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.

An Act for amending the forms necessary for the sale of Putnee Tenures in Bengal.

Whereas by Clause 2, Section VIII. NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bonâ fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bonâ fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.

Secretary.

Notification.—The Most Noble the Governor General has been pleased to confirm the Regimental Order issued by the Officer Commanding the 4th Regiment Punjab Infantry, dated 27th July last, directing Mr. Apothecary Wilkinson to afford medical aid to the sick of the Sooruj Mookhee Regiment, until further orders.

Fort William, Home Department, Legislative, the 23rd August, 1850.

The following Act is passed by the Hon'ble the President of the Council of India in Council on the 23rd of August 1850, with the assent of the Most Noble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information.

Act No. XXXIII. of 1850.

An Act for amending the forms necessary for the sale of Putnee Tenures in Bengal.

Whereas by Clause 2, Section VIII. Regulation VIII. 1819, of the Bengal Code, it is provided that Zemindars shall be entitled in certain cases to apply for the sale of putnee tenures on which the right of sale for an arrear of rent is reserved, by presenting a petition to the Civil Court of the district, and a similar one to the Collector, and whereas the petition to the Civil Court has not been presented previous to many of such sales, and is not necessary for protection of the putneedar, It is enacted as follows:

I. After the passing of this Act, it shall not be necessary for the zemindar in any such case to present a petition to the Civil Court, but a petition to the Collector shall be sufficient.

II. All sales of putnee tenures before the passing of this Act, which were held without presenting such petition to the Civil Court, and for the reversal of which no suit was commenced before the Fourth day of April in the year 1850, shall be deemed as valid as if such petition to the Civil Court had been presented.

III. Every putneedar whose tenure shall have been sold before the passing of this Act without such petition having been presented to the Civil Court, and the sale of which is hereby declared void, shall be entitled to recover in a suit against the zemindar or person at whose instance the sale has been effected, or his representatives, the amount of any actual loss or damage sustained by such putneedar, by reason only of such sale having been made without the presentation of such petition to the Civil Court.

Whereas doubts have been entertained whether State Prisoners confined under Regulation III. 1818, of the Bengal Code, can be lawfully detained in any fortress, gaol, or other place, within the limits of jurisdiction of any of the Supreme Courts of Judicature, established by Royal Charter, and it is expedient that such doubts be removed, and the powers of the said Regulation extended to all the territories under the Government of the East India Company, it is enacted as follows:

I. The warrant of commitment of any State Prisoner, under Regulation III. 1818, of the Bengal Code, may be directed to the Sheriff of the gaol of any of the Supreme Courts of Judicature established by Royal Charter in the said territories, or to the Commandant of any fortress, or to the Officer in charge of any gaol or other place, in which it is deemed expedient that such State Prisoner be confined, in any part of the said territories; and such warrant shall be sufficient authority for the detention of such State Prisoner in the fortress, gaol or other place mentioned in the warrant.

II. Regulation III. 1818, of the Bengal Code, shall be extended and applied to every Sheriff, Commandant or Officer, having any State Prisoner in custody, under the said Regulation, as explained and extended by this Act.

FRED. JAS. HALLIDAY,
Secy. to the Govt. of India.

Fort William, Home Department, Legislative, the 30th August, 1850.

The following Draft of a proposed Act was read in Council for the first time on the 30th August 1850.

ACT No. —— OF 1850.

An Act for giving additional facilities for Public Works in Bengal.

Whereas by Regulation I. 1824, of the Bengal Code, power was given for taking any Land in the territories subject to the Presidency of Fort William in Bengal, which is needed for any public purpose, according to the forms therein prescribed, but it is expedient for hindering needless delay in making the Railway about to be constructed in the said Presidency under the sanction of Government, and also in any other public work that more summary power should in certain cases be given for gaining immediate possession of the land needed for such public work.

It is declared and enacted as follows:

I. Any Railway made in the said territories under the sanction of Government, is a public work within the meaning of the said Regulation.

II. The persons employed in any public work, with their servants and workmen may enter upon any land not being the curtilage of a house or temple for surveying the ground, and in the case of a road, canal or railway for setting out the intended line thereof, and in the case of any intended road, canal or railway may mark the intended line by cutting a trench, or placing landmarks along the line, and where otherwise the survey cannot be completed, and the line marked, may, with the sanction of the Government, or of any officer appointed by Government for this purpose, cut down and clear away any part of any jungle or tope of trees in the direction of the intended line.

III. It shall be the duty of the officer so appointed by the Government to take account of all necessary damage done as aforesaid, that it may be allowed for, in awarding compensation to the owners and occupiers of the land finally taken.

IV. Whenever it is necessary to have recourse to arbitration in order to ascertain the value of the property and the rights of all persons holding a lawful interest therein, according to the said Regulation, and the said officer shall have recorded his opinion that the land in dispute is needed immediately for the purpose of the public work; he shall be empowered to take immediate possession thereof on behalf of the Government, leaving the amount and distribution of the consideration to be paid for it, to be afterwards ascertained according to the said Regulation.

V. If the said Officer is opposed or impeded in taking immediate possession of such land as in his opinion is immediately needed, he shall apply to the Magistrate of the district, who shall enforce the surrender of the land.

VI. The powers of the said Regulation and of this Act shall extend in the case of any road, canal or railway, to authorize the temporary occupation of any land not more than one hundred yards from the centre line of the road, canal or railway as marked on the ground, for taking earth or other materials for making or repairing the road, canal or railway, or for depositing therein superfluous earth or other materials, or for making approaches, or erecting temporary buildings and workshops thereon, and for the temporary occupation of any such land, and for any permanent damage done by such occupation and use of the land, including the full value of all clay, stone, gravel, sand and other materials taken thence, compensation shall be paid to and among all persons having an interest therein, to be ascertained in case of disagreement in the same manner as compensation for land permanently taken.

VII. The local Government, if it thinks fit, may empower any such officer to execute any award made under the said Regulation, and to do all things necessary for completing the business of taking and paying for the said land, and for settling all disputes concerning it, without sending any report to the local Government.

VIII. In every case in which any land has been or shall be taken by the Government for any public work, otherwise than according to the said Regulation, such land after the lapse of five years, shall vest absolutely in the East India Company, freed and discharged from all other claims thereunto.

IX. The said term of five years shall be reckoned from the date of this Act, in the case of land heretofore taken, and in the case of land hereafter taken from the time of taking possession thereof.

X. If within the said term of five years any suit is begun upon which final judgment shall be obtained establishing the right of the plaintiff to any interest in any such land, then, instead of the said land there shall be paid to the person obtaining such judgment the value of his interest in the said land, at the time when possession thereof was taken, to be ascertained and settled in case of dispute by arbitration in the manner described for disputed claims by the said Regulation.

Ordered, that the Draft now read be published for general information.

Ordered, that the Draft be re-considered at the first Meeting of the Legislative Council of India after the 30th day of October next.

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bonâ fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bond fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.

By order of the Central Committee,

CECIL BEADON,
Secretary.

Fort William, Home Department, Legislative, the 30th August, 1850.

The following Draft of a proposed Act was read in Council for the first time on the 30th August 1850.

ACT No. —— OF 1850.

An Act for giving additional facilities for Public Works in Bengal.

Whereas by Regulation I. 1824, of the Bengal Code, power was given for taking any land in the territories subject to the Presidency of Fort William in Bengal, which is needed for any public purpose, according to the forms therein prescribed, but it is expedient for hindering needless delay in making the Railway about to be constructed in the said Presidency under the sanction of Government, and also in any other public work that more summary power should in certain cases be given for gaining immediate possession of the land needed for such public work.

It is declared and enacted as follows:

I. Any Railway made in the said territories under the sanction of Government, is a public work within the meaning of the said Regulation.

II. The persons employed in any public work, with their servants and workmen, may enter upon any land not being the curtilage of a house or temple for surveying the ground, and in the case of a road, canal or railway for setting out the intended line thereof, and in the case of any intended road, canal or railway may mark the intended line by cutting a trench, or placing landmarks along the line, and where otherwise the survey cannot be completed, and the line marked, may, with the sanction of the Government, or of any officer appointed by Government for this purpose, cut down and clear away any part of any jungle or tope of trees in the direction of the intended line.

III. It shall be the duty of the officer so appointed by the Government to take account of all necessary damage done as aforesaid, that it may be allowed for, in awarding compensation to the owners and occupiers of the land finally taken.

IV. Whenever it is necessary to have recourse to arbitration in order to ascertain the value of the property and the rights of all persons holding a lawful interest therein, according to the said Regulation, and the said officer shall have recorded his opinion that the land in dispute is needed immediately for the purpose of the public work; he shall be empowered to take immediate possession thereof on behalf of the Government, leaving the amount and distribution of the consideration to be paid for it, to be afterwards ascertained according to the said Regulation.

V. If the said Officer is opposed or impeded in taking immediate possession of such land as in his opinion is immediately needed, he shall apply to the Magistrate of the district, who shall enforce the surrender of the land.

VI. The powers of the said Regulation and of this Act shall extend in the case of any road, canal or railway, to authorize the temporary occupation of any land not more than one hundred yards from the centre line of the road, canal or railway as marked on the ground, for taking earth or other materials for making or repairing the road, canal or railway, or for depositing therein superfluous earth or other materials, or for making approaches, or erecting temporary buildings and workshops thereon, and for the temporary occupation of any such land, and for any permanent damage done by such occupation and use of the land, including the full value of all clay, stone, gravel, sand and other materials taken thence, compensation shall be paid to and among all persons having an interest therein, to be ascertained in case of disagreement in the same manner as compensation for land permanently taken.

VII. The local Government, if it thinks fit, may empower any such officer to execute any award made under the said Regulation, and to do all things necessary for completing the business, of taking and paying for the said land, and for settling all disputes concerning it, without sending any report to the local Government.

VIII. In every case in which any land has been or shall be taken by the Government for any public work, otherwise than according to the said Regulation, such land after the lapse of five years, shall vest absolutely in the East India Company, freed and discharged from all other claims thereunto.

IX. The said term of five years shall be reckoned from the date of this Act, in the case of land heretofore taken, and in the case of land hereafter taken from the time of taking possession thereof.

X. If within the said term of five years any suit is begun upon which final judgment shall be obtained establishing the right of the plaintiff to any interest in any such land, then, instead of the said land there shall be paid to the person obtaining such judgment the value of his interest in the said land, at the time when possession thereof was taken, to be ascertained and settled in case of dispute by arbitration in the manner described for disputed claims by the said Regulation.

Ordered, that the Draft now read be published for general information.

Ordered, that the Draft be re-considered at the first Meeting of the Legislative Council of India after the 30th day of October next.

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bonâ fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bonâ fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.

Fort William, Home Department, Legislative, the 30th August, 1850.

The following Draft of a proposed Act was read in Council for the first time on the 30th August 1850.

ACT No. —— OF 1850.

An Act for giving additional facilities for Public Works in Bengal.

Whereas by Regulation I. 1824, of the Bengal Code, power was given for taking any land in the territories subject to the Presidency of Fort William in Bengal, which is needed for any public purpose, according to the forms therein prescribed, but it is expedient for hindering needless delay in making the Railway about to be constructed in the said Presidency under the sanction of Government, and also in any other public work that more summary power should in certain cases be given for gaining immediate possession of the land needed for such public work.

It is declared and enacted as follows:

I. Any Railway made in the said territories under the sanction of Government, is a public work within the meaning of the said Regulation.

II. The persons employed in any public work, with their servants and workmen, may enter upon any land not being the curtilage of a house or temple for surveying the ground, and in the case of a road, canal or railway for setting out the intended line thereof, and in the case of any intended road, canal or railway may mark the intended line by cutting a trench, or placing landmarks along the line, and where otherwise the survey cannot be completed, and the line marked, may, with the sanction of the Government, or of any officer appointed by Government

for this purpose, cut down and clear away any part of any jungle or tope of trees in the direction of the intended line.

III. It shall be the duty of the officer so appointed by the Government to take account of all necessary damage done as aforesaid, that it may be allowed for, in awarding compensation to the owners and occupiers of the land finally taken.

IV. Whenever it is necessary to have recourse to arbitration in order to ascertain the value of the property and the rights of all persons holding a lawful interest therein, according to the said Regulation, and the said officer shall have recorded his opinion that the land in dispute is needed immediately for the purpose of the public work; he shall be empowered to take immediate possession thereof on behalf of the Government, leaving the amount and distribution of the consideration to be paid for it, to be afterwards ascertained according to the said Regulation.

V. If the said Officer is opposed or impeded in taking immediate possession of such land as in his opinion is immediately needed, he shall apply to the Magistrate of the district, who shall enforce the surrender of the land.

VI. The powers of the said Regulation and of this Act shall extend in the case of any road, canal or railway, to authorize the temporary occupation of any land not more than one hundred yards from the centre line of the road, canal or railway as marked on the ground, for taking earth or other materials for making or repairing the road, canal or railway, or for depositing therein superfluous earth or other materials, or for making approaches, or erecting temporary buildings and workshops thereon, and for the temporary occupation of any such land; and for any permanent damage done by such occupation and use of the land, including the full value of all clay, stone, gravel, sand and other materials taken thence, compensation shall be paid to and among all persons having an interest therein, to be ascertained in case of disagreement in the same manner as compensation for land permanently taken.

VII. The local Government, if it thinks fit, may empower any such officer to execute any award made under the said Regulation, and to do all things necessary for completing the business, of taking and paying for the said land, and for settling all disputes concerning it, without sending any report to the local Government.

VIII. In every case in which any land has been or shall be taken by the Government for any public work, otherwise than according to the said Regulation, such land after the lapse of five years, shall vest absolutely in the East India Company, freed and discharged from all other claims thereunto.

IX. The said term of five years shall be reckoned from the date of this Act, in the case of land heretofore taken, and in the case of land hereafter taken from the time of taking possession thereof.

X. If within the said term of five years any suit is begun upon which final judgment shall be obtained establishing the right of the plaintiff to any interest in any such land, then, instead of the said land there shall be paid to the person obtaining such judgment the value of his interest in the said land, at the time when possession thereof was taken, to be ascertained and settled in case of dispute by arbitration in the manner described for disputed claims by the said [illegible] lation.

Ordered, that the Draft now read be published for general information.

Ordered, that the Draft be re-considered at the first Meeting of the Legislative Council of India after the 30th day of October next.

Secy. to the Govt. of India.

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce; that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bond fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bond fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.

By order of the Central Committee,

Secretary.

The following Act is passed by the Hon'ble the President of the Council of India in Council on the 6th of September 1850, with the assent of the Most Noble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information.

ACT No. XXXV. OF 1850.

An Act for regulating the Bombay Ferries.

Whereas it is expedient to regulate the Public Ferries within the territories subject to the Presidency of Bombay, It is enacted as follows:

I. The Governor of Bombay in Council may declare by Proclamation what Ferries within any part of the territories subject to the Presidency of Bombay, shall be deemed Public Ferries, and at any time hereafter, by a like Proclamation, may establish new Ferries where they are needed, and, from time to time, change the course of any Public Ferry, or discontinue any Public Ferry that is deemed unnecessary.

II. Tolls according to such rates as shall, from time to time, be settled or approved by the Governor of Bombay in Council, shall be levied upon all passengers, carts, carriages, cattle and other animals, and on all goods and merchandize carried over any Public Ferry.

III. No tolls shall be leviable from any body of Soldiery on their march.

IV. Boats shall be provided under the authority of the Governor of Bombay in Council for each Public Ferry, and Tindals, Boatmen and other persons shall be appointed for their due navigation.

V. At every Public Ferry-station a Toll-keeper shall be appointed with a sufficient Establishment, whose duty it shall be to take the lawful tolls.

VI. A Table of Tolls, written or printed in the English and Native Languages, shall be hung up in some conspicuous place at every Ferry-station, so as to be easily read by all persons crossing the Ferry.

VII. Every Toll-keeper, who shall neglect to hang up and keep in good order and repair such Table of Tolls, or who shall wilfully remove, alter, or deface the same, or allow it to become illegible, shall be liable to a penalty not exceeding Ten Rupees.

VIII. Every Toll-keeper, who shall ask or take any toll other than is allowed by the Table of Tolls, or who shall wilfully delay any passenger, cart, carriage, animal or goods, shall be liable to a penalty not exceeding Fifty Rupees.

IX. Every person crossing at any such Public Ferry, who shall refuse to pay the toll, or who, with intent of avoiding payment thereof, shall fraudulently or forcibly pass by or through any Toll-station without paying the toll, or who shall obstruct any Toll-keeper or any of his Assistants, in any way in the execution of their duty under this Act, and also every person who shall maliciously damage any Toll-Bar, Boat, or any other thing employed in or about any Public Ferry, or who shall maliciously remove, alter, destroy or damage any Table of Tolls hung up as hereinbefore directed, shall be liable to a penalty not exceeding Fifty Rupees, over and above the value of the damage which he has done.

X. All Public Ferry-boats shall be numbered and registered as the Governor of Bombay in Council shall direct, and the names of all Tindals, or persons placed in charge thereof, and of all Toll-keepers, shall likewise be so registered.

XI. The Magistrate of every Zillah in which there shall be a Public Ferry, and any Magistrate of Police of Bombay, whom the Governor of Bombay in Council may appoint for such purpose within their respective jurisdictions, shall make Rules, subject to confirmation by the Governor in Council, fixing the number of passengers, carts, carriages and animals, and the quantity of goods that may be carried in any public Ferry-boat at one trip, and for the safe and convenient carriage of passengers and property, and for keeping the Ferry-boats in good order, and otherwise for the due discharge of their duty by all Tindals, Toll-keepers and other persons employed at any Public Ferry, and any Tindal, Toll-keeper or other person infringing or disobeying any such Rule, shall be liable to make good any loss or damage which shall have been caused thereby, which may be summarily ascertained by any Magistrate within whose jurisdiction the offence was committed, and the amount thereof may be recovered as any penalty under this Act may be recovered.

XII. The Governor of Bombay in Council may lease any Public Ferry by public auction, or private contract, from year to year, or any longer period not exceeding seven years, on such conditions as he deems advisable, in which case a contract setting forth the conditions on which the Ferry is to be held, shall be executed by the Contractor or Farmer, and security shall by him be given for its due fulfilment.

XIII. The Ferry-boat at any Public Ferry which shall be established between the Island of Bombay and the Mainland, and adjacent Islands, shall cross each way at least once daily unless hindered by stress of weather or other unavoidable accident.

XIV. Every person who without the special licence of the Governor of Bombay in Council shall convey for hire any passenger, animal, cart, carriage, or goods, from any part of the Islands of Bombay and Colaba across the Harbour of Bombay to the Mainland, or to any of the adjacent Islands, shall be liable to a penalty not exceeding Five Hundred Rupees; but this penalty shall not apply to the carriage for hire of passengers, animals, carts, carriages and goods from one part of the Islands of Bombay and Colaba to another part of either of the said Islands, nor to any person specially hiring any boat for the carriage of himself and family, or friends with their goods and servants across the Harbour of Bombay to the Mainland, or any of the adjoining Islands, nor to the person letting any boat to hire for such purpose.

XV. Every person who shall convey for hire any passenger, animal, cart, carriage, or goods across any other arm of the sea, creek or river within the said Presidency, to any point or place on the opposite bank or coast within a distance of three miles on either side above or below any Public Ferry, without the special license of a Magistrate of the Zillah or Town in which the Ferry is situated, shall be liable to a penalty not exceeding Five Hundred Rupees.

XVI. All offences against this Act shall be summarily heard and determined by the Magistrate of the Zillah within the limits of which the same shall have been committed, and if within the limits of the jurisdiction of the Supreme Court of Bombay by any Magistrate of Police of Bombay. All penalties shall be recovered in the manner directed for the recovery of the fines specified in Clauses 1, 2 and 3, Section XIV., Regulation XIX. 1827, of the Bombay Code.

XVII. All tolls payable on account of any Public Ferry, and all rent payable on account of such of them as are farmed, and all penalties for offences against this Act, shall form a general Fund, which shall be applied, in the first instance, toward the expenses necessary for keeping up all the Ferries throughout the Presidency of Bombay, and the residue, if any, shall be applied under the directions of the Governor of Bombay in Council, in the improvement of the public roads, ways, thoroughfares, leading to and from any of the said Ferries.

XVIII. The Governor of Bombay in Council may appoint such Officers and other persons as shall be necessary for carrying this Act into execution, with such salaries as the Governor General of India in Council shall approve, to be paid out of the Fund produced by the Tolls and Fines as provided by this Act, and the Governor of Bombay in Council may, from time to time, delegate any of the powers conferred on him by this Act to any Magistrate or other person as he thinks fit.

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bonâ fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bonâ fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.

By order of the Central Committee,

Ordered, that the Act be promulgated for general information.

ACT No. XXXV. OF 1850.

An Act for regulating the Bombay Ferries.

Whereas it is expedient to regulate the Public Ferries within the territories subject to the Presidency of Bombay, It is enacted as follows:

I. The Governor of Bombay in Council may declare by Proclamation what Ferries within any part of the territories subject to the Presidency of Bombay, shall be deemed Public Ferries, and at any time hereafter, by a like Proclamation, may establish new Ferries where they are needed, and, from time to time, change the course of any Public Ferry, or discontinue any Public Ferry that is deemed unnecessary.

II. Tolls according to such rates as shall, from time to time, be settled or approved by the Governor of Bombay in Council, shall be levied upon all passengers, carts, carriages, cattle and other animals, and on all goods and merchandize carried over any Public Ferry.

III. No tolls shall be leviable from any body of Soldiery on their march.

IV. Boats shall be provided under the authority of the Governor of Bombay in Council for each Public Ferry, and Tindals, Boatmen and other persons shall be appointed for their due navigation.

V. At every Public Ferry-station a Toll-keeper shall be appointed with a sufficient Establishment, whose duty it shall be to take the lawful tolls.

VI. A Table of Tolls, written or printed in the English and Native Languages, shall be hung up in some conspicuous place at every Ferry-station, so as to be easily read by all persons crossing the Ferry.

VII. Every Toll-keeper, who shall neglect to hang up and keep in good order and repair such Table of Tolls, or who shall wilfully remove, alter, or deface the same, or allow it to become illegible, shall be liable to a penalty not exceeding Ten Rupees.

VIII. Every Toll-keeper, who shall ask or take any toll other than is allowed by the Table of Tolls, or who shall wilfully delay any passenger, cart, carriage, animal or goods, shall be liable to a penalty not exceeding Fifty Rupees.

IX. Every person crossing at any such Public Ferry, who shall refuse to pay the toll, or who, with intent of avoiding payment thereof, shall fraudulently or forcibly pass by or through any Toll-station without paying the toll, or who shall obstruct any Toll-keeper or any of his Assistants, in any way in the execution of their duty under this Act, and also every person who shall maliciously damage any Toll-Bar, Boat, or any other thing employed in or about any Public Ferry, or who shall maliciously remove, alter, destroy or damage any Table of Tolls hung up as hereinbefore directed, shall be liable to a penalty not exceeding Fifty Rupees, over and above the value of the damage which he has done.

X. All Public Ferry-boats shall be numbered and registered as the Governor of Bombay in Council shall direct, and the names of all Tindals, or persons placed in charge thereof, and of all Toll-keepers, shall likewise be so registered.

XI. The Magistrate of every Zillah in which there shall be a Public Ferry, and any Magistrate of Police of Bombay, whom the Governor of Bombay in Council may appoint for such purpose within their respective jurisdictions, shall make Rules, subject to confirmation by the Governor in Council, fixing the number of passengers, carts, carriages and animals, and the quantity of goods that may be carried in any public Ferry-boat at one trip, and for the safe and convenient carriage of passengers and property, and for keeping the Ferry-boats in good order, and otherwise for the due discharge of their duty by all Tindals, Toll-keepers and other persons employed at any Public Ferry, and any Tindal, Toll-keeper or other person infringing or disobeying any such Rule, shall be liable to make good any loss or damage which shall have been caused thereby, which may be summarily ascertained by any Magistrate within whose jurisdiction the offence was committed, and the amount thereof may be recovered as any penalty under this Act may be recovered.

XII. The Governor of Bombay in Council may lease any Public Ferry by public auction, or private contract, from year to year, or any longer period not exceeding seven years, on such conditions as he deems advisable, in which case a contract setting forth the conditions on which the Ferry is to be held, shall be executed by the Contractor or Farmer, and security shall by him be given for its due fulfilment.

XIII. The Ferry-boat at any Public Ferry which shall be established between the Island of Bombay and the Mainland, and adjacent Islands, shall cross each way at least once daily unless hindered by stress of weather or other unavoidable accident.

XIV. Every person who without the special licence of the Governor of Bombay in Council shall convey for hire any passenger, animal, cart, carriage, or goods, from any part of the Islands of Bombay and Colaba across the Harbour of Bombay to the Mainland, or to any of the adjacent Islands, shall be liable to a penalty not exceeding Five Hundred Rupees; but this penalty shall not apply to the carriage for hire of passengers, animals, carts, carriages and goods from one part of the Islands of Bombay and Colaba to another part of either of the said Islands, nor to any person specially hiring any boat for the carriage of himself and family, or friends with their goods and servants across the Harbour of Bombay to the Mainland, or any of the adjoining Islands, nor to the person letting any boat to hire for such purpose.

XV. Every person who shall convey for hire passenger, animal, cart, carriage, or s across any other arm of the sea, creek iver within the said Presidency, to any t or place on the opposite bank or coast thou n a distance of three miles on either side a Ae or below any Public Ferry, without the s cial licence of a Magistrate of the Zillah or Town in which the Ferry is situated, shall be liable to a penalty not exceeding Five Hundred Rupees.

XVI. All penalties shall be recovered in the manner directed for the recovery of the fines specified in Clauses 1, 2 and 3, Section XIV., Regulation XIX. 1827, of the Bombay Code.

XVII. All tolls payable on account of any Public Ferry, and all rent payable on account of such of them as are farmed, and all penalties for offences against this Act, shall form a general Fund, which shall be applied, in the first instance, toward the expenses necessary for keeping up all the Ferries throughout the Presidency of Bombay, and the residue, if any, shall be applied under the directions of the Governor of Bombay in Council, in the improvement of the public roads, ways, thoroughfares, leading to and from any of the said Ferries.

XVIII. The Governor of Bombay in Council may appoint such Officers and other persons as shall be necessary for carrying this Act into

execution, with such salaries as the Governor General of India in Council shall approve, to be paid out of the Fund produced by the Tolls and Fines as provided by this Act, and the Governor of Bombay in Council may, from time to time, delegate any of the powers conferred on him by this Act to any Magistrate or other person as he thinks fit.

MARINE COURT.

At a Court assembled on Monday, the Twenty-sixth day of August, One Thousand Eight Hundred and Fifty, under Act No. XXIV. of 1845, Mr. Master Pilot Charles William Warden was tried on the following

CHARGES.

First Charge.—Disobedience of orders on or about the 15th or 16th of May 1850, in having detained the "Mary Charlotte Weber," to which he had been appointed as Pilot, and not having reported the same to the Master Attendant as directed by the 9th Rule of the Regulations for the government of the Pilot Establishment, and by the 1st Rule for the guidance of Running Pilots.

Second Charge.—For needlessly and vexatiously detaining the "Mary Charlotte Weber," throughout the 16th of May 1850, to the injury of the interests of the Owners of that Vessel, and in contravention of the orders he had received.

Third Charge.—For having in a letter addressed to the Master Attendant, dated from the cruizing station (at the Sandheads) the 5th of June 1850, in answer to a communication from the Master Attendant, stated without any regard to the truth, that "as the 'Barque Mary Charlotte Weber' was not to leave till the 16th (May) and there being no Steamer available till the 17th she was not detained," whereas he Mr. Master Pilot Charles William Warden knew that he had himself detained the Ship and had refused to take her to sea, unless an additional quantity of chain cable and spare sails were supplied.

Fourth Charge.—For disobedience of orders, contempt of authority and disrespectful conduct to his superior Officer, in that in a letter addressed to the Master Attendant dated Calcutta June the 12th 1850, when called upon to explain his conduct as reported by the owner of the "Mary Charlotte Weber," and to say whether or not he had acted as represented by the owner, a copy of whose report was forwarded to him, he Mr. Master Pilot Charles William Warden wrote as follows: "I beg to inform you that I have no further explanation to give than what has already been stated by me on the subject," meaning that which is set forth in the 3rd charge, whereas he Mr. Warden knew that the explanation alluded to, was by no means a true and correct one which is proved by the fact, that he has since given a very full and very different account of his reasons for detaining the "Mary Charlotte Weber," dated Calcutta the 19th of August 1850.

By order of the Superintendent of Marine,

(Signed) JAMES SUTHERLAND,

2. The proceedings having been submitted to Government, His Honor the Deputy Governor of Bengal has been pleased to communicate his decision on the case as follows:

No. 499.

FROM THE SECY. TO THE GOVT. OF BENGAL,
TO THE SUPERINTENDENT OF MARINE.

Dated Fort William, the 10th September 1850.
Marine.

SIR,

I am directed by the Deputy Governor of Bengal to acknowledge the receipt of your letter No. 3143 dated the 3rd instant, submitting the proceedings of a Marine Court for the trial of Mr. C. W. Warden, Master Pilot; and to state that His Honor confirms the sentence of the Court which adjudges Mr. Warden to lose two steps. But the Deputy Governor desires me to inform you at the same time, that he regards the needless and vexatious detention of a vessel, of which amongst other charges Mr. Warden has been found guilty, as a very serious offence; and that he agrees with you in thinking the loss of two steps an inadequate punishment.

2. Mr. Warden's name will stand on the list of Master Pilots under that of Mr. Alfred Jones and above that of Mr. Cornelius Rogers.

3. The original enclosures which accompanied your letter are herewith returned.

I have &c.,

(Signed) J. P. GRANT,

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bonâ fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bonâ fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.

By order of the Central Committee,

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bonâ fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bonâ fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.

By order of the Central Committee,

CECIL BEADON,
Secretary.

M. of Tuesday, the 31st December 1850, and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit of 25 per Cent. even money of the amount for which each lot is knocked down, or Rupees 1000 for each lot, or any Public Securities that may have been deposited on account of such lots or Chests shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Customs, Salt and Opium, shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the Re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such Re-sale.

9th. Purchasers taking out Certificates or orders for the delivery of Opium after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase which they may desire to be included in each Certificate or order, and it is to be clearly understood that the Certificates or orders so taken out shall be considered final, and not afterwards changeable for other Certificates or orders authorizing the delivery of single lots or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each Certificate or order.

10th. No Sub-Treasurer's Receipts or deposit of Public Securities under the fifth of the present Conditions, will be received in this Office, except from the party recorded as the purchaser in the Sale Book or his authorized Agent. The receipt for deposit of Public Securities will be granted only in the name of such purchaser, and the Securities so deposited will be returned when clearance has been made by the said purchaser or his order.

11th. The Officer superintending the Sale on the part of the Board of Customs, Salt and Opium, is empowered to reject at his discretion the bid of any individual unless such individual shall, on demand, tender at the time a deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts, or other Government Securities, equal to 25 per Cent. even money of the amount so bid, or Rupees 1,000 for each lot.

12th. With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified, that the Officer of Government superintending the Sale, shall be competent at any time during the Sale to withdraw any unsold lot, and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained and the first *bond fide* bidder for a lot after it has been offered for Sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the Officer of Government superintending the Sale, shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of 400 Rupees specified in the 2nd Clause of these Conditions.

13th. The purchaser of any lot shall have the option of naming and purchasing in immediate succession any number of lots of the same Agency Opium to the extent of Twenty-five lots, and for the lots so purchased the purchaser shall deposit for each lot 25 per Cent. even money of the amount bid by him for the first lot, or Rupees 1,000 for each lot, and pay the same price per Chest as that for which he purchased his first lot, provided always that there remain a sufficient number of lots of that Opium to complete the said twenty-five, but not otherwise.

14th. In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15th. The following papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date by application at the Office of the Secretary to the Board of Customs, Salt and Opium.

No. 1. Certificate of the Opium now advertized for sale.

No. 2. Report of the examination of such Opium.

16th. The public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1849-50, the same precautions have been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the Cakes, and to have the due proportion of Opium put into each Cake. An account of the weight of the drug when packed at Behar and Benares, and a statement of the average weight of the Chests indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium, and further that four Chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th. Any further information respecting weight or quality of the Opium advertized for Sale, that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Customs,

Salt and Opium, but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the Drug, which may be preferred in reference to Chests after the Sale and delivery of the Opium for shipment.

18th. The public are hereby informed, that in addition to the quantity abovementioned, the following quantities, more or less, of Behar and Benares Opium of 1849-50, will be brought to Sale in the present season on or about the dates specified below:

If the Agents of the French Government shall not make the requisition for Opium within the time abovementioned, the entire quantity of about 34,417 Chests of Behar and Benares as above estimated, will be brought to Sale in the usual manner, and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertized for Sale at each or any of the Twelve Sales abovmentioned, but shall not pay for it within the prescribed period of payment, the Governor of Bengal reserves to himself the right of disposing of the Opium, which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose.

Article of the Convention above referred to.

Article 6th. "With regard to the Trade in "Opium it is agreed between "the high contracting parties "that at each of the periodical "Sales of that article there "shall be reserved for the French Government, "and delivered upon requisition duly made by "the Agents of His Most Christian Majesty, or by "the persons duly appointed by them, the number "of Chests so applied for, provided that such supply shall not exceed Three Hundred Chests in "each year, and the price for the same shall be determined by the average rate at which Opium "shall have been sold at every such periodical "Sale; it being understood that, if the quantity of "Opium applied for at any one time shall not be "taken on account of the French Government by "the Agents of His Most Christian Majesty "within the usual period of delivery, the quantity "so applied for shall nevertheless be considered "as so much in reduction of the Three Hundred "Chests hereinbefore mentioned: the requisitions "for Opium as aforesaid are to be addressed to "the Governor General at Calcutta, within thirty "days after notice of the intended Sales shall have "been published in the Government Gazette."

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent,

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition; whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bonâ fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bonâ fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to

England by private individuals with the Government collection."

By order of the Central Committee,

CECIL BEADON,
Secretary.

Calcutta, the 7th June, 1850.

Calcutta, May 16th, 1850.

NOTIFICATION.

Fort William, the 17th September, 1850.

NOTICE is hereby given, that on Monday, the 16th December, 1850, at the hour of Eleven o'Clock in the forenoon, will be put up to Sale at the Exchange Rooms at Calcutta, and sold by Public Auction, for Exportation by Sea, the undermentioned quantity of Opium, the Provision of 1849-50, subject to the following Conditions; viz.

Opium.

Produce of Behar Agency, ...	Chests	1,980
Ditto of Benares ditto, ...	,,	890
Total Chests		2,870

CONDITIONS OF SALE.

1st. The Opium will be sold for Exportation by Sea only, and no Certificate will be granted except to cover such Export.

2nd. The Opium will be ordinarily offered for Sale at an upset price of Rupees 400 per Chest, and sold to the highest bidder above that price, except under the circumstances for which Provision is made by Clause 12 of the Conditions of Sale.

3rd. The Sale shall commence at the hour of 11 A. M., and shall not be continued after the hour of 5 P. M., but if at that hour any of the lots advertized for Sale shall remain unsold, the Sale may at the discretion of the Board of Customs, Salt and Opium, be resumed on the next day following (not being Sunday or a Public Holiday,) at the hour of 11 A. M., and so on until the whole of the remaining lots are disposed of; or if the quantity of 2870 Chests shall not be sold on the day advertized, the Board may dispose of the lots which remain on hand at a future Sale.

4th. Each lot to contain Five Chests.

5th. A deposit in a Promissory Note, either for 25 per Cent. even money of the amount for which each lot is knocked down, or for Rupees 1000, at the discretion of the Officer superintending the Sale, shall be made by the purchaser in the Sale Room, and before the lot is registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'Clock of the afternoon of Wednesday, the 18th December 1850, or on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's Receipts, or deposit of other Public Securities as aforesaid shall have been delivered in, shall be Re-sold at such time or times, and under such Conditions of Re-sale, as the Board of Customs, Salt and Opium, shall see fit, and all losses and expenses whatsoever attending such Resale shall be borne and paid by the defaulters, whilst any profit accruing from such Re-sale shall be forfeited to Government.

6th. The Promissory Notes taken on the day of Sale, under the last mentioned condition, if remaining unredeemed on the said 18th December 1850, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7th. No tender of Money, Sub-Treasurer's Receipts, or Public Securities on account of Opium, upon which the prescribed deposit may not have been made before 4 o'Clock of the 18th December 1850, will be afterwards accepted.

8th. The Opium, now advertized for Sale, shall be paid for within 15 clear days from the day of Sale, that is to say no Treasury Receipt will be accepted in payment after 4 P. M. of Tuesday, the 31st December 1850, and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit of 25 per Cent. even money of the amount for which each lot is knocked down, or Rupees 1000 for each lot, or any Public Securities that may have been deposited on account of such lots or Chests shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Customs, Salt and Opium, shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the Re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such Re-sale.

9th. Purchasers taking out Certificates or orders for the delivery of Opium after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase which they may desire to be included in each Certificate or order, and it is to be clearly understood that the Certificates or orders so taken out shall be considered final, and not afterwards changeable for other Certificates or orders authorizing the delivery of single lots or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each Certificate or order.

10th. No Sub-Treasurer's Receipts or deposit of Public Securities under the fifth of the present Conditions, will be received in this Office, except from the party recorded as the purchaser in the Sale Book or his authorized Agent. The receipt for deposit of Public Securities will be granted only in the name of such purchaser, and the Securities so deposited will be returned when clearance has been made by the said purchaser or his order.

11th. The Officer superintending the Sale on the part of the Board of Customs, Salt and Opium, is empowered to reject at his discretion the bid of any individual unless such individual shall, on demand, tender at the time a deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts, or other Government Securities, equal to 25 per Cent. even money of the amount so bid, or Rupees 1,000 for each lot.

12th. With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby

notified, that the Officer of Government superintending the Sale, shall be competent at any time during the Sale to withdraw any unsold lot, and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained and the first *bonâ fide* bidder for a lot after it has been offered for Sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the Officer of Government superintending the Sale, shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of 400 Rupees specified in the 2nd Clause of these Conditions.

13th. The purchaser of any lot shall have the option of naming and purchasing in immediate succession any number of lots of the same Agency Opium to the extent of Twenty-five lots, and for the lots so purchased the purchaser shall deposit for each lot 25 per Cent. even money of the amount bid by him for the first lot, or Rupees 1,000 for each lot, and pay the same price per Chest as that for which he purchased his first lot, provided always that there remain a sufficient number of lots of that Opium to complete the said twenty-five, but not otherwise.

14th. In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15th. The following papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date by application at the Office of the Secretary to the Board of Customs, Salt and Opium.

No. 1. Certificate of the Opium now advertized for sale.

No. 2. Report of the examination of such Opium.

16th. The public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1849-50, the same precautions have been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the Cakes, and to have the due proportion of Opium put into each Cake. An account of the weight of the drug when packed at Behar and Benares, and a statement of the average weight of the Chests indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium, and further that four Chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th. Any further information respecting weight or quality of the Opium advertized for Sale, that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Customs, Salt and Opium, but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the Drug, which may be preferred in reference to Chests after the Sale and delivery of the Opium for shipment.

18th. The public are hereby informed, that in addition to the quantity abovementioned, the following quantities, more or less, of Behar and Benares Opium of 1849-50, will be brought to Sale in the present season on or about the dates specified below:

19th. It is hereby further notified, that under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815, quoted below, the Agents in India of the French Government, or persons duly appointed by them, are entitled to demand that, out of the quantities of Behar and Benares Opium declared as above for Sale at the Twelve Sales in the Months of December 1850, and January, February, March, April, May, June, July, August, September, October and November 1851, there shall be delivered to them at the average of the particular Sale or Sales to which the Opium so applied for may belong, a quantity, not exceeding in the aggregate 300 Chests, and the Agents of the French Government must make requisition for the whole of the Opium required by them during the Season within 30 days after the publication of this advertizement, specifying the particular Sale or Sales from which the quantity of Opium is intended to be taken. If the Agents of the French Government shall not make the requisition for Opium within the time abovementioned, the entire quantity of about 34,417 Chests of Behar and Benares as above estimated, will be brought to Sale in the usual manner, and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertized for Sale at each or any of the Twelve Sales abovmentioned, but shall not pay for it within the prescribed period of payment, the Governor of Bengal reserves to himself the right of disposing of the Opium, which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose.

Article 6th. *Article of the Convention above referred to.*

"With regard to the Trade in "Opium it is agreed between "the high contracting parties "that at each of the periodical "Sales of that article there "shall be reserved for the French Government, "and delivered upon requisition duly made by "the Agents of His Most Christian Majesty, or by "the persons duly appointed by them, the number "of Chests so applied for, provided that such sup- "ply shall not exceed Three Hundred Chests in "each year, and the price for the same shall be de- "termined by the average rate at which Opium "shall have been sold at every such periodical "Sale; it being understood that, if the quantity of "Opium applied for at any one time shall not be "taken on account of the French Government by "the Agents of His Most Christian Majesty "within the usual period of delivery, the quantity "so applied for shall nevertheless be considered "as so much in reduction of the Three Hundred "Chests hereinbefore mentioned: the requisitions "for Opium as aforesaid are to be addressed to "the Governor General at Calcutta, within thirty "days after notice of the intended Sales shall have "been published in the Government Gazette."

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bonâ fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bonâ fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.

By order of the Central Committee,

CECIL BEADON,
Secretary.

9th. Purchasers taking out Certificates or orders for the delivery of Opium after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase which they may desire to be included in each Certificate or order, and it is to be clearly understood that the Certificates or orders so taken out shall be considered final, and not afterwards changeable for other Certificates or orders authorizing the delivery of single lots or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each Certificate or order.

10th. No Sub-Treasurer's Receipts or deposit of Public Securities under the fifth of the present Conditions, will be received in this Office, except from the party recorded as the purchaser in the Sale Book or his authorized Agent. The receipt for deposit of Public Securities will be granted only in the name of such purchaser, and the Securities so deposited will be returned when clearance has been made by the said purchaser or his order.

11th. The Officer superintending the Sale on the part of the Board of Customs, Salt and Opium, is empowered to reject at his discretion the bid of any individual unless such individual shall, on demand, tender at the time a deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts, or other Government Securities, equal to 25 per Cent. even money of the amount so bid, or Rupees 1,000 for each lot.

12th. With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified, that the Officer of Government superintending the Sale, shall be competent at any time during the Sale to withdraw any unsold lot, and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained and the first *bonâ fide* bidder for a lot after it has been offered for Sale in the mode here described, shall be held, and declared to be the purchaser of the said lot, and the Officer of Government superintending the Sale, shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of 400 Rupees specified in the 2nd Clause of these Conditions.

13th. The purchaser of any lot shall have the option of naming and purchasing in immediate succession any number of lots of the same Agency Opium to the extent of Twenty-five lots, and for the lots so purchased the purchaser shall deposit for each lot 25 per Cent. even money of the amount bid by him for the first lot, or Rupees 1,000 for each lot, and pay the same price per Chest as that for which he purchased his first lot, provided always that there remain a sufficient number of lots of that Opium to complete the said twenty-five, but not otherwise.

14th. In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15th. The following papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date by application at the Office of the Secretary to the Board of Customs, Salt and Opium.

No. 1. Certificate of the Opium now advertized for sale.

No. 2. Report of the examination of such Opium.

16th. The public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1849-50, the same precautions have been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the Cakes, and to have the due proportion of Opium put into each Cake. An account of the weight of the drug when packed at Behar and Benares, and a statement of the average weight of the Chests indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium, and further that four Chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th. Any further information respecting weight or quality of the Opium advertized for Sale, that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Customs, Salt and Opium, but in accordance with establish-

ed usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the Drug, which may be preferred in reference to Chests after the Sale and delivery of the Opium for shipment.

18th. The public are hereby informed, that in addition to the quantity abovementioned, the following quantities, more or less, of Behar and Benares Opium of 1849-50, will be brought to Sale in the present season on or about the dates specified below:

It is hereby further notified, that under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815, quoted below, the Agents in India of the French Government, or persons duly appointed by them, are entitled to demand that, out of the quantities of Behar and Benares Opium declared as above for Sale at the Twelve Sales in the Months of December 1850, and January, February, March, April, May, June, July, August, September, October and November 1851, there shall be delivered to them at the average of the particular Sale or Sales to which the Opium so applied for may belong, a quantity, not exceeding in the aggregate 300 Chests, and the Agents of the French Government must make requisition for the whole of the Opium required by them during the Season within 30 days after the publication of this advertizement, specifying the particular Sale or Sales from which the quantity of Opium is intended to be taken. If the Agents of the French Government shall not make the requisition for Opium within the time abovementioned, the entire quantity of about 34,417 Chests of Behar and Benares as above estimated, will be brought to Sale in the usual manner, and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertized for Sale at each or any of the Twelve Sales abovmentioned, but shall not pay for it within the prescribed period of payment, the Governor of Bengal reserves to himself the right of disposing of the Opium, which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose.

Article of the Convention above referred to.

Article 6th. "With regard to the Trade in "Opium it is agreed between "the high contracting parties "that at each of the periodical "Sales of that article there "shall be reserved for the French Government, "and delivered upon requisition duly made by "the Agents of His Most Christian Majesty, or by "the persons duly appointed by them, the number "of Chests so applied for, provided that such sup-"ply shall not exceed Three Hundred Chests in "each year, and the price for the same shall be de-"termined by the average rate at which Opium "shall have been sold at every such periodical "Sale; it being understood that, if the quantity of "Opium applied for at any one time shall not be "taken on account of the French Government by "the Agents of His Most Christian Majesty "within the usual period of delivery, the quantity "so applied for shall nevertheless be considered "as so much in reduction of the Three Hundred "Chests hereinbefore mentioned: the requisitions "for Opium as aforesaid are to be addressed to "the Governor General at Calcutta, within thirty "days after notice of the intended Sales shall have "been published in the Government Gazette."

By order of the Board of Customs, Salt and Opium;

Ditto of Benares ditto, ...	,,	890

CONDITIONS OF SALE.

1st. The Opium will be sold for Exportation by Sea only, and no Certificate will be granted except to cover such Export.

2nd. The Opium will be ordinarily offered for Sale at an upset price of Rupees 400 per Chest, and sold to the highest bidder above that price, except under the circumstances for which Provision is made by Clause 12 of the Conditions of Sale.

3rd. The Sale shall commence at the hour of 11 A. M., and shall not be continued after the hour of 5 P. M., but if at that hour any of the lots advertized for Sale shall remain unsold, the Sale may at the discretion of the Board of Customs, Salt and Opium, be resumed on the next day following (not being Sunday or a Public Holiday,) at the hour of 11 A. M., and so on until the whole of the remaining lots are disposed of; or if the quantity of 2870 Chests shall not be sold on the day advertized, the Board may dispose of the lots which remain on hand at a future Sale.

4th. Each lot to contain Five Chests.

5th. A deposit in a Promissory Note, either for 25 per Cent. even money of the amount for which each lot is knocked down, or for Rupees 1000, at the discretion of the Officer superintending the Sale, shall be made by the purchaser in the Sale Room, and before the lot is registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'Clock of the afternoon of Wednesday, the 18th December 1850, or on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's Receipts, or deposit of other Public Securities as aforesaid shall have been delivered in, shall be Re-sold at such time or times, and under such Conditions of Re-sale, as the Board of Customs, Salt and Opium, shall see fit, and all losses and expenses whatsoever attending such Resale shall be borne and paid by the defaulters, whilst any profit accruing from such Re-sale shall be forfeited to Government.

6th. The Promissory Notes taken on the day of Sale, under the last mentioned condition, if remaining unredeemed on the said 18th December 1850, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7th. No tender of Money, Sub-Treasurer's Receipts, or Public Securities on account of Opium, upon which the prescribed deposit may not have been made before 4 o'Clock of the 18th December 1850, will be afterwards accepted.

8th. The Opium, now advertized for Sale, shall be paid for within 15 clear days from the day of Sale, that is to say no Treasury Receipt will be accepted in payment after 4 P. M. of Tuesday, the 31st December 1850, and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit of 25 per Cent. even money of the amount for which each lot is knocked down, or Rupees 1000 for each lot, or any Public Securities that may have been deposited on account of such lots or Chests shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Customs, Salt and Opium, shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the Re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such Re-sale.

9th. Purchasers taking out Certificates or orders for the delivery of Opium after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase which they may desire to be included in each Certificate or order, and it is to be clearly understood that the Certificates or orders so taken out shall be considered final, and not afterwards changeable for other Certificates or orders authorizing the delivery of single lots or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each Certificate or order.

10th. No Sub-Treasurer's Receipts or deposit of Public Securities under the fifth of the present Conditions, will be received in this Office, except from the party recorded as the purchaser in the Sale Book or his authorized Agent. The receipt for deposit of Public Securities will be granted only in the name of such purchaser, and the Securities so deposited will be returned when clearance has been made by the said purchaser or his order.

11th. The Officer superintending the Sale on the part of the Board of Customs, Salt and Opium, is empowered to reject at his discretion the bid of any individual unless such individual shall, on demand, tender at the time a deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts, or other Government Securities, equal to 25 per Cent. even money of the amount so bid, or Rupees 1,000 for each lot.

12th. With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified, that the Officer of Government superintending the Sale, shall be competent at any time during the Sale to withdraw any unsold lot, and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained and the first *bonâ fide* bidder for a lot after it has been offered for Sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the Officer of Government superintending the Sale, shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of 400 Rupees specified in the 2nd Clause of these Conditions.

13th. The purchaser of any lot shall have the option of naming and purchasing in immediate succession any number of lots of the same Agency Opium to the extent of Twenty-five lots, and for the lots so purchased the purchaser shall deposit for each lot 25 per Cent. even money of the amount bid by him for the first lot, or Rupees 1,000 for each lot, and pay the same price per Chest as that for which he purchased his first lot, provided always that there remain a sufficient number of lots of that Opium to complete the said twenty-five, but not otherwise.

14th. In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15th. The following papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date by application at the Office of the Secretary to the Board of Customs, Salt and Opium.

No. 1. Certificate of the Opium now advertized for sale.

No. 2. Report of the examination of such Opium.

16th. The public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1849-50, the same precautions have been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the Cakes, and to have the due proportion of Opium put into each Cake. An account of the weight of the drug when packed at Behar and Benares, and a statement of the average weight of the Chests indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium, and further that four Chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th. Any further information respecting weight or quality of the Opium advertized for Sale, that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Customs, Salt and Opium, but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the Drug, which may be preferred in reference to Chests after the Sale and delivery of the Opium for shipment.

18th. The public are hereby informed, that in addition to the quantity abovementioned, the following quantities, more or less, of Behar and Benares Opium of 1849-50, will be brought to Sale in the present season on or about the dates specified below:

It is hereby further notified, that under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815, quoted below, the Agents in India of the French Government, or persons duly appointed by them, are entitled to demand that, out of the quantities of Behar and Benares Opium declared as above for Sale at the Twelve Sales in the Months of December 1850, and January, February, March, April, May, June, July, August, September, October and November 1851, there shall be delivered to them at the average of the particular Sale or Sales to which the Opium so applied for may belong, a quantity, not exceeding in the aggregate 300 Chests, and the Agents of the French Government must make requisition for the whole of the Opium required by them during the Season within 30 days after the publication of this advertizement, specifying the particular Sale or Sales from which the quantity of Opium is intended to be taken. If the Agents of the French Government shall not make the requisition for Opium within the time abovementioned, the entire quantity of about 34,417 Chests of Behar and Benares as above estimated, will be brought to Sale in the usual manner, and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertized for Sale at each or any of the Twelve Sales abovmentioned, but shall not pay for it within the prescribed period of payment, the Governor of Bengal reserves to himself the right of disposing of the Opium, which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose.

Article 6th. *Article of the Convention above referred to.*

"With regard to the Trade in "Opium it is agreed between "the high contracting parties "that at each of the periodical "Sales of that article there "shall be reserved for the French Government, "and delivered upon requisition duly made by "the Agents of His Most Christian Majesty, or by "the persons duly appointed by them, the number "of Chests so applied for, provided that such supply shall not exceed Three Hundred Chests in "each year, and the price for the same shall be determined by the average rate at which Opium "shall have been sold at every such periodical "Sale it being understood that, if the quantity of "Opium applied for at any one time shall not be "taken on account of the French Government by "the Agents of His Most Christian Majesty "within the usual period of delivery, the quantity "so applied for shall nevertheless be considered "as so much in reduction of the Three Hundred "Chests hereinbefore mentioned: the requisitions "for Opium as aforesaid are to be addressed to "the Governor General at Calcutta, within thirty "days after notice of the intended Sales shall have "been published in the Government Gazette."

By order of the Board of Customs, Salt and Opium,

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo, the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bonâ fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bonâ fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.

By order of the Central Committee,

CECIL BEADON,
Secretary.

Calcutta, the 7th June, 1850.

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bonâ fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bonâ fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.

By order of the Central Committee,

CECIL BEADON,
Secretary.

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bonâ fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bonâ fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.

By order of the Central Committee,

CECIL BEADON,

Secretary.

Ditto of Benares ditto, ...	,,	890

CONDITIONS OF SALE.

1st. The Opium will be sold for Exportation by Sea only, and no Certificate will be granted except to cover such Export.

2nd. The Opium will be ordinarily offered for Sale at an upset price of Rupees 400 per Chest, and sold to the highest bidder above that price, except under the circumstances for which Provision is made by Clause 12 of the Conditions of Sale.

3rd. The Sale shall commence at the hour of 11 A. M., and shall not be continued after the hour of 5 P. M., but if at that hour any of the lots advertized for Sale shall remain unsold, the Sale may at the discretion of the Board of Customs, Salt and Opium, be resumed on the next day following (not being Sunday or a Public Holiday,) at the hour of 11 A. M., and so on until the whole of the remaining lots are disposed of; or if the quantity of 2870 Chests shall not be sold on the day advertized, the Board may dispose of the lots which remain on hand at a future Sale.

4th. Each lot to contain Five Chests.

5th. A deposit in a Promissory Note, either for 25 per Cent. even money of the amount for which each lot is knocked down, or for Rupees 1000, at the discretion of the Officer superintending the Sale, shall be made by the purchaser in the Sale Room, and before the lot is registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'Clock of the afternoon of Wednesday, the 18th December 1850, or on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's Receipts, or deposit of other Public Securities as aforesaid shall have been delivered in, shall be Re-sold at such time or times, and under such Conditions of Re-sale, as the Board of Customs, Salt and Opium, shall see fit, and all losses and expenses whatsoever attending such Resale shall be borne and paid by the defaulters, whilst any profit accruing from such Re-sale shall be forfeited to Government.

6th. The Promissory Notes taken on the day of Sale, under the last mentioned condition, if remaining unredeemed on the said 18th December 1850, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7th. No tender of Money, Sub-Treasurer's Receipts, or Public Securities on account of Opium, upon which the prescribed deposit may not have been made before 4 o'Clock of the 18th December 1850, will be afterwards accepted.

8th. The Opium, now advertized for Sale, shall be paid for within 15 clear days from the day of Sale, that is to say no Treasury Receipt will be accepted in payment after 4 P. M. of Tuesday, the 31st December 1850, and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit of 25 per Cent. even money of the amount for which each lot is knocked down, or Rupees 1000 for each lot, or any Public Securities that may have been deposited on account of such lots or Chests shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Customs, Salt and Opium, shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the Re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such Re-sale.

9th. Purchasers taking out Certificates or orders for the delivery of Opium after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase which they may desire to be included in each Certificate or order, and it is to be clearly understood that the Certificates or orders so taken out shall be considered final, and not afterwards changeable for other Certificates or orders authorizing the delivery of single lots or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each Certificate or order.

10th. No Sub-Treasurer's Receipts or deposit of Public Securities under the fifth of the present Conditions, will be received in this Office, except from the party recorded as the purchaser in the Sale Book or his authorized Agent. The receipt for deposit of Public Securities will be granted only in the name of such purchaser, and the Secu-

rities so deposited will be returned when clearance has been made by the said purchaser or his order.

11th. The Officer superintending the Sale on the part of the Board of Customs, Salt and Opium, is empowered to reject at his discretion the bid of any individual unless such individual shall, on demand, tender at the time a deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts, or other Government Securities, equal to 25 per Cent. even money of the amount so bid, or Rupees 1,000 for each lot.

12th. With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified, that the Officer of Government superintending the Sale, shall be competent at any time during the Sale to withdraw any unsold lot, and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained and the first *bond fide* bidder for a lot after it has been offered for Sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the Officer of Government superintending the Sale, shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of 400 Rupees specified in the 2nd Clause of these Conditions.

13th. The purchaser of any lot shall have the option of naming and purchasing in immediate succession any number of lots of the same Agency Opium to the extent of Twenty-five lots, and for the lots so purchased the purchaser shall deposit for each lot 25 per Cent. even money of the amount bid by him for the first lot, or Rupees 1,000 for each lot, and pay the same price per Chest as that for which he purchased his first lot, provided always that there remain a sufficient number of lots of that Opium to complete the said twenty-five, but not otherwise.

14th. In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15th. The following papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date by application at the Office of the Secretary to the Board of Customs, Salt and Opium.

No. 1. Certificate of the Opium now advertized for sale.

No. 2. Report of the examination of such Opium.

16th. The public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1849-50, the same precautions have been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the Cakes, and to have the due proportion of Opium put into each Cake. An account of the weight of the drug when packed at Behar and Benares, and a statement of the average weight of the Chests indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium, and further that four Chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th. Any further information respecting weight or quality of the Opium advertized for Sale, that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Customs, Salt and Opium, but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the Drug, which may be preferred in reference to Chests after the Sale and delivery of the Opium for shipment.

18th. The public are hereby informed, that in addition to the quantity abovementioned, the following quantities, more or less, of Behar and Benares Opium of 1849-50, will be brought to Sale in the present season on or about the dates specified below:

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition, either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bonâ fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bonâ fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.

By order of the Central Committee,

CECIL BEADON,
Secretary.

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bonâ fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bonâ fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.

By order of the Central Committee,

CECIL BEADON,
Secretary.

3rd. The Sale shall commence at the hour of 11 A. M., and shall not be continued after the hour of 5 P. M., but if at that hour any of the lots advertized for Sale shall remain unsold, the Sale may at the discretion of the Board of Customs, Salt and Opium, be resumed on the next day following (not being Sunday or a Public Holiday,) at the hour of 11 A. M., and so on until the whole of the remaining lots are disposed of; or if the quantity of 2870 Chests shall not be sold on the day advertized, the Board may dispose of the lots which remain on hand at a future Sale.

M. of Tuesday, the 31st December 1850, and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit of 25 per Cent. even money of the amount for which each lot is knocked down, or Rupees 1000 for each lot, or any Public Securities that may have been deposited on account of such lots or Chests shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Customs, Salt and Opium, shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the Re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such Re-sale.

rities so deposited will be returned when clearance has been made by the said purchaser or his order.

11th. The Officer superintending the Sale on the part of the Board of Customs, Salt and Opium, is empowered to reject at his discretion the bid of any individual unless such individual shall, on demand, tender at the time a deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts, or other Government Securities, equal to 25 per Cent. even money of the amount so bid, or Rupees 1,000 for each lot.

12th. With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified, that the Officer of Government superintending the Sale, shall be competent at any time during the Sale to withdraw any unsold lot, and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained and the first *bonâ fide* bidder for a lot after it has been offered for Sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the Officer of Government superintending the Sale, shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of 400 Rupees specified in the 2nd Clause of these Conditions.

13th. The purchaser of any lot shall have the option of naming and purchasing in immediate succession any number of lots of the same Agency Opium to the extent of Twenty-five lots, and for the lots so purchased the purchaser shall deposit for each lot 25 per Cent. even money of the amount bid by him for the first lot, or Rupees 1,000 for each lot, and pay the same price per Chest as that for which he purchased his first lot, provided always that there remain a sufficient number of lots of that Opium to complete the said twenty-five, but not otherwise.

14th. In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15th. The following papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date by application at the Office of the Secretary to the Board of Customs, Salt and Opium.

No. 1. Certificate of the Opium now advertized for sale.

No. 2. Report of the examination of such Opium.

16th. The public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1849-50, the same precautions have been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the Cakes, and to have the due proportion of Opium put into each Cake. An account of the weight of the drug when packed at Behar and Benares, and a statement of the average weight of the Chests indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium, and further that four Chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th. Any further information respecting weight or quality of the Opium advertized for Sale, that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Customs, Salt and Opium, but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the Drug, which may be preferred in reference to Chests after the Sale and delivery of the Opium for shipment.

18th. The public are hereby informed, that in addition to the quantity abovementioned, the following quantities, more or less, of Behar and Benares Opium of 1849-50, will be brought to Sale in the present season on or about the dates specified below:

If the Agents of the French Government shall not make the requisition for Opium

within the time abovementioned, the entire quantity of about 34,417 Chests of Behar and Benares as abov estimated, will be brought to Sale in the usual manner, and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertized for Sale at each or any of the Twelve Sales abovmentioned, but shall not pay for it within the prescribed period of payment, the Governor of Bengal reserves to himself the right of disposing of the Opium, which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose.

Article of the Convention above referred to.

Article 6th. "With regard to the Trade in "Opium it is agreed between "the high contracting parties "that at each of the periodical "Sales of that article there "shall be reserved for the French Government, "and delivered upon requisition duly made by "the Agents of His Most Christian Majesty, or by "the persons duly appointed by them, the number "of Chests so applied for, provided that such supply shall not exceed Three Hundred Chests in "each year, and the price for the same shall be determined by the average rate at which Opium "shall have been sold at every such periodical "Sale; it being understood that, if the quantity of "Opium applied for at any one time shall not be "taken on account of the French Government by "the Agents of His Most Christian Majesty "within the usual period of delivery, the quantity "so applied for shall nevertheless be considered "as so much in reduction of the Three Hundred "Chests hereinbefore mentioned: the requisitions "for Opium as aforesaid are to be addressed to "the Governor General at Calcutta, within thirty "days after notice of the intended Sales shall have "been published in the Government Gazette."

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bond fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bond fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.

By order of the Central Committee,

CECIL BEADON,
Secretary.

3rd. The Sale shall commence at the hour of 11 A. M., and shall not be continued after the hour of 5 P. M., but if at that hour any of the lots advertized for Sale shall remain unsold, the Sale may at the discretion of the Board of Customs, Salt and Opium, be resumed on the next day following (not being Sunday or a Public Holiday,) at the hour of 11 A. M., and so on until the whole of the remaining lots are disposed of; or if the quantity of 2870 Chests shall not be sold on the day advertized, the Board may dispose of the lots which remain on hand at a future Sale.

4th. Each lot to contain Five Chests.

5th. A deposit in a Promissory Note, either for 25 per Cent. even money of the amount for which each lot is knocked down, or for Rupees 1000, at the discretion of the Officer superintending the Sale, shall be made by the purchaser in the Sale Room, and before the lot is registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'Clock of the afternoon of Wednesday, the 18th December 1850, or on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's Receipts, or deposit of other Public Securities as aforesaid shall have been delivered in, shall be Re-sold at such time or times, and under such Conditions of Re-sale, as the Board of Customs, Salt and Opium, shall see fit, and all losses and expenses whatsoever attending such Resale shall be borne and paid by the defaulters, whilst any profit accruing from such Re-sale shall be forfeited to Government.

6th. The Promissory Notes taken on the day of Sale, under the last mentioned condition, if remaining unredeemed on the said 18th December 1850, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7th. No tender of Money, Sub-Treasurer's Receipts, or Public Securities on account of Opium, upon which the prescribed deposit may not have been made before 4 o'Clock of the 18th December 1850, will be afterwards accepted.

8th. The Opium, now advertized for Sale, shall be paid for within 15 clear days from the day of Sale, that is to say no Treasury Receipt will be accepted in payment after 4 P. M. of Tuesday, the 31st December 1850, and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit of 25 per Cent. even money of the amount for which each lot is knocked down, or Rupees 1000 for each lot, or any Public Securities that may have been deposited on account of such lots or Chests shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Customs, Salt and Opium, shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the Re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such Re-sale.

rities so deposited will be returned when clearance has been made by the said purchaser or his order.

11th. The Officer superintending the Sale on the part of the Board of Customs, Salt and Opium, is empowered to reject at his discretion the bid of any individual unless such individual shall, on demand, tender at the time a deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts, or other Government Securities, equal to 25 per Cent. even money of the amount so bid, or Rupees 1,000 for each lot.

12th. With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified, that the Officer of Government superintending the Sale, shall be competent at any time during the Sale to withdraw any unsold lot, and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained and the first *bonâ fide* bidder for a lot after it has been offered for Sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the Officer of Government superintending the Sale, shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of 400 Rupees specified in the 2nd Clause of these Conditions.

13th. The purchaser of any lot shall have the option of naming and purchasing in immediate succession any number of lots of the same Agency Opium to the extent of Twenty-five lots, and for the lots so purchased the purchaser shall deposit for each lot 25 per Cent. even money of the amount bid by him for the first lot, or Rupees 1,000 for each lot, and pay the same price per Chest as that for which he purchased his first lot, provided always that there remain a sufficient number of lots of that Opium to complete the said twenty-five, but not otherwise.

14th. In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15th. The following papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date by application at the Office of the Secretary to the Board of Customs, Salt and Opium.

No. 1. Certificate of the Opium now advertized for sale.

No. 2. Report of the examination of such Opium.

16th. The public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1849-50, the same precautions have been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the Cakes, and to have the due proportion of Opium put into each Cake. An account of the weight of the drug when packed at Behar and Benares, and a statement of the average weight of the Chests indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium, and further that four Chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th. Any further information respecting weight or quality of the Opium advertized for Sale, that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Customs, Salt and Opium, but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the Drug, which may be preferred in reference to Chests after the Sale and delivery of the Opium for shipment.

18th. The public are hereby informed, that in addition to the quantity abovementioned, the following quantities, more or less, of Behar and Benares Opium of 1849-50, will be brought to Sale in the present season on or about the dates specified below:

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bond fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bond fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.

Secretary.

NOTICE.—One of the editions of the Chart of Port Phillip, made by Captain Hobson, of H. M. S. "Rattlesnake," and the first edition of the Chart published by Captain Stokes, of H. M. S. "Beagle," containing a serious misprint in the bearing laid down, as the course, for vessels entering the Port Phillip Heads, Masters of vessels should be very careful in examining their Charts, and altering, should they give the bearing of north-east by east (N. E. by E.) Such a course must inevitably carry vessels pursuing it from the outside, directly upon the point Lonsdale Reef.

The proper course for entering the Port Phillip Heads is north-east by north, (N. E. by N.)

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bonâ fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bonâ fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.

By order of the Central Committee,

CECIL BEADON,
Secretary.

His Honor the Superintendent directs it to be notified, for general information, that a "New fixed white Light of the second class," consisting of 24 lamps, is now exhibited at the Bluff, in place of the former light of 9 lamps.

This light will be exhibited from sunset until sunrise.

The necessary alterations of the column for the erection of the new lantern have not occasioned any change in the original height of the light.

Clerk of Works.

NOTICE.—One of the editions of the Chart of Port Phillip, made by Captain Hobson, of H. M. S. "Rattlesnake," and the first edition of the Chart published by Captain Stokes, of H. M. S. "Beagle," containing a serious misprint in the bearing laid down, as the course, for vessels entering the Port Phillip Heads, Masters of vessels should be very careful in examining their Charts, and altering, should they give the bearing of north-east by east (N. E. by E.) Such a course must inevitably carry vessels pursuing it from the outside, directly upon the point Lonsdale Reef.

The proper course for entering the Port Phillip Heads is north-east by north, (N. E. by N.)

NOTICE is hereby given, that on Monday, the 16th December, 1850, at the hour of Eleven o'Clock in the forenoon, will be put up to Sale at the Exchange Rooms at Calcutta, and sold by Public Auction, for Exportation by Sea, the undermentioned quantity of Opium, the Provision of 1849-50, subject to the following Conditions; viz.

Produce of Behar Agency, ...	Chests	1,980
Ditto of Benares ditto, ...	,,	890
Total Chests		2,870

CONDITIONS OF SALE.

1st. The Opium will be sold for Exportation by Sea only, and no Certificate will be granted except to cover such Export.

2nd. The Opium will be ordinarily offered for Sale at an upset price of Rupees 400 per Chest, and sold to the highest bidder above that price, except under the circumstances for which Provision is made by Clause 12 of the Conditions of Sale.

3rd. The Sale shall commence at the hour of 11 A. M., and shall not be continued after the hour of 5 P. M., but if at that hour any of the lots advertized for Sale shall remain unsold, the Sale may at the discretion of the Board of Customs, Salt and Opium, be resumed on the next day following (not being Sunday or a Public Holiday,) at the hour of 11 A. M., and so on until the whole of the remaining lots are disposed of; or if the quantity of 2870 Chests shall not be sold on the day advertized, the Board may dispose of the lots which remain on hand at a future Sale.

4th. Each lot to contain Five Chests.

5th. A deposit in a Promissory Note, either for 25 per Cent. even money of the amount for which each lot is knocked down, or for Rupees 1000, at the discretion of the Officer superintending the Sale, shall be made by the purchaser in the Sale Room, and before the lot is registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'Clock of the afternoon of Wednesday, the 18th December 1850, or on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's Receipts, or deposit of other Public Securities as aforesaid shall have been delivered in, shall be Re-sold at such time or times, and under such Conditions of Re-sale, as the Board of Customs, Salt and Opium, shall see fit, and all losses and expenses whatsoever attending such Resale shall be borne and paid by the defaulters, whilst any profit accruing from such Re-sale shall be forfeited to Government.

6th. The Promissory Notes taken on the day of Sale, under the last mentioned condition, if remaining unredeemed on the said 18th December 1850, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7th. No tender of Money, Sub-Treasurer's Receipts, or Public Securities on account of Opium, upon which the prescribed deposit may not have been made before 4 o'Clock of the 18th December 1850, will be afterwards accepted.

8th. The Opium, now advertized for Sale, shall be paid for within 15 clear days from the day of Sale, that is to say no Treasury Receipt will be accepted in payment after 4 P. M. of Tuesday, the 31st December 1850, and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit of 25 per Cent. even money of the amount for which each lot is knocked down, or Rupees 1000 for each lot, or any Public Securities that may have been deposited on account of such lots or Chests shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Customs, Salt and Opium, shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the Re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such Re-sale.

9th. Purchasers taking out Certificates or orders for the delivery of Opium after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase which they may desire to be included in each Certificate or order, and it is to be clearly understood that the Certificates or orders so taken out shall be considered final, and not afterwards changeable for other Certificates or orders authorizing the delivery of single lots or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each Certificate or order.

10th. No Sub-Treasurer's Receipts or deposit of Public Securities under the fifth of the present Conditions, will be received in this Office, except from the party recorded as the purchaser in the Sale Book or his authorized Agent. The receipt for deposit of Public Securities will be granted only in the name of such purchaser, and the Securities so deposited will be returned when clearance has been made by the said purchaser or his order.

11th. The Officer superintending the Sale on the part of the Board of Customs, Salt and Opium, is empowered to reject at his discretion the bid of any individual unless such individual shall, on demand, tender at the time a deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts,

or other Government Securities, equal to 25 per Cent. even money of the amount so bid, or Rupees 1,000 for each lot.

12th. With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified, that the Officer of Government superintending the Sale, shall be competent at any time during the Sale to withdraw any unsold lot, and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained and the first *bond fide* bidder for a lot after it has been offered for Sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the Officer of Government superintending the Sale, shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of 400 Rupees specified in the 2nd Clause of these Conditions.

13th. The purchaser of any lot shall have the option of naming and purchasing in immediate succession any number of lots of the same Agency Opium to the extent of Twenty-five lots, and for the lots so purchased the purchaser shall deposit for each lot 25 per Cent. even money of the amount bid by him for the first lot, or Rupees 1,000 for each lot, and pay the same price per Chest as that for which he purchased his first lot, provided always that there remain a sufficient number of lots of that Opium to complete the said twenty-five, but not otherwise.

14th. In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15th. The following papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date by application at the Office of the Secretary to the Board of Customs, Salt and Opium.

No. 1. Certificate of the Opium now advertized for sale.

No. 2. Report of the examination of such Opium.

16th. The public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1849-50, the same precautions have been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the Cakes, and to have the due proportion of Opium put into each Cake. An account of the weight of the drug when packed at Behar and Benares, and a statement of the average weight of the Chests indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium, and further that four Chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th. Any further information respecting weight or quality of the Opium advertized for Sale, that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Customs, Salt and Opium, but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the Drug, which may be preferred in reference to Chests after the Sale and delivery of the Opium for shipment.

18th. The public are hereby informed, that in addition to the quantity abovementioned, the following quantities, more or less, of Behar and Benares Opium of 1849-50, will be brought to Sale in the present season on or about the dates specified below:

19th. It is hereby further notified, that under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815, quoted below, the Agents in India of the French Government, or persons duly appointed by them, are entitled to demand that, out of the quantities of Behar and Benares Opium declared as above for Sale at the Twelve Sales in the Months of December 1850, and January, February, March, April, May, June, July, August, September, October and November 1851, there shall be delivered to them at the average of the particular Sale or Sales to which the Opium so applied for may belong, a quantity, not exceeding in the aggregate 300 Chests, and the Agents of the French Government must make requisition for the whole of the Opium required by them during the Season within 30 days after the publication of this advertizement, specifying the particular Sale or Sales from which the quantity of Opium is intended to be taken. If the Agents of the French Government shall not make the requisition for Opium within the time abovementioned, the entire quantity of about 34,417 Chests of Behar and Benares as abov estimated, will be brought to Sale in the usual manner, and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertized for Sale at each or any of the Twelve Sales abovmentioned, but shall not pay for it within the prescribed period

of payment, the Governor of Bengal reserved to himself the right of disposing of the Opium, which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose.

Article of the Convention above referred to.

Article 6th. "With regard to the Trade in "Opium it is agreed between "the high contracting parties "that at each of the periodical "Sales of that article there "shall be reserved for the French Government, "and delivered upon requisition duly made by "the Agents of His Most Christian Majesty, or by "the persons duly appointed by them, the number "of Chests so applied for, provided that such supply shall not exceed Three Hundred Chests in "each year, and the price for the same shall be determined by the average rate at which Opium "shall have been sold at every such periodical "Sale; it being understood that, if the quantity of "Opium applied for at any one time shall not be "taken on account of the French Government by "the Agents of His Most Christian Majesty "within the usual period of delivery, the quantity "so applied for shall nevertheless be considered "as so much in reduction of the Three Hundred "Chests hereinbefore mentioned: the requisitions "for Opium as aforesaid are to be addressed to "the Governor General at Calcutta, within thirty "days after notice of the intended Sales shall have "been published in the Government Gazette."

By order of the Board of Customs, Salt and Opium,

C. Hugh Lushington,
Offg. Secretary.

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bonâ fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bonâ fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collections.

By order of the Central Committee,

Cecil Beadon,
Secretary.

NOTICE TO MARINERS.

His Excellency the Governor has directed the re-publication, for general information, from the *Port Phillip Government Gazette*, of the following Notice, relating to the Light at Shortland's Bluff, and the course for entering the Port Phillip Heads.

By His Excellency's Command,
E. DEAS THOMSON.

TO MARINERS AND OTHERS.

Shortland's Bluff Light-House.

His Honor the Superintendent directs it to be notified, for general information, that a "New fixed white Light of the second class," consisting of 24 lamps, is now exhibited at the Bluff, in place of the former light of 9 lamps.

This light will be exhibited from sunset until sunrise.

The necessary alterations of the column for the erection of the new lantern have not occasioned any change in the original height of the light.

HENRY GINN,
Clerk of Works.

Melbourne, May 1st, 1850.

NOTICE.—One of the editions of the Chart of Port Phillip, made by Captain Hobson, of H. M. S. "Rattlesnake," and the first edition of the Chart published by Captain Stokes, of H. M. S. "Beagle," containing a serious misprint in the bearing laid down, as the course, for vessels entering the Port Phillip Heads, Masters of vessels should be very careful in examining their Charts, and altering, should they give the bearing of north-east by east (N. E. by E.) Such a course must inevitably carry vessels pursuing it from the outside, directly upon the point Lonsdale Reef.

The proper course for entering the Port Phillip Heads is north-east by north, (N. E. by N.)

Superintendent's Office,
Melbourne, 7th May, 1850.

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bond fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bonâ fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.

By order of the Central Committee,

CECIL BEADON,
Secretary.

Calcutta, the 7th June, 1850.

WEDNESDAY, NOVEMBER 6, 1850.

Fort William, Home Department, Legislative, the 1st November 1850.

The following Act is passed by the Hon'ble the President of the Council of India in Council, on the 1st November 1850, with the assent of the Most Noble the Governor General of India, which has been read and recorded:

Ordered, that the Act be promulgated for general information.

Act No. XXXVII. of 1850.

For regulating Enquiries into the behaviour of public Servants.

Whereas it is expedient to amend the law for regulating inquiries into the behaviour of public servants not removable without the sanction of Government, and to make the same uniform throughout the territories under the Government of the East India Company, It is enacted as follows:

I. The following Acts VI. 1838, XXVI. 1839, and XIII. 1843 are repealed, but not so as to revive any Act or Regulation, or part of any Act or Regulation thereby repealed.

II. Whenever the Government shall be of opinion that there are good grounds for making a formal and public inquiry into the truth of any imputation of misbehaviour by any person in the service of the East India Company not removable from his Office without the sanction of the same Government, it shall cause the substance of the imputations to be drawn into distinct Articles of Charge, and shall order a formal and public inquiry to be made into the truth thereof.

III. The inquiry may be committed either to the Court, Board or other authority to which the person accused is subordinate, or to any other person or persons, to be specially appointed by the Government, Commissioners for the purpose: notice of which commission shall be given to the person accused ten days at least before the beginning of the inquiry.

IV. When the Government shall think fit to conduct the prosecution, it shall nominate some person to conduct the same on its behalf.

V. When the charge shall be brought by an accuser, the Government shall require the accusation to be reduced to writing, and verified by the oath or solemn affirmation of the accused, and every person who shall wilfully and maliciously make any false accusation under this Act, upon such oath or affirmation, shall be liable to the penalties of perjury: but this enactment shall not be construed to prevent the Government from instituting any inquiry which it shall think fit, without such accusation on oath or solemn affirmation as aforesaid.

VI. Where the imputations shall have been made by an accuser, and the Government shall think fit to leave to him the conduct of the prosecution, the Government before appointing the Commission shall require him to furnish reasonable security that he will attend and prosecute the charge thoroughly and effectually, and also will be forthcoming to answer any counter-charge or action which may be afterwards brought against him for malicious prosecution or perjury or subornation of perjury, as the case may be.

VII. At any subsequent stage of the proceedings, the Government may, if it think fit, abandon the prosecution, and in such case may, if it think fit, on the application of the accuser, allow him to continue the prosecution, if he is desirous of so doing, on his furnishing such security as is hereinbefore mentioned.

VIII. The Commissioners shall have the same power of punishing contempts and obstructions to their proceedings, as is given to Civil and Criminal Courts by Act XXX. 1841, and shall have the same powers for the summons of witnesses, and for compelling the production of documents, and for the discharge of their duty under the Commission, and shall be entitled to the same protection as the Zillah and City Judges, except that all process to cause the attendance of witnesses, or other compulsory process, shall be served through and executed by the Zillah or City Judge in whose jurisdiction the witness or other person resides, on whom the process is to be served, and if he resides within Calcutta, Madras or Bombay, then through the Supreme Court of Judicature there. When the Commission has been issued to a Court, or other person or persons having power to issue such process in the exercise of their ordinary authority, they may also use all such power for the purposes of the Commission.

IX. All persons disobeying any lawful process issued as aforesaid for the purposes of the Commission shall be liable to the same penalties,

as if the same had issued originally from the Court or other authority through whom it is executed.

X. A copy of the Articles of Charge, and list of the documents and witnesses by which each charge is to be sustained shall be delivered to the person accused, at least three days before the beginning of the inquiry, exclusive of the day of delivery, and the first day of the inquiry.

XI. At the beginning of the inquiry, the prosecutor shall exhibit the Articles of Charge to the Commissioners, which shall be openly read, and the person accused shall thereupon be required to plead 'guilty' or 'not guilty' to each of them, which pleas shall be forthwith recorded with the Articles of Charge. If the person accused refuses, or without reasonable cause neglects to appear to answer the charge either personally or by his Counsel or Agent, he shall be taken to admit the truth of the Articles of Charge.

XII. The prosecutor shall then be entitled to address the Commissioners in explanation of the Articles of Charge, and of the evidence by which they are to be proved: his address shall not be recorded.

XIII. The oral and documentary evidence for the prosecution shall then be exhibited: the witnesses shall be examined by or on behalf of the prosecutor, and may be cross-examined by or on behalf of the person accused. The prosecutor shall be entitled to re-examine the witnesses on any points on which they have been cross-examined, but not on any new matter, without leave of the Commissioners, who also may put such questions as they think fit.

XIV. If it shall appear necessary before the close of the case for the prosecution, the Commissioners may in their discretion allow the prosecutor to exhibit evidence not included in the list given to the person accused, or may themselves call for new evidence, and in such case the person accused shall be entitled to have, if he demand it, an adjournment of the proceedings for three clear days, before the exhibition of such new evidence exclusive of the day of adjournment and of the day to which the proceedings are adjourned.

XV. When the case for the prosecution is closed, the person accused shall be required to make his defence, orally or in writing, as he shall prefer. If made orally, it shall not be recorded; if made in writing, it shall be recorded, after being openly read, and in that case a copy shall be given at the same time to the prosecutor.

XVI. The evidence for the defence shall then be exhibited, and the witnesses examined, who shall be liable to cross-examination and re-examination and to examination by the Commissioners according to the like rules as the witnesses for the prosecution.

XVII. All witnesses, either for the prosecution or defence, shall be examined on oath, or, if exempt from taking an oath in Courts of Justice, on solemn affirmation, to be administered in either case by one of the Commissioners, and every witness so examined and wilfully giving false evidence on any material point shall be deemed guilty of and liable to the penalties of perjury. When the prosecution is not conducted on behalf of Government, the prosecutor may himself give evidence for the prosecution and may be examined for the defence.

XVIII. The Commissioners or some person appointed by them shall take notes in English of all the oral evidence, which shall be read aloud to each witness by whom the same was given, and if necessary explained to him in the language in which it was given, and shall be recorded with the proceedings.

XIX. If the person accused makes only an oral defence, and exhibits no evidence, the enquiry shall end with his defence; if he records a written defence, or exhibits evidence, the prosecutor shall be entitled to a general oral reply on the whole case, and may also exhibit evidence to contradict any evidence exhibited for the defence, in which case the person accused shall not be entitled to any adjournment of the proceedings, although such new evidence were not included in the list furnished to him.

XX. When the Commissioners shall be of opinion that the Articles of Charge, or any of them, are not drawn with sufficient clearness and precision, the Commissioners may, in their discretion, require the same to be amended, and may thereupon, on the application of the person accused, adjourn the inquiry for a reasonable time. The Commissioners may also, if they think fit, adjourn the inquiry from time to time, on the application of either the prosecutor or the person accused, on the ground of the sickness or unavoidable absence of any witness or other reasonable cause. When such application is made and refused, the Commissioners shall record the application, and their reasons for refusing to comply with it.

XXI. After the close of the inquiry, the Commissioners shall forthwith report to Government their proceedings under the Commission, and shall send with the record thereof their opinion upon each of the Articles of Charge separately, with such observations as they think fit on the whole case.

XXII. The Government, on consideration of the report of the Commissioners, may order them to take further evidence, or give further explanation of their opinions. It may also order additional Articles of Charge to be framed, in which case the inquiry into the truth of such additional Articles shall be made in the same manner as is herein directed with respect to the original charges. When Special Commissioners have been appointed, the Government may also, if it thinks fit, refer the report of the Commissioners to the Court or other authority to which the person accused is subordinate, for their opinion on the case; and will finally pass such orders thereon as appear just and consistent with its powers in such cases.

XXIII. The word 'Government' as used in this Act means the Governor General in Council, the Governor or Deputy Governor of the Presidency of Fort William in Bengal, the Governor in Council of the Presidencies of Fort St. George and Bombay, respectively, and the Lieutenant Governor of the North-Western Provinces of Bengal, whose sanction is necessary for the removal of the person accused.

XXIV. Nothing in this Act shall be construed to repeal any Act or Regulation in force for the suspension or dismissal of Principal and other Sudder Ameens or of Deputy Magistrates or Deputy Collectors, but a Commission may be issued for the trial of any charge against any of the said Officers, under this Act, in any case in which the Government shall think it expedient.

XXV. Nothing in this Act shall be construed to affect the authority of Government, for suspending or removing any public servant for any cause without an inquiry under this Act.

Secy. to the Govt. of India.

Fort William, Home Department, Legislative, the 1st November, 1850.

The following Act is passed by the Hon'ble the President of the Council of India in Council, on the 1st November 1850, with the assent of the Most Noble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information.

ACT No. XXXVIII. OF 1850.

An Act to allow Counsel to all persons on the trial of Offences.

Whereas an Act of Parliament was passed in the seventh year of the reign of His late Majesty for enabling persons indicted of felony to make their defence by Counsel or Attorney, the provisions of which Act were enlarged and extended to Her Majesty's Courts of Justice in the Territories under the Government of the East India Company by Act XXII. 1839, and whereas it is just and reasonable that the like privilege be given to all persons on the trial of offences against the law, It is enacted as follows:

I. In all Courts and before all Magistrates, or persons exercising any of the powers of a Magistrate, under the authority of the East India Company, every person on trial for the commission of any offence shall be admitted to defend himself either personally or by his authorized agent, and, after the close of the case for the prosecution, to make full answer and defence thereto either personally or by his authorized agent.

II. The said Courts, Magistrates and persons, subject to such rules as shall be from time to time made for their guidance by the Nizamut or Fouzdaree Adawlut, may allow any prosecution to be conducted by an authorized agent.

III. In those Courts in which any person now has by law the right of employing whomsoever he can employ as Counsel or Pleader, nothing in this Act shall be deemed to restrict that right: in all other cases those persons only shall be deemed authorized agents within the meaning of this Act who are either Advocates of one of the Supreme Courts of Justice established by Royal Charter, or authorized Pleaders of the Civil Courts of the East India Company, or, by leave of the Court, Magistrate or other person before whom the prisoner is on trial, any other person who is employed by the prosecutor or prisoner as his agent.

IV. This Act shall not be deemed to dispense with the presence of any prosecutor or person on trial for the commission of any offence when the presence of such prosecutor or accused person is now by law required.

Secy. to the Govt. of India.

Fort William, Home Department, Legislative, the 1st November, 1850.

The following Draft of a proposed Act was read in Council for the first time on the 1st of November 1850.

ACT No. of 1850.

An Act for remunerating the Sheriff of Calcutta for the execution of Mofussil Process under Act XXIII. 1840.

For making better provision for the Sheriff of Calcutta, in remuneration for the execution of legal process issued by Courts out of Calcutta, It is enacted as follows:

I. The Court of Sudder Dewannee of the Lower Provinces of Bengal shall make, and from time to time amend, subject in each case to the approval of the Governor of Bengal, a table of reasonable fees, to be taken on account of the execution by the Sheriff in Calcutta of any legal process issued by any Court, Judge or Magistrate, beyond Calcutta; which fees shall be payable by the party applying for the process before it is sent to the Sheriff for execution, and shall be deemed costs in the cause.

II. Every such Court, Judge and Magistrate shall cause a separate account to be kept of the amount of all fees so paid, and shall, from time to time, as directed by Government, cause the amount thereof to be paid into the local treasury.

III. The Government shall twice in each year account for and pay over to the Sheriff of Calcutta, for the time being, the amount of fees so paid, after deducting all necessary expenses of receiving and keeping account thereof, and remitting the net proceeds thereof to Calcutta; or, where the amount has accrued in the Shrievalty of more than one Sheriff, shall apportion the sum paid accordingly between the Sheriff for the time being and the then late Sheriff.

IV. The Governor of Bengal, if he thinks fit, may compound with the Sheriff for a monthly payment to be made to him instead of such fees, and during such composition may appropriate the said fees to the purposes of Government.

V. Over and above such fees, or any fixed Salary received instead of such fees, the Sheriff shall be entitled to a fee after the rate of two Rupees Eight Annas for each Hundred Rupees, of the value of any goods or property taken by him in execution of any process issued by any Court, Judge or Magistrate beyond Calcutta, which fee shall be taken to cover all expenses of advertisement or otherwise connected with the seizure and sale.

VI. No fee, estimated upon the amount of the sum for which any person is taken in execution, shall be payable to the Sheriff of Calcutta or any of his Bailiffs, for taking the body of any person in execution on any process issued by any Court, Judge or Magistrate out of Calcutta, but instead thereof such fees shall be payable to the Sheriff for taking the body of any person in execution of any such process as shall be settled, from time to time, by the Court of Sudder Dewannee as aforesaid.

VII. If any person taken in execution on any such process shall escape out of the legal custody of the Sheriff of Calcutta, the Sheriff shall not be liable to an action of debt for such escape, but shall be liable only to an action upon the case for damages in consequence of such escape sustained by the person or persons at whose suit the prisoner was taken.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first meeting of the Legislative Council of India after the 1st day of January 1851.

NOTICE is hereby given, that on Monday, the 16th December, 1850, at the hour of Eleven o'Clock in the forenoon, will be put up to Sale at the Exchange Rooms at Calcutta, and sold by Public Auction, for Exportation by Sea, the undermentioned quantity of Opium, the Provision of 1849-50, subject to the following Conditions; viz.

Opium.

Produce of Behar Agency, ...	Chests	1,980
Ditto of Benares ditto, ...	,,	890
Total Chests		2,870

CONDITIONS OF SALE.

1st. The Opium will be sold for Exportation by Sea only, and no Certificate will be granted except to cover such Export.

2nd. The Opium will be ordinarily offered for Sale at an upset price of Rupees 400 per Chest, and sold to the highest bidder above that price, except under the circumstances for which Provision is made by Clause 12 of the Conditions of Sale.

3rd. The Sale shall commence at the hour of 11 A. M., and shall not be continued after the hour of 5 P. M., but if at that hour any of the lots advertized for Sale shall remain unsold, the Sale may at the discretion of the Board of Customs, Salt and Opium, be resumed on the next day following (not being Sunday or a Public Holiday,) at the hour of 11 A. M., and so on until the whole of the remaining lots are disposed of; or if the quantity of 2870 Chests shall not be sold on the day advertized, the Board may dispose of the lots which remain on hand at a future Sale.

4th. Each lot to contain Five Chests.

5th. A deposit in a Promissory Note, either for 25 per Cent. even money of the amount for which each lot is knocked down, or for Rupees 1000, at the discretion of the Officer superintending the Sale, shall be made by the purchaser in the Sale Room, and before the lot is registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'Clock of the afternoon of Wednesday, the 18th December 1850, or on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's Receipts, or deposit of other Public Securities as aforesaid shall have been delivered in, shall be Re-sold at such time or times, and under such Conditions of Re-sale, as the Board of Customs, Salt and Opium, shall see fit, and all losses and expenses whatsoever attending such Resale shall be borne and paid by the defaulters, whilst any profit accruing from such Re-sale shall be forfeited to Government.

6th. The Promissory Notes taken on the day of Sale, under the last mentioned condition, if remaining unredeemed on the said 18th December 1850, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7th. No tender of Money, Sub-Treasurer's Receipts, or Public Securities on account of Opium, upon which the prescribed deposit may not have been made before 4 o'Clock of the 18th December 1850, will be afterwards accepted.

8th. The Opium, now advertized for Sale, shall be paid for within 15 clear days from the day of Sale, that is to say no Treasury Receipt will be accepted in payment after 4 P. M. of Tuesday, the 31st December 1850, and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit of 25 per Cent. even money of the amount for which each lot is knocked down, or Rupees 1000 for each lot, or any Public Securities that may have been deposited on account of such lots or Chests shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Customs, Salt and Opium, shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the Re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such Re-sale.

9th. Purchasers taking out Certificates or orders for the delivery of Opium after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase which they may desire to be included in each Certificate or order, and it is to be clearly understood that the Certificates or orders so taken out shall be considered final, and not afterwards changeable for other Certificates or orders authorizing the delivery of single lots or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each Certificate or order.

10th. No Sub-Treasurer's Receipts or deposit of Public Securities under the fifth of the present Conditions, will be received in this Office, except from the party recorded as the purchaser in the Sale Book or his authorized Agent. The receipt for deposit of Public Securities will be granted only in the name of such purchaser, and the Securities so deposited will be returned when clearance has been made by the said purchaser or his order.

11th. The Officer superintending the Sale on the part of the Board of Customs, Salt and Opium, is empowered to reject at his discretion the bid of any individual unless such individual shall, on demand, tender at the time a deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts,

or other Government Securities, equal to 25 per Cent. even money of the amount so bid, or Rupees 1,000 for each lot.

12th. With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified, that the Officer of Government superintending the Sale, shall be competent at any time during the Sale to withdraw any unsold lot, and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained and the first *bonâ fide* bidder for a lot after it has been offered for Sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the Officer of Government superintending the Sale, shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of 400 Rupees specified in the 2nd Clause of these Conditions.

13th. The purchaser of any lot shall have the option of naming and purchasing in immediate succession any number of lots of the same Agency Opium to the extent of Twenty-five lots, and for the lots so purchased the purchaser shall deposit for each lot 25 per Cent. even money of the amount bid by him for the first lot, or Rupees 1,000 for each lot, and pay the same price per Chest as that for which he purchased his first lot, provided always that there remain a sufficient number of lots of that Opium to complete the said twenty-five, but not otherwise.

14th. In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15th. The following papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date by application at the Office of the Secretary to the Board of Customs, Salt and Opium.

No. 1. Certificate of the Opium now advertized for sale.

No. 2. Report of the examination of such Opium.

16th. The public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1849-50, the same precautions have been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the Cakes, and to have the due proportion of Opium put into each Cake. An account of the weight of the drug when packed at Behar and Benares, and a statement of the average weight of the Chests indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium, and further that four Chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th. Any further information respecting weight or quality of the Opium advertized for Sale, that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Customs, Salt and Opium, but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the Drug, which may be preferred in reference to Chests after the Sale and delivery of the Opium for shipment.

18th. The public are hereby informed, that in addition to the quantity abovementioned, the following quantities, more or less, of Behar and Benares Opium of 1849-50, will be brought to Sale in the present season on or about the dates specified below:

19th. It is hereby further notified, that under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815, quoted below, the Agents in India of the French Government, or persons duly appointed by them, are entitled to demand that, out of the quantities of Behar and Benares Opium declared as above for Sale at the Twelve Sales in the Months of December 1850, and January, February, March, April, May, June, July, August, September, October and November 1851, there shall be delivered to them at the average of the particular Sale or Sales to which the Opium so applied for may belong, a quantity, not exceeding in the aggregate 300 Chests, and the Agents of the French Government must make requisition for the whole of the Opium required by them during the Season within 30 days after the publication of this advertizement, specifying the particular Sale or Sales from which the quantity of Opium is intended to be taken. If the Agents of the French Government shall not make the requisition for Opium within the time abovementioned, the entire quantity of about 34,417 Chests of Behar and Benares as abov estimated, will be brought to Sale in the usual manner, and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertized for Sale at each or any of the Twelve Sales abovmentioned, but shall not pay for it within the prescribed period

of payment, the Governor of Bengal reserves to himself the right of disposing of the Opium, which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose.

Article of the Convention above referred to.

Article 6th. "With regard to the Trade in "Opium it is agreed between "the high contracting parties "that at each of the periodical "Sales of that article there "shall be reserved for the French Government, "and delivered upon requisition duly made by "the Agents of His Most Christian Majesty, or by "the persons duly appointed by them, the number "of Chests so applied for, provided that such sup- "ply shall not exceed Three Hundred Chests in "each year, and the price for the same shall be de- "termined by the average rate at which Opium "shall have been sold at every such periodical "Sale; it being understood that, if the quantity of "Opium applied for at any one time shall not be "taken on account of the French Government by "the Agents of His Most Christian Majesty "within the usual period of delivery, the quantity "so applied for shall nevertheless be considered "as so much in reduction of the Three Hundred "Chests hereinbefore mentioned: the requisitions "for Opium as aforesaid are to be addressed to "the Governor General at Calcutta, within thirty "days after notice of the intended Sales shall have "been published in the Government Gazette."

By order of the Board of Customs, Salt and Opium,

C. Hugh Lushington,
Offg. Secretary.

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bonâ fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case that the articles are *bonâ fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article, than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.

Secretary.

I. The following Acts VI. 1838, XXVI. 1839, and XIII. 1843 are repealed, but not so as to revive any Act or Regulation, or part of any Act or Regulation thereby repealed.

II. Whenever the Government shall be of opinion that there are good grounds for making a formal and public inquiry into the truth of any imputation of misbehaviour by any person in the service of the East India Company not removable from his Office without the sanction of the same Government, it shall cause the substance of the imputations to be drawn into distinct Articles of Charge, and shall order a formal and public inquiry to be made into the truth thereof.

III. The inquiry shall be committed either to one or more Courts, the Governor authority to which the person accused is subordinate, or to any other person or persons, to be specially appointed by the Government, Commissioners for the purpose: notice of which commission shall be given to the person accused ten days at least before the beginning of the inquiry.

IV. When the Government shall think fit to conduct the prosecution, it shall nominate some person to conduct the same on its behalf.

V. VI. Where the imputations shall have been made by an accuser, and the Government shall think fit to leave to him the conduct of the prosecution, the Government before appointing the Commission shall require him to furnish reasonable security that he will attend and prosecute the charge thoroughly and effectually, and also will be forthcoming to answer any counter-charge or action which may be afterwards brought against him for malicious prosecution or perjury or subornation of perjury, as the case may be.

No. 8.

Fort William, Financial Department, the 19th March, 1850.

NOTIFICATION.—Notice is hereby given, that for the present, no further Advances will be made in India on the Security of Goods hypothecated to the East India Company.

By order of the Most Noble the Governor General in Council,

J. A. DORIN,
Secy. to the Govt. of India.

Fort William, Home Department, Legislative, the 1st November 1850.

The following Act is passed by the Hon'ble the President of the Council of India in Council, on the 1st November 1850, with the assent of the Most Noble the Governor General of India, which has been read and recorded:

Ordered, that the Act be promulgated for general information.

ACT No. XXXVII. OF 1850.

For regulating Enquiries into the behaviour of public Servants.

Whereas it is expedient to amend the law for regulating inquiries into the behaviour of public servants not removable without the sanction of Government, and to make the same uniform throughout the territories under the Government of the East India Company, It is enacted as follows:

I. The following Acts VI. 1838, XXVI. 1839, and XIII. 1843 are repealed, but not so as to revive any Act or Regulation, or part of any Act or Regulation thereby repealed.

II. Whenever the Government shall be of opinion that there are good grounds for making a formal and public inquiry into the truth of any imputation of misbehaviour by any person in the service of the East India Company not removable from his Office without the sanction of the same Government, it shall cause the substance of the imputations to be drawn into distinct Articles of Charge, and shall order a formal and public inquiry to be made into the truth thereof.

III. The inquiry may be committed either to the Court, Board or other authority to which the person accused is subordinate, or to any other person or persons, to be specially appointed by the Government, Commissioners for the purpose: notice of which commission shall be given to the person accused ten days at least before the beginning of the inquiry.

IV. When the Government shall think fit to conduct the prosecution, it shall nominate some person to conduct the same on its behalf.

V. When the charge shall be brought by an accuser, the Government shall require the accusation to be reduced to writing, and verified by the oath or solemn affirmation of the accuser, and every person who shall wilfully and maliciously make any false accusation under this Act, upon such oath or affirmation, shall be liable to the penalties of perjury: but this enactment shall not be construed to prevent the Government from instituting any inquiry which it shall think fit, without such accusation on oath or solemn affirmation as aforesaid.

VI. Where the imputations shall have been made by an accuser, and the Government shall think fit to leave to him the conduct of the prosecution, the Government before appointing the Commission shall require him to furnish reasonable security that he will attend and prosecute the charge thoroughly and effectually, and also will be forthcoming to answer any counter-charge or action which may be afterwards brought against him for malicious prosecution or perjury or subornation of perjury, as the case may be.

VII. At any subsequent stage of the proceedings, the Government may, if it think fit, abandon the prosecution, and in such case may, if it think fit, on the application of the accuser, allow him to continue the prosecution, if he is desirous of so doing, on his furnishing such security as is hereinbefore mentioned.

VIII. The Commissioners shall have the same power of punishing contempts and obstructions to their proceedings, as is given to Civil and Criminal Courts by Act XXX. 1841, and shall have the same powers for the summons of witnesses, and for compelling the production of documents, and for the discharge of their duty under the Commission, and shall be entitled to the same protection as the Zillah and City Judges, except that all process to cause the attendance of witnesses, or other compulsory process, shall be served through and executed by the Zillah or City Judge in whose jurisdiction the witness or other person resides, on whom the process is to

be served, and if he resides within Calcutta, Madras or Bombay, then through the Supreme Court of Judicature there. When the Commission has been issued to a Court, or other person or persons having power to issue such process in the exercise of their ordinary authority, they may also use all such power for the purposes of the Commission.

IX. All persons disobeying any lawful process issued as aforesaid for the purposes of the Commission shall be liable to the same penalties, as if the same had issued originally from the Court or other authority through whom it is executed:

X. A copy of the Articles of Charge, and list of the documents and witnesses by which each charge is to be sustained shall be delivered to the person accused, at least three days before the beginning of the inquiry, exclusive of the day of delivery, and the first day of the inquiry.

XI. At the beginning of the inquiry, the prosecutor shall exhibit the Articles of Charge to the Commissioners, which shall be openly read, and the person accused shall thereupon be required to plead 'guilty' or 'not guilty' to each of them, which pleas shall be forthwith recorded with the Articles of Charge. If the person accused refuses, or without reasonable cause neglects to appear to answer the charge either personally or by his Counsel or Agent, he shall be taken to admit the truth of the Articles of Charge.

XII. The prosecutor shall then be entitled to address the Commissioners in explanation of the Articles of Charge, and of the evidence by which they are to be proved: his address shall not be recorded.

XIII. The oral and documentary evidence for the prosecution shall then be exhibited: the witnesses shall be examined by or on behalf of the prosecutor, and may be cross-examined by or on behalf of the person accused. The prosecutor shall be entitled to re-examine the witnesses on any points on which they have been cross-examined, but not on any new matter, without leave of the Commissioners, who also may put such questions as they think fit.

XIV. If it shall appear necessary before the close of the case for the prosecution, the Commissioners may in their discretion allow the prosecutor to exhibit evidence not included in the list given to the person accused, or may themselves call for new evidence, and in such case the person accused shall be entitled to have, if he demand it, an adjournment of the proceedings for three clear days, before the exhibition of such new evidence exclusive of the day of adjournment and of the day to which the proceedings are adjourned.

XV. When the case for the prosecution is closed, the person accused shall be required to make his defence, orally or in writing, as he shall prefer. If made orally, it shall not be recorded; if made in writing, it shall be recorded, after being openly read, and in that case a copy shall be given at the same time to the prosecutor.

XVI. The evidence for the defence shall then be exhibited, and the witnesses examined, who shall be liable to cross-examination and re-examination and to examination by the Commissioners according to the like rules as the witnesses for the prosecution.

XVII. All witnesses, either for the prosecution or defence, shall be examined on oath, or, if exempt from taking an oath in Courts of Justice, on solemn affirmation, to be administered in either case by one of the Commissioners, and every witness so examined and wilfully giving false evidence on any material point shall be deemed guilty of and liable to the penalties of perjury. When the prosecution is not conducted on behalf of Government, the prosecutor may himself give evidence for the prosecution and may be examined for the defence.

XVIII. The Commissioners or some person appointed by them shall take notes in English of all the oral evidence, which shall be read aloud to each witness by whom the same was given, and if necessary explained to him in the language in which it was given, and shall be recorded with the proceedings.

XIX. If the person accused makes only an oral defence, and exhibits no evidence, the enquiry shall end with his defence; if he records a written defence, or exhibits evidence, the prosecutor shall be entitled to a general oral reply on the whole case, and may also exhibit evidence to contradict any evidence exhibited for the defence, in which case the person accused shall not be entitled to any adjournment of the proceedings, although such new evidence were not included in the list furnished to him.

XX. When the Commissioners shall be of opinion that the Articles of Charge, or any of them, are not drawn with sufficient clearness and precision, the Commissioners may, in their discretion, require the same to be amended, and may thereupon, on the application of the person accused, adjourn the inquiry for a reasonable time. The Commissioners may also, if they think fit, adjourn the inquiry from time to time, on the application of either the prosecutor or the person accused, on the ground of the sickness or unavoidable absence of any witness or other reasonable cause. When such application is made and refused, the Commissioners shall record the application, and their reasons for refusing to comply with it.

XXI. After the close of the inquiry, the Commissioners shall forthwith report to Government their proceedings under the Commission, and shall send with the record thereof their opinion upon each of the Articles of Charge separately, with such observations as they think fit on the whole case.

XXII. The Government, on consideration of the report of the Commissioners, may order them to take further evidence, or give further explanation of their opinions. It may also order additional Articles of Charge to be framed, in which case the inquiry into the truth of such additional Articles shall be made in the same manner as is herein directed with respect to the original charges. When Special Commissioners have been appointed, the Government may also, if it thinks fit, refer the report of the Commissioners to the Court or other authority to which the person accused is subordinate, for their opinion on the case; and will finally pass such orders thereon as appear just and consistent with its powers in such cases.

XXIII. The word 'Government' as used in this Act means the Governor General in Council, the Governor or Deputy Governor of the Presidency of Fort William in Bengal, the Governor in Council of the Presidencies of Fort St. George and Bombay, respectively, and the Lieutenant Governor of the North-Western Provinces of Bengal, whose sanction is necessary for the removal of the person accused.

XXIV. Nothing in this Act shall be construed to repeal any Act or Regulation in force for the suspension or dismissal of Principal and other Sudder Ameens or of Deputy Magistrates or Deputy Collectors, but a Commission may be issued for the trial of any charge against any of the said Officers, under this Act, in any case in which the Government shall think it expedient.

XXV. Nothing in this Act shall be construed to affect the authority of Government, for suspending or removing any public servant for any cause without an inquiry under this Act.

FRED. JAS. HALLIDAY,
Secy. to the Govt. of India.

Fort William, Home Department, Legislative, the 1st November, 1850.

The following Act is passed by the Hon'ble the President of the Council of India in Council, on the 1st November 1850, with the assent of the Most Noble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information.

ACT No. XXXVIII. OF 1850.

An Act to allow Counsel to all persons on the trial of Offences.

Whereas an Act of Parliament was passed in the seventh year of the reign of His late Majesty for enabling persons indicted of felony to make their defence by Counsel or Attorney, the provisions of which Act were enlarged and extended to Her Majesty's Courts of Justice in the Territories under the Government of the East India Company by Act XXII. 1839, and whereas it is just and reasonable that the like privilege be given to all persons on the trial of offences against the law, It is enacted as follows:

I. In all Courts and before all Magistrates, or persons exercising any of the powers of a Magistrate, under the authority of the East India Company, every person on trial for the commission of any offence shall be admitted to defend himself either personally or by his authorized agent, and, after the close of the case for the prosecution, to make full answer and defence thereto either personally or by his authorized agent.

II. The said Courts, Magistrates and persons, subject to such rules as shall be from time to time made for their guidance by the Nizamut or Fouzdaree Adawlut, may allow any prosecution to be conducted by an authorized agent.

III. In those Courts in which any person now has by law the right of employing whomsoever he can employ as Counsel or Pleader, nothing in this Act shall be deemed to restrict that right: in all other cases those persons only shall be deemed authorized agents within the meaning of this Act who are either Advocates of one of the Supreme Courts of Justice established by Royal Charter, or authorized Pleaders of the Civil Courts of the East India Company, or, by leave of the Court, Magistrate or other person before whom the prisoner is on trial, any other person who is employed by the prosecutor or prisoner as his agent.

IV. This Act shall not be deemed to dispense with the presence of any prosecutor or person on trial for the commission of any offence when the presence of such prosecutor or accused person is now by law required.

Fort William, Home Department, Legislative, the 1st November, 1850.

The following Draft of a proposed Act was read in Council for the first time on the 1st of November 1850.

ACT No. —— OF 1850.

An Act for remunerating the Sheriff of Calcutta for the execution of Mofussil Process under Act XXIII. 1840.

For making better provision for the Sheriff of Calcutta, in remuneration for the execution of legal process issued by Courts out of Calcutta, It is enacted as follows:

I. The Court of Sudder Dewannee of the Lower Provinces of Bengal shall make, and from time to time amend, subject in each case to the approval of the Governor of Bengal, a table of reasonable fees, to be taken on account of the execution by the Sheriff in Calcutta of any legal process issued by any Court, Judge or Magistrate, beyond Calcutta; which fees shall be payable by the party applying for the process before it is sent to the Sheriff for execution, and shall be deemed costs in the cause.

II. Every such Court, Judge and Magistrate shall cause a separate account to be kept of the amount of all fees so paid, and shall, from time to time, as directed by Government, cause the amount thereof to be paid into the local treasury.

III. The Government shall twice in each year account for and pay over to the Sheriff of Calcutta, for the time being, the amount of fees so paid, after deducting all necessary expenses of receiving and keeping account thereof, and remitting the net proceeds thereof to Calcutta; or, where the amount has accrued in the Shrievalty of more than one Sheriff, shall apportion the sum paid accordingly between the Sheriff for the time being and the then late Sheriff.

IV. The Governor of Bengal, if he thinks fit, may compound with the Sheriff for a monthly payment to be made to him instead of such fees, and during such composition may appropriate the said fees to the purposes of Government.

V. Over and above such fees, or any fixed Salary received instead of such fees, the Sheriff shall be entitled to a fee after the rate of Two Rupees Eight Annas for each Hundred Rupees, of the value of any goods or property taken by him in execution of any process issued by any Court, Judge or Magistrate beyond Calcutta, which fee shall be taken to cover all expenses of advertisement or otherwise connected with the seizure and sale.

VI. No fee, estimated upon the amount of the sum for which any person is taken in execution, shall be payable to the Sheriff of Calcutta or any of his Bailiffs, for taking the body of any person in execution on any process issued by any Court, Judge or Magistrate out of Calcutta, but instead thereof such fees shall be payable to the Sheriff for taking the body of any person in execution of any such process as shall be settled, from time to time, by the Court of Sudder Dewannee as aforesaid.

VII. If any person taken in execution on any such process shall escape out of the legal custody of the Sheriff of Calcutta, the Sheriff shall not be liable to an action of debt for such escape, but shall be liable only to an action upon the case for damages in consequence of such escape sustained by the person or persons at whose suit the prisoner was taken.

Ordered, that the said Draft be re-considered at the first meeting of the Legislative Council of India after the 1st day of January 1851.

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bond fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bond fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.

By order of the Central Committee,

CECIL BEADON,
Secretary.

No Sub-Treasurer's Receipts or deposit of Public Securities under the fifth of the present Conditions, will be received in this Office, except from the party recorded as the purchaser in the Sale Book or his authorized Agent. The receipt for deposit of Public Securities will be granted only in the name of such purchaser, and the Securities so deposited will be returned when clearance has been made by the said purchaser or his order.

11th. The Officer superintending the Sale on the part of the Board of Customs, Salt and Opium, is empowered to reject at his discretion the bid of any individual unless such individual shall, on demand, tender at the time a deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts,

or other Government Securities, equal to 25 per Cent. even money of the amount so bid, or Rupees 1,000 for each lot.

12th. With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified, that the Officer of Government superintending the Sale, shall be competent at any time during the Sale to withdraw any unsold lot, and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually, until a bid is obtained and the first *bonâ fide* bidder for a lot after it has been offered for Sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the Officer of Government superintending the Sale, shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of 400 Rupees specified in the 2nd Clause of these Conditions.

13th. The purchaser of any lot shall have the option of naming and purchasing in immediate succession any number of lots of the same Agency Opium to the extent of Twenty-five lots, and for the lots so purchased the purchaser shall deposit for each lot 25 per Cent. even money of the amount bid by him for the first lot, or Rupees 1,000 for each lot, and pay the same price per Chest as that for which he purchased his first lot, provided always that there remain a sufficient number of lots of that Opium to complete the said twenty-five, but not otherwise.

14th. In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15th. The following papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date by application at the Office of the Secretary to the Board of Customs, Salt and Opium.

No. 1. Certificate of the Opium now advertized for sale.

No. 2. Report of the examination of such Opium.

16th. The public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1849-50, the same precautions have been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the Cakes, and to have the due proportion of Opium put into each Cake. An account of the weight of the drug when packed at Behar and Benares, and a statement of the average weight of the Chests indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium, and further that four Chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th. Any further information respecting weight or quality of the Opium advertized for Sale, that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Customs, Salt and Opium, but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the Drug, which may be preferred in reference to Chests after the Sale and delivery of the Opium for shipment.

18th. The public are hereby informed, that in addition to the quantity abovementioned, the following quantities, more or less, of Behar and Benares Opium of 1849-50, will be brought to Sale in the present season on or about the dates specified below:

If the Agents of the French Government shall not make the requisition for Opium within the time abovementioned, the entire quantity of about 34,417 Chests of Behar and Benares as above estimated, will be brought to Sale in the usual manner, and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertized for Sale at each or any of the Twelve Sales abovmentioned, but shall not pay for it within the prescribed period

of payment, the Governor of Bengal reserves to himself the right of disposing of the Opium, which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose.

Article of the Convention above referred to.

Article 6th. "With regard to the Trade in "Opium it is agreed between "the high contracting parties "that at each of the periodical "Sales of that article there "shall be reserved for the French Government, "and delivered upon requisition duly made by "the Agents of His Most Christian Majesty, or by "the persons duly appointed by them, the number "of Chests so applied for, provided that such supply shall not exceed Three Hundred Chests in "each year, and the price for the same shall be determined by the average rate at which Opium "shall have been sold at every such periodical "Sale; it being understood that, if the quantity of "Opium applied for at any one time shall not be "taken on account of the French Government by "the Agents of His Most Christian Majesty "within the usual period of delivery, the quantity "so applied for shall nevertheless be considered "as so much in reduction of the Three Hundred "Chests hereinbefore mentioned: the requisitions "for Opium as aforesaid are to be addressed to "the Governor General at Calcutta, within thirty "days after notice of the intended Sales shall have "been published in the Government Gazette."

NOTICE.—One of the editions of the Chart of Port Phillip, made by Captain Hobson, of H. M. S. "Rattlesnake," and the first edition of the Chart published by Captain Stokes, of H. M. S. "Beagle," containing a serious misprint in the bearing laid down, as the course, for vessels entering the Port Phillip Heads, Masters of vessels should be very careful in examining their Charts, and altering, should they give the bearing of north-east by east (N. E. by E.) Such a course must inevitably carry vessels pursuing it from the outside, directly upon the point Lonsdale Reef.

The proper course for entering the Port Phillip Heads is north-east by north, (N. E. by N.)

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bonâ fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bonâ fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.

By order of the Central Committee,

CECIL BEADON,
Secretary.

NOTICE is hereby given, that on Monday, the 16th December, 1850, at the hour of Eleven o'Clock in the forenoon, will be put up to Sale at the Exchange Rooms at Calcutta, and sold by Public Auction, for Exportation by Sea, the undermentioned quantity of Opium, the Provision of 1849-50, subject to the following Conditions; viz.

Produce of Behar Agency, ...	Chests	1,980
Ditto of Benares ditto, ...	,,	890
Total Chests		2,870

CONDITIONS OF SALE.

1st. The Opium will be sold for Exportation by Sea only, and no Certificate will be granted except to cover such Export.

2nd. The Opium will be ordinarily offered for Sale at an upset price of Rupees 400 per Chest, and sold to the highest bidder above that price, except under the circumstances for which Provision is made by Clause 12 of the Conditions of Sale.

3rd. The Sale shall commence at the hour of 11 A. M., and shall not be continued after the hour of 5 P. M., but if at that hour any of the lots advertized for Sale shall remain unsold, the Sale may, at the discretion of the Board of Customs, Salt and Opium, be resumed on the next day following (not being Sunday or a Public Holiday,) at the hour of 11 A. M., and so on until the whole of the remaining lots are disposed of; or if the quantity of 2870 Chests shall not be sold on the day advertized, the Board may dispose of the lots which remain on hand at a future Sale.

4th. Each lot to contain Five Chests.

5th. A deposit in a Promissory Note, either for 25 per Cent. even money of the amount for which each lot is knocked down, or for Rupees 1000, at the discretion of the Officer superintending the Sale, shall be made by the purchaser in the Sale Room, and before the lot is registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'Clock of the afternoon of Wednesday, the 18th December 1850, or on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's Receipts, or deposit of other Public Securities as aforesaid shall have been delivered in, shall be Re-sold at such time or times, and under such Conditions of Re-sale, as the Board of Customs, Salt and Opium, shall see fit, and all losses and expenses whatsoever attending such Re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such Re-sale shall be forfeited to Government.

6th. The Promissory Notes taken on the day of Sale, under the last mentioned condition, if remaining unredeemed on the said 18th December 1850, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7th. No tender of Money, Sub-Treasurer's Receipts, or Public Securities on account of Opium, upon which the prescribed deposit may not have been made before 4 o'Clock of the 18th December 1850, will be afterwards accepted.

8th. The Opium, now advertized for Sale, shall be paid for within 15 clear days from the day of Sale, that is to say, no Treasury Receipt will be accepted in payment after 4 P. M. of Tuesday, the 31st December 1850, and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit of 25 per Cent. even money of the amount for which each lot is knocked down, or Rupees 1000 for each lot, or any Public Securities that may have been deposited on account of such lots or Chests shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Customs, Salt and Opium, shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the Re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such Re-sale.

9th. Purchasers taking out Certificates or orders for the delivery of Opium after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase which they may desire to be included in each Certificate or order, and it is to be clearly understood that the Certificates or orders so taken out shall be considered final, and not afterwards changeable for other Certificates or orders authorizing the delivery of single lots or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each Certificate or order.

10th. No Sub-Treasurer's Receipts or deposit of Public Securities under the fifth of the present Conditions, will be received in this Office, except from the party recorded as the purchaser in the Sale Book or his authorized Agent. The receipt for deposit of Public Securities will be granted only in the name of such purchaser, and the Securities so deposited will be returned when clearance has been made by the said purchaser or his order.

11th. The Officer superintending the Sale on the part of the Board of Customs, Salt and Opium, is empowered to reject at his discretion the bid of any individual unless such individual shall, on demand, tender at the time a deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts,

or other Government Securities, equal to 25 per Cent. even money of the amount so bid, or Rupees 1000 for each lot.

12th. With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified, that the Officer of Government superintending the Sale, shall be competent at any time during the Sale to withdraw any unsold lot, and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained and the first *bonâ fide* bidder for a lot after it has been offered for Sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the Officer of Government superintending the Sale, shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of 400 Rupees specified in the 2nd Clause of these Conditions.

13th. The purchaser of any lot shall have the option of naming and purchasing in immediate succession any number of lots of the same Agency Opium to the extent of Twenty-five lots, and for the lots so purchased the purchaser shall deposit for each lot 25 per Cent. even money of the amount bid by him for the first lot, or Rupees 1000 for each lot, and pay the same price per Chest as that for which he purchased his first lot, provided always that there remain a sufficient number of lots of that Opium to complete the said twenty-five, but not otherwise.

14th. In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the accounts thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15th. The following papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date by application at the Office of the Secretary to the Board of Customs, Salt and Opium.

No. 1. Certificate of the Opium now advertized for sale.

No. 2. Report of the examination of such Opium.

16th. The public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1849-50, the same precautions have been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the Cakes, and to have the due proportion of Opium put into each Cake. An account of the weight of the drug when packed at Behar and Benares, and a statement of the average weight of the Chests indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium, and further that four Chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th. Any further information respecting weight or quality of the Opium advertized for Sale, that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Customs, Salt and Opium, but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the Drug, which may be preferred in reference to Chests after the Sale and delivery of the Opium for shipment.

18th. The public are hereby informed, that in addition to the quantity abovementioned, the following quantities, more or less, of Behar and Benares Opium of 1849-50, will be brought to Sale in the present season on or about the dates specified below:

If the Agents of the French Government shall not make the requisition for Opium within the time abovementioned, the entire quantity of about 34,417 Chests of Behar and Benares as above estimated, will be brought to Sale in the usual manner, and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertized for Sale at each or any of the Twelve Sales abovmentioned, but shall not pay for it within the prescribed period

Article of the Convention above referred to.

Article 6th. "With regard to the Trade in "Opium it is agreed between "the high contracting parties "that at each of the periodical "Sales of that article there "shall be reserved for the French Government, "and delivered upon requisition duly made by "the Agents of His Most Christian Majesty, or by "the persons duly appointed by them, the number "of Chests so applied for, provided that such supply shall not exceed Three Hundred Chests in "each year, and the price for the same shall be determined by the average rate at which Opium "shall have been sold at every such periodical "Sale; it being understood that, if the quantity of "Opium applied for at any one time shall not be "taken on account of the French Government by "the Agents of His Most Christian Majesty "within the usual period of delivery, the quantity "so applied for shall nevertheless be considered "as so much in reduction of the Three Hundred "Chests hereinbefore mentioned: the requisitions "for Opium as aforesaid are to be addressed to "the Governor General at Calcutta, within thirty "days after notice of the intended Sales shall have "been published in the Government Gazette."

By order of the Board of Customs, Salt and Opium,

C. Hugh Lushington,
Offg. Secretary.

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bonâ fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bonâ fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 4th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.

By order of the Central Committee,

Cecil Beadon,
Secretary.

General Orders by the Hon'ble the President of the Council of India in Council.

Fort William, 22nd November, 1850.

No. 582 of 1850.—In continuation of the Government General Order, No. 351, of the 22nd September 1849, regarding the enlistment of Recruits, &c. for the East India Company's Service, the Hon'ble the President of the Council of India in Council, with the concurrence of the Most Noble the Governor General, is pleased to direct the publication of the following supplementary rules:

1. Persons whose enlistment as Boys, Gunners, Privates, Buglers, or Drummers has been sanctioned by the Commander-in-Chief, and Soldiers desirous of re-enlisting or re-engaging themselves for further periods of service, are to be sent to the nearest Justice of the Peace within the Territories under the Government of the East India Company, or to the person holding the Office of British Resident, or performing the duties of such Office, within the Territories of any Foreign State, for the purpose of being enlisted and attested, or re-enlisted or re-engaged.

2. Recruits are to be taken within four days, (any intervening Sunday not included) but not sooner than twenty-four hours, after being enlisted, to the nearest Justice of the Peace or British Resident as above, to be duly attested.

3. The amount of enlisting money to be given to a Recruit, Half-Pay Trumpeter, Bugler, or Drummer on first enlistment is eight annas, which is to be drawn for in a Contingent Bill on the Paymaster and is to be considered in excess of the Bounty money specified in the 2nd para. of the Government General Order, No. 351, of the 22nd September 1849, as payable to Recruits enlisted under the Army Service Act.

4. Men now in the Army, and originally enlisted *in India* for limited periods, and who are considered fit, and may be desirous of re-engaging for a further period under the Army Service Act, are to be taken before the Justice of the Peace or British Resident for the purpose of making the declaration in the form given in the Schedule marked B. annexed to the said Act, viz. that if they have served *under* 10 years in the Infantry, or 12 years in the Artillery, they will serve such further term as will complete the above periods, receiving Bounty Money at the following rates:

If for 5 years and upwards, ...	Rs.	50
„ „ 3 or 4 years, ...	„	40
„ „ 1 or 2 „	„	16

and that if they have completed 10 years in the Infantry or 12 in the Artillery, they will serve 11 more in the Infantry or 12 in the Artillery, or such portion of these terms as will complete a total service of 21 years in the former, and 24 in the latter. Service to be reckoned from the day on which they attained the age of 18 years, if in the service at that period; if not, from the day on which they entered the service.

5. Men originally enlisted in India for limited periods, who have already completed 24 years' service in the Corps of Artillery and 21 years in the Infantry, cannot be brought under the operation of Acts X. and XI. Vict. Cap. XXXVII. as regards re-engagements, but will be permitted to renew their contracts upon the regulated bounty, as heretofore, viz., Rupees 50 for 5 years and Rupees 40 for 3 years.

6. Such men, as may have been *primarily* enlisted under the Army Service Act, if willing and considered fit to continue in the service, are to be taken before a Justice of the Peace or British Resident during the last six months of the term of limited service for which they shall have first engaged, or after the completion of such term, for the purpose of re-engaging to serve the further term of 11 years in the Infantry or 12 in the Artillery, and making the declaration in the prescribed form (Schedule B) of the Act of 1847, published in G. G. O. No. 132, of the 7th April 1848.

7. Men enlisted under the Army Service Act for the Artillery, who may have been transferred to the Infantry, and who are desirous of re-engaging themselves for a further term, will, at the expiration of their original term of service, or during the 6 months preceding, be re-engaged for such periods as will complete 21 years.

8. Men enlisted under the Army Service Act for the Infantry, that is, for 10 years, who may have been transferred to the Artillery, and are desirous of re-engaging themselves for a further period, will, at the expiration of their original term of service, or during the 6 months preceding, be re-engaged for a further period of 12 years, making 22 years' service; after the completion of which they can be re-engaged for 2 years to complete the prescribed term of service in the Artillery, viz., 24 years. It is to be distinctly understood, however, that a second re-engagement for the period of 2 years will confer no title to a third bounty.

9. Men belonging to the Town Major's List, or to the effective Supernumeraries at the other Presidencies, will, as concerns re-enlisting or re-engaging, come under the rules applicable to the branch of the service for which they first enlisted.

10. Such men as may have been *primarily* enlisted *in Europe* for unlimited service, prior to the passing of Acts X. and XI., Victoria Cap. XXXVII. and have not been discharged, are not to be affected by the provisions of the said Act, but will receive, under existing Regulations, gratuity after 12 and a fresh bounty (if certified to be fit for Field Service) after 17 years' service, and subsequently as they may be reported fit for field service, and of good character.

11. Those men now in the service, who were *primarily* enlisted in Europe for *limited* service, prior to the passing of Acts X. and XI., Victoria Cap. XXXVII., and who have served a period of 21 years in the Infantry, or 24 years in the Artillery, as specified in that Act, will be permitted to renew their contracts upon the regulated bounty as heretofore, viz., Rupees 40 for 3 years and Rupees 50 for 5 years.

12. All Half-Pay Buglers, of European parentage, and the Sons of Soldiers in the Company's Army, who are already in the service, and have attained their 12th year, are to be enlisted and attested, as directed in paras. 1 and 2, for such periods as will be equal to 10 years in the Infantry and 12 years in the Artillery, counting from the time they will attain the age of 18 years, without Bounty until the second term of enlistment.

13. No boys are to be admitted hereafter into the service without the special authority of the Commander-in-Chief. Those only of European parentage, and the Sons of Soldiers in the Company's Service, not being under 12 years of age, except under very special circumstances to be fully stated when application is made for their admission, can, when fit to bear Arms, be enrolled as Privates or Gunners; all others continuing to serve as Trumpeters or Drummers.

14. All Half-Pay Trumpeters, Buglers or Drummers, who, under very special circumstances, may be admitted into the service before attaining the prescribed age of 12 years, on completing that age, are to be enlisted and attested as directed in paras. 1 and 2.

15. Enlisted boys on attaining their 15th year, may, if vacancies exist, be brought on the strength of Corps as *Trumpeters*, *Buglers* or *Drummers*, without reference to Head-Quarters; but they are not to be enrolled as *Gunners* or *Privates* before they have completed 18 years of age, nor until a Medical Certificate, stating their fitness to bear Arms, has been furnished, and the Commander-in-Chief's sanction obtained for their being so enrolled.

16. With reference to the XLVIII. Section of the New Mutiny Act for the East India Company's European Forces, XII. and XIII. Victoria, Cap. XLVIII. the words "Magistrate not being an Officer in the Army" are to be struck out of the 4th para. of the Government General Order,

No. 351, of the 22nd September 1849, and in lieu thereof the following are to be inserted, "Justice of the Peace within the Territories "under the Government, or any person holding "the Office of British Resident, or performing "the duties of such Office, within the Territories "of any Foreign State."

Corresponding corrections are also to be made in the Form A. appended to the Government General Order above adverted to.

NOTICE TO MARINERS.

His Excellency the Governor has directed the re-publication, for general information, from the *Port Phillip Government Gazette*, of the following Notice, relating to the Light at Shortland's Bluff, and the course for entering the Port Phillip Heads.

By His Excellency's Command,

E. DEAS THOMSON.

TO MARINERS AND OTHERS.

Shortland's Bluff Light-House.

His Honor the Superintendent directs it to be notified, for general information, that a "New fixed white Light of the second class," consisting of 24 lamps, is now exhibited at the Bluff, in place of the former light of 9 lamps.

This light will be exhibited from sunset until sunrise.

The necessary alterations of the column for the erection of the new lantern have not occasioned any change in the original height of the light.

HENRY GINN,
Clerk of Works.

Melbourne, May 1st, 1850.

NOTICE.—One of the editions of the Chart of Port Phillip, made by Captain Hobson, of H. M. S. "Rattlesnake," and the first edition of the Chart published by Captain Stokes, of H. M. S. "Beagle," containing a serious misprint in the bearing laid down, as the course, for vessels entering the Port Phillip Heads, Masters of vessels should be very careful in examining their Charts, and altering, should they give the bearing of north-east by east (N. E. by E.) Such a course must inevitably carry vessels pursuing it from the outside, directly upon the point Lonsdale Reef.

The proper course for entering the Port Phillip Heads is north-east by north, (N. E. by N.)

Superintendent's Office,
Melbourne, 7th May, 1850.

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bond fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bond fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.

By order of the Central Committee,

CECIL BEADON,
Secretary.

No Sub-Treasurer's Receipts or deposit of Public Securities under the fifth of the present Conditions, will be received in this Office, except from the party recorded as the purchaser in the Sale Book or his authorized Agent. The receipt for deposit of Public Securities will be granted only in the name of such purchaser; and the Securities so deposited will be returned when clearance has been made by the said purchaser or his order.

11th. The Officer superintending the Sale on the part of the Board of Customs, Salt and Opium, is empowered to reject at his discretion the bid of any individual unless such individual shall, on demand, tender at the time a deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts,

or other Government Securities, equal to 25 per Cent. even money of the amount so bid, or Rupees 1000 for each lot.

12th. With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified, that the Officer of Government superintending the Sale, shall be competent at any time during the Sale to withdraw any unsold lot, and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained and the first *bonâ fide* bidder for a lot after it has been offered for Sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the Officer of Government superintending the Sale, shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of 400 Rupees specified in the 2nd Clause of these Conditions.

13th. The purchaser of any lot shall have the option of naming and purchasing in immediate succession any number of lots of the same Agency Opium to the extent of Twenty-five lots, and for the lots so purchased the purchaser shall deposit for each lot 25 per Cent. even money of the amount bid by him for the first lot, or Rupees 1000 for each lot, and pay the same price per Chest as that for which he purchased his first lot, provided always that there remain a sufficient number of lots of that Opium to complete the said twenty-five, but not otherwise.

14th. In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15th. The following papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date by application at the Office of the Secretary to the Board of Customs, Salt and Opium.

No. 1. Certificate of the Opium now advertized for sale.

No. 2. Report of the examination of such Opium.

16th. The public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1849-50, the same precautions have been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the Cakes, and to have the due proportion of Opium put into each Cake. An account of the weight of the drug when packed at Behar and Benares, and a statement of the average weight of the Chests indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium, and further that four Chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th. Any further information respecting weight or quality of the Opium advertized for Sale, that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Customs, Salt and Opium, but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the Drug, which may be preferred in reference to Chests after the Sale and delivery of the Opium for shipment.

18th. The public are hereby informed, that in addition to the quantity abovementioned, the following quantities, more or less, of Behar and Benares Opium of 1849-50, will be brought to Sale in the present season on or about the dates specified below:

of payment, the Governor of Bengal reserves to himself the right of disposing of the Opium, which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the Sale next ensuing the date of payment or by selling it at a Sale to be held expressly for the purpose.

Article of the Convention above referred to.

Article 6th. "With regard to the Trade in "Opium it is agreed between "the high contracting parties "that at each of the periodical "Sales of that article there "shall be reserved for the French Government, "and delivered upon requisition duly made by "the Agents of His Most Christian Majesty, or by "the persons duly appointed by them, the number "of Chests so applied for, provided that such supply shall not exceed Three Hundred Chests in "each year, and the price for the same shall be determined by the average rate at which Opium "shall have been sold at every such periodical "Sale; it being understood that, if the quantity of "Opium applied for at any one time shall not be "taken on account of the French Government by "the Agents of His Most Christian Majesty "within the usual period of delivery, the quantity "so applied for shall nevertheless be considered "as so much in reduction of the Three Hundred "Chests hereinbefore mentioned: the requisitions "for Opium as aforesaid are to be addressed to "the Governor General at Calcutta, within thirty "days after notice of the intended Sales shall have "been published in the Government Gazette."

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local

Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bond fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Centra Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bond fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.

By order of the Central Committee,

CECIL BEADON,
Secretary.

On the Bhaugiruttee River, 20th November, 1850.

* The entrance to the Bhaugiruttee is this year badly situated, there is but little current entering it from the Ganges consequently the Bandahls, erected have not much effect.

† On the 8th November, the Ganges broke into the bed of the Matabangah, above Jutparrah, giving it a head of its own which it has not had for many years.

Fort William, Home Department, Legislative, the 22nd November, 1850.

The following Draft of a proposed Act was read in Council for the first time on the 22nd of November 1850:

ACT No. —— OF 1850.

For constituting Commissioners for the Improvement of the Town of Calcutta.

Whereas Act XVI. 1847 for constituting Commissioners for the improvement of the Town of Calcutta has been found inconvenient and ineffectual for the intended purposes thereof, It is enacted as follows:

I. Act XVI. 1847 is repealed, except as to any thing done or forborne to be done under the said Act before the passing of this Act, but not so as to revive Act XX. 1840.

II. The several schemes of election agreed upon by the owners and occupiers of assessed houses, buildings and lands in each division of the Town, and the rules made by the Commissioners, severally approved by the Deputy Governor of Bengal, and President of the Council of India in Council, in pursuance of the said Act, are rescinded and annulled.

III. For the purposes of this Act the Town of Calcutta shall be divided into two divisions; that is to say, a northern and southern division, by a line passing from the river Hooghly at the old Fort Ghaut along the centre of Fairlie Place, Clive Street, the street on the northern side of Tank Square, Loll Bazaar, Bow Bazaar and Boitaconnah; or such other two divisions as the Governor of Bengal, from time to time, may appoint: and, whenever any such new division shall be made, the provisions of this Act, with respect to the divisions herein defined, shall be deemed to apply thenceforth to such new divisions. For the purposes of this Act, Fort William, with its appurtenances, shall be deemed to be within and part of the southern division of Calcutta.

IV. There shall be four Commissioners for executing the powers of this Act, who shall be styled the Commissioners for the Improvement of the Town of Calcutta, of whom two shall be appointed by the Governor of Bengal, and two shall be elected as hereinafter provided, that is to say, one for each division of the said Town.

V. The Commissioners shall enter upon their office on the First day of March 1851, and on the First day of January in each succeeding year, and shall hold their office regularly for one year or until their successors are duly constituted; and until the first constitution of Commissioners under this Act, the Commissioners now acting in the execution of the said Act XVI. 1847, shall exercise the powers of this Act, and shall be deemed Commissioners under this Act.

VI. Every person is entitled to vote in the yearly election of a Commissioner under this Act, who is either a person rated to pay, in respect of any house or houses in either division of the said Town, not less than five rupees in the whole for a quarter of a year, and who has paid the house taxes due from him in respect of at least one quarter of the same year; or an inhabitant of Calcutta, rated to pay, in respect of the wheel and cattle tax hereinafter mentioned, not less than five rupees in the whole for a quarter of a year, and who has paid the wheel and cattle taxes due from him, in respect of at least two quarters of the same year.

VII. Every voter qualified in respect of the house tax, whose quarterly rates are in the whole not less than twenty rupees, is entitled to two votes, and if not less than fifty rupees to three votes.

VIII. Every voter qualified in respect of the wheel and cattle tax, whose quarterly rates are not less than twenty rupees, is entitled to two votes.

IX. Each voter is entitled to vote in that division only, in which he is rated to the amount which constitutes his qualification: and the qualification of a voter to have one, two or three votes, must be complete in one division: but a person who is rated to the qualifying amount in each division may be entitled to vote in both.

X. All elections under this Act shall be under the management of the Sheriff of Calcutta, who shall appoint a sufficient number of Deputies to help him in presiding thereat: and every Deputy, while so acting for the Sheriff, shall have the same powers and duties as the Sheriff with respect to the division for which he is acting.

XI. The elective Commissioners shall be chosen for the year 1851 on the First day of March 1851, in the Town Hall of Calcutta, and

for every following year on a day after the Twenty-fifth day of December and before the First day of January, to be appointed in each year by the Sheriff of Calcutta, of which day and also of the place of election, after the first, the Sheriff shall give notice by advertisement in the Calcutta Gazette thirty days at least before the day of election.

XII. The place of election for each division of the Town shall be the Town Hall of Calcutta, or such other place as the Sheriff, with the sanction of the Governor of Bengal, shall, from time to time, appoint.

XIII. The voting shall begin at eight of the clock in the morning, and end at five of the clock in the afternoon of the appointed day; but the Sheriff, if he thinks fit, may declare the election completed for any division in which no vote is tendered for any candidate during any period of thirty minutes after ten of the clock in the morning.

XIV. Every person qualified to vote in the election, and none other, is qualified to be appointed or to be a candidate for election as a Commissioner.

XV. Every candidate shall, ten days at least before the day of election, give notice thereof in writing to the Sheriff, naming the division for which he is a candidate, and shall also, three days at least before the day of election, produce to and leave with the Sheriff a certificate from the Secretary to the Commissioners that he is qualified to be a candidate.

XVI. All expenses of the election of Commissioners, including the expense of advertising the time and place of election, shall be defrayed by the candidates; and every candidate shall, at the time when he produces to the Sheriff his certificate of qualification, deposit with the Sheriff the sum of two hundred rupees toward the expenses of the election, and in default thereof shall not be qualified to be elected.

XVII. If the whole amount so deposited shall not be spent by the Sheriff in such election, the residue shall be returned to the candidates in equal proportions; and, if the whole amount so deposited is not enough to defray the expense of such election, the Sheriff shall be entitled to receive from each candidate his proportionate share of the surplus expense, and in default of payment may sue for and recover the same as money spent on behalf of such candidate.

XVIII. The Commissioners shall cause to be prepared, in each year, correct alphabetical lists of the persons qualified to vote in each division of the Town, which lists shall be open for inspection at the office of the said Commissioners, on or before the First day of December 1851 and all subsequent years, during all reasonable hours of the day until the day of election, when the said lists or copies thereof shall be taken to the place of election for the use of the Sheriff and his Deputies.

XIX. The Secretary to the Commissioners, on the written application of any person qualified to vote as aforesaid, signed by himself and delivered, at every election after the first, not more than thirty or less than ten days before the earliest day on which the election can take place, with the receipted assessment bills, shewing that the applicant has paid the rates or taxes required by this Act to qualify him to vote, shall give to such person a voting ticket according to his qualification.

XX. The voting tickets shall be signed by the Secretary to the Commissioners, and shall be in the form contained in the first Schedule annexed to this Act, or in such other form as shall be, from time to time, adopted by the Commissioners, with the approval of the Government of Bengal, and shall be conclusive evidence that the person named therein is entitled to vote at the next election of a Commissioner in the division for which the ticket is given according to the tenor thereof.

XXI. At the time and place appointed for the election, the Sheriff or his Deputies shall attend with two closed boxes with openings in each box for the reception of voting tickets, and distinguished from each other, by having marked or painted legibly, in Roman and Bengallee characters, the word "northern" on one box, and the word "southern" on the other.

XXII. Every voter having obtained his voting ticket in each division in which he is qualified to vote, and having written thereon the name of the candidate for whom he wishes to vote, and having signed the same, shall personally attend at the place of election, and shall deliver his voting ticket to the Sheriff, or one of his Deputies presiding at the election for that division, who, on being satisfied of the identity of the person tendering the voting ticket with the person whose signature it bears, shall deposit such voting ticket in the box of the division.

XXIII. The Secretary, Assessor, Collector and Collecting Sircars of the Commissioners, and if required by any candidate, an agent appointed by writing under his hand on his behalf, shall attend at the place of election during the continuance thereof, for the purpose of assisting in identifying the persons who shall tender voting tickets.

XXIV. The decision of the Sheriff, or his Deputy admitting or rejecting any disputed vote tendered at any election, shall be conclusive as to the reception of the vote.

XXV. As soon as the election for any division is completed, the Sheriff or his Deputies, in the presence of the candidates, or such of them as choose to be present, or of scrutineers appointed in writing under their several hands, shall ascertain the number of votes given for each candidate in each division; and the Sheriff shall thereupon publicly declare the name of the candidate in each division for whom the greatest number of votes has been given in such division, and shall declare such candidate to be duly elected a Commissioner for the improvement of the Town of Calcutta.

XXVI. If two or more candidates in one division of the Town shall have the same number of votes, the Governor of the Presidency of Fort William in Bengal shall appoint one of the candidates, having such equal number of votes, to be one of the elective Commissioners for the improvement of the Town of Calcutta.

XXVII. The result of every election shall be certified by the Sheriff to the Governor of the Presidency of Fort William in Bengal, who will cause notice thereof to be given in the Government Gazette.

XXVIII. If any vacancy from any cause whatever happens before the month of December among the Commissioners, the Governor of the Presidency of Fort William in Bengal shall appoint a person qualified to be elected to fill such vacancy, and the Commissioner appointed to fill such vacancy shall be a Commissioner as if he had

been elected at the then last general election of Commissioners.

XXIX. The powers and duties which, by an Act passed in the thirty-third year of the reign of King George the Third, numbered as Chapter 52, were conferred and imposed on the Justices of the Peace within or for the Presidency of Fort William in Bengal, in regard to the collection and disbursement of the assessment thereby authorized to be made by them, shall be exercised and performed by the said Commissioners, instead of the said Justices of the Peace, and the powers and duties by any other Act conferred on or belonging to the Commissioners constituted under the said Act XVI. 1847, and their Officers, shall be transferred to and belong to the Commissioners constituted under this Act and their Officers respectively.

XXX. Of the two Commissioners yearly appointed by the Governor of Bengal, one shall be President and the other shall be Secretary to the Commissioners. In the absence of the President, such other Commissioner shall act as Chairman of the meetings of the Commissioners as shall be chosen by those present. On all questions on which the Commissioners present are equally divided in opinion, the President shall have a second or casting vote. Three Commissioners shall be necessary to constitute a meeting.

XXXI. The Commissioners shall severally receive such monthly salaries, to be paid out of the taxes levied under the said Act XVI. 1847, and this Act, as the Governor of Bengal, with the approval of the Governor General of India in Council, shall from time to time appoint, not exceeding six hundred rupees in the case of the Commissioner who is to be also Secretary, or two hundred and fifty rupees in any other case.

XXXII. The Commissioners shall have power to tax the Owners of all kinds of Carriages, Horses and Cattle, mentioned in the 2nd Schedule annexed to this Act, which are kept or used within the said Town, according to the rates mentioned in the said second Schedule, and to levy the amount of such taxes, if not duly paid, by distress and sale of the Carriages, Horses or Cattle on account of which the taxes are assessed, or of any other property within the Town of Calcutta, belonging to the persons by whom the taxes are due; the overplus, if any, after defraying all expenses of the seizure and sale, being returned to them.

XXXIII. The Commissioners may compound with Livery Stable Keepers and other persons keeping Carriages, Horses or Cattle for hire, for an annual sum to be paid on account of all Carriages, Horses and Cattle kept or used by them, instead of taxing them according to the rates mentioned in the said Schedule.

XXXIV. The Commissioners shall appoint a sufficient number of Assessors, Collectors and Bailiffs, and such other Officers as they may deem necessary for assessing, collecting or levying the taxes which may be imposed on the Owners or occupiers of houses, buildings and grounds under the authority of the said Act of Parliament and of this Act, and also the taxes and penalties herein mentioned, and may appoint the same persons to act both as Assessors and Collectors, and may prescribe such rules, and take such security for the due execution of the duties of such Assessors, Collectors and Bailiffs as they deem expedient; and such Assessors, Collectors, Bailiffs and other Officers of the Commissioners, shall receive such salaries, to be paid out of the said taxes, as the Commissioners, from time to time, appoint, subject to the approval of the Governor of Bengal.

XXXV. Taxes, according to the rates mentioned in the said second Schedule, shall be assessed and levied quarterly in each year; and every person, whether an inhabitant of the said Town or not, who has been the Owner of any of the several kinds of Carriages, Horses and Cattle mentioned in the second Schedule annexed to this Act, which has been kept or used within the said Town during thirty days in any one quarter of a year, shall be liable for the wheel and cattle taxes of that quarter in respect thereof.

XXXVI. All taxes assessed and penalties imposed under the authority or colour of the said Act XVI. 1847, or of the rules made in pursuance thereof before the passing of this Act, may be demanded, and if not duly paid may be levied, by the Commissioners acting under the authority of this Act.

XXXVII. The first assessments to be made under this Act shall be made for the first quarter of the year 1851, or such less time as the Commissioners think fit.

XXXVIII. The assessment of the taxes specified in this Act and in the second Schedule hereunto annexed shall be made by the said Commissioners, or any of them, or any Assessor or Assessors appointed by them, and the said Commissioners shall cause such assessments when made to be entered in books to be kept in their office, and the entries for such assessments in the said books shall be conclusive evidence of the several assessments therein specified, and the books in which the entries of such assessments shall be made, shall be authenticated by the signatures of the Commissioners or any three of them.

XXXIX. The said Commissioners shall send or cause to be sent to all persons supposed to be liable to be assessed under the provisions of this Act, Schedules in the form numbered 1 contained in the third Schedule annexed to this Act, or such other form as the Commissioners, from time to time, shall adopt with the approval of the Governor of Bengal; and the said Schedules shall be filled in writing, and signed and dated and returned to the office of the Commissioners, with such information as to the Commissioners may appear necessary, by all persons to whom they are sent, whether or not liable to pay the said taxes.

XL. All assessments for the several kinds of Carriages, Horses and Cattle mentioned in the second Schedule annexed to this Act, shall be made on the Owner thereof by name, if the same can be conveniently ascertained or be known, but otherwise by any description whereby such Owner may be sufficiently identified to the satisfaction of the said Commissioners, or any of them, so as to charge such owner with the said assessment; and, in default of proof to the contrary, the person, in whose possession any such Carriages, Horses and Cattle respectively are, shall be deemed the Owner thereof for the purposes of this Act.

XLI. The said Commissioners, or any one of them, may issue a summons, in the form numbered 2 contained in the third Schedule annexed to this Act, to the Owner of every Carriage, Horse or animal mentioned in the second Schedule annexed to this Act; and any one or more of the said Commissioners may examine such person so summoned concerning the several kinds of Carriages, Horses and Cattle owned by him, and as

to the receipt by such person of the several Notices and Schedules mentioned in this Act, and generally as to the assessment of such person under this Act; and such examination shall be taken down in writing in such manner as the Commissioners may order; and in case the answers of such person so examined shall appear to the said Commissioners or Commissioner present at such examination to be evasive or untrue, or in case the party summoned shall refuse to answer any lawful question of the Commissioners, or any one or more of them, or shall be proved to have refused to receive, or to have refused, or without reasonable cause to have neglected truly and correctly to fill up in writing, sign, date or return, the Schedules contained in the form No. 1 of the third Schedule annexed to this Act, or shall be proved to have wilfully destroyed or defaced any Notice or Schedule, Bill, Summons or Notice of Demand served upon him, or shall be proved to have filled up the said Schedules untruly, with intent to evade being lawfully rated to the full amount of any of the said taxes due from him, or shall be proved knowingly or through gross negligence to have given any false information, either verbally or in writing, to the said Commissioners, or any of them, or any of their Assessors or Officers, whereby they or any Assessor or person employed by them shall be misled in making any assessment, or in case the party summoned shall refuse, or without lawful excuse neglect to appear before the said Commissioners, or any of them, in pursuance of such summons, such person shall for any of the abovementioned offences be liable to such penalty, not exceeding one hundred rupees, as shall be set on him by the said Commissioners.

XLII. The taxes specified in this Act and the second Schedule hereunto annexed shall be due and payable from and after the end of the quarter of a year or other period for which they are made.

XLIII. When the taxes specified in this Act and the second Schedule hereunto annexed shall be due and payable, or as soon after as convenient, the said Commissioners shall send, or cause to be sent to the persons severally liable to pay any of such taxes a statement or bill in the form A (contained in the 4th Schedule annexed to this Act) of the sums due from such persons respectively in respect of the said taxes.

XLIV. When any person shall be in arrear of the payment of the said taxes specified in this Act, and the second Schedule hereunto annexed, the said Commissioners, or any one or more of them, or their Officer duly authorized on that behalf, may issue, or cause to be issued and served upon such person a Notice of Demand in the form B. contained in the 4th Schedule annexed to this Act, and if he shall not within eight days from the service of such Notice of Demand pay the arrear due from him, according to the tenor of such Notice of Demand, the said Commissioners, or any one or more of them may issue and serve, or cause to be issued and served upon such person a summons in the form C. contained in the 4th Schedule annexed to this Act, requiring such person to appear before the said Commissioners, or any one or more of them, on a day and at an hour and place to be named in such summons.

XLV. On the appearance of the party summoned, the said Commissioners, or any one or more of them, may make such further enquiry into the case as to them or him may seem just, and may make such order for the payment of the whole or any part of the amount assessed, or may make such abatement for or in respect of any overcharge in the said assessment as to them or him shall seem just; and in case of the non-appearance of the party summoned, the said Commissioners, or any one or more of them, on proof of service of the said summons, and on making such further enquiry into the case as to him or them may seem just, may decide the claim in like manner as if the said party were present, and may make such order for the payment of the whole or any part of the amount assessed, or may make such abatement for or in respect of any overcharge in the said assessment as to them or him may seem just.

XLVI. The powers of Act VII. 1847 to regulate distresses for Small Rents in Calcutta shall be extended to the recovery of all arrears of taxes and penalties due under the said Act XVI. 1847, and this Act, and the costs and charges of recovering the same; and the Commissioners constituted under this Act shall be empowered to exercise the extended powers of the said Act: and for the purposes of this Act the said Act shall be construed as if the Commissioners, constituted under this Act, had been named therein instead of the Commissioners therein named, and as if the arrears of the said taxes and penalties were named therein instead of the limited amount of rent therein named, and the office of the Commissioners under this Act instead of the Court therein named, and the Secretary of the said Commissioners instead of the Chief Clerk of the said Court.

XLVII. Every Bill, Notice, Schedule, Summons or Notice of Demand by this Act required to be sent to or served upon any person liable or supposed to be liable to pay any taxes under this Act, may be served personally upon such person, or left with his doorkeeper or some inmate of his place of abode; and when any person shall, by keeping his place of abode or business closed, or by absconding, or by violence or threats, prevent any Officer or Servant of the said Commissioners from serving any Bill, Notice, Schedule, Summons or Notice of Demand as herein directed, such Bill, Notice, Schedule, Summons or Notice of Demand shall be duly served, by fixing the same conspicuously on some part of the outer wall, gate or door of the house or place of business, or of the enclosure in which it stands.

XLVIII. No distress levied under the authority of this Act shall be unlawful, nor shall any party making the same be deemed a trespasser, on account of any defect or want of form in the Notice, Schedule, Summons, Notice of Demand, Warrant of Distress, Inventory or other proceeding relating thereto, nor shall he be a trespasser from the beginning on account of any irregularity afterwards committed by him.

XLIX. The Owner, whether an inhabitant of the said Town or not, of every Keranchee, Cart or Hackery, (whether kept for hire or otherwise) assessed or liable to be assessed at the yearly rate of four rupees and no more, shall yearly apply to the said Commissioners for a Licence to use such Keranchee, Cart or Hackery within the said Town; and, before obtaining such Licence, shall pay to the said Commissioners in advance the amount of one quarter of a year's tax on such Keranchee, Cart or Hackery; and the Commissioners, on such application and payment being made to them as aforesaid, shall grant such Licence to the Owner of such Keranchee, Cart or Hackery; and the said Licence shall be a receipt to the parties holding the same for the tax accruing due in respect of such Keranchee, Cart or Hackery, for the first quarter of a year after the date of such Licence.

L. Every Keranchee, Cart or Hackery, whether kept for hire or otherwise assessed, or liable to be assessed at the yearly rate of four rupees and no more, shall carry and have affixed to some conspicuous part of such Keranchee, Cart or Hackery, a Badge or Ticket made of wood or metal, shewing the name, in English and Bengallee characters, of the Owner of such Keranchee, Cart or Hackery, and also a number in English and Bengallee characters legibly written, or marked thereon, and the said Licences and Badges or Tickets shall be registered in the Office of the Commissioners by corresponding numbers; and if any such Keranchee, Cart or Hackery shall be used or kept within the said Town, without such Licence being first obtained, or without having such Badge or Ticket as aforesaid affixed to some conspicuous part of such Keranchee, Cart or Hackery, the Commissioners, or any one or more of them, or any Assessor, Collector or Bailiff employed by them, may seize and detain such Keranchee, Cart or Hackery, until a fine of three rupees shall be paid by the Owner thereof, or some other person on his behalf, to the said Commissioners, who, or any one or more of them, are hereby authorized to impose such fine on the Owner of such Keranchee, Cart or Hackery; and in case the said fine of three rupees shall not be paid within eight days after the imposition thereof, and the Owner of such Keranchee, Cart or Hackery shall not appear to claim the same within ten days from the detention of such Keranchee, Cart or Hackery, the Commissioners, or any one or more of them, may sell such Keranchee, Cart or Hackery, and with the proceeds of such sale pay the said fine, and all costs and charges of such sale and pay the overplus (if any) on demand within one calendar month to the Owner of the said Keranchee, Cart or Hackery; and, if no demand of the overplus be made by the Owner within one calendar month, the same may be paid to the credit of the taxes levied under this Act for the purposes thereof.

LI. The said Commissioners shall, from time to time, subject to the approval of the Governor of Bengal, make rules for regulating their proceedings under this Act, and for the regulation of the time and manner of assessing, demanding and collecting the taxes specified in this Act and the second Schedule hereunto annexed, and for altering any of the forms set forth in the Schedules to this Act, and for the yearly registration of Keranchees, Carts or Hackeries as aforesaid.

LII. The goods and chattels of the Owner of any house, building or ground rated under the said Statute 33 Geo. III., Chap. LII., Section 158, and under Act XVI. 1847, shall be liable to be distrained anywhere (except goods and chattels concealed as hereinafter mentioned) for deficiency in the payment of rates; and it shall not be necessary in any assessment, rate or tax, or warrant of distress under the said Statute, and this Act, to specify the names of the Owners or occupiers of houses, buildings or grounds, or the Owners of Carriages, Horses and Cattle; but it shall be sufficient if every property rated or taxed be identified, and in the case of houses numbered in any street that the name of the street and the number of the house be specified.

LIII. The following Act is brought up before the Legislative Council this day—Resolved, that the Rules requiring that all Acts shall be brought up for second reading in two months, or in three months, from the date of the first reading, be suspended in respect to the following proposed Act and that it be at once passed into Law, the assent of the Most Noble the Governor General of India having been obtained and recorded.

ACT No. XXXIX. OF 1850.

To continue the Commissioners for the Improvement of the Town of Calcutta, pending the consideration of an Act to amend Act XVI. 1847.

Whereas Act XVI. 1847, for constituting Commissioners for the improvement of the Town of Calcutta has been found inconvenient and ineffectual for the intended purposes thereof, and it is expedient that the constitution of the said Commission be amended, and that in the mean time no new election of Commissioners be made in pursuance of the said Act, It is enacted as follows;

I. So much of Act XVI. 1847, as relates to the election, and time of holding office of the Commissioners for the improvement of the Town of Calcutta is repealed.

II. The Commissioners for the improvement of the Town of Calcutta as now constituted with the addition of such Commissioners as may be added from time to time to supply vacancies among the Commissioners nominated by the Governor of Bengal, shall continue to be such Commissioners, and shall have and exercise all the powers entrusted to them under the said Act, or any other Act, until the First day of March 1851, or until other provision shall be made in that behalf by the Governor General of India in Council.

FRED. JAS. HALLIDAY,

The following Act is passed by the Hon'ble the President of the Council of India in Council on the 22nd November, 1850, with the assent of the Most Noble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information:

Act No. XL. of 1850.

II. Every Pawnbroker shall take out a Licence from the Superintendent of Police of the station or place at which his Shop is situated, for the grant and registration of which a Fee shall be paid to the Superintendent of Police, on account of Government, of such amount as shall be from time to time fixed by the Governor of the Straits Settlements; and every such Licence may be annulled, whenever the Superintendent of Police shall think fit.

III. No person shall exercise the trade of a Pawnbroker within the said Settlements, without a Licence; and every unlicensed person who shall take in pledge, or keep in deposit any Goods or Chattels as security for the loan of any sum of money under One Hundred and Fifty Dollars, shall forfeit for each offence a penalty not exceeding Fifty Dollars.

IV. Every Licenced Pawnbroker, who shall take any Goods or Chattels on pawn from any person, between sunset and sunrise on the following morning, shall forfeit a penalty not exceeding Fifty Dollars.

V. Every Licenced Pawnbroker, who shall knowingly take from any European or Native Soldier any article whatsoever, as a pawn, pledge or security for any sum of money lent or advanced to such Soldier, or who shall knowingly buy from any European or Native Soldier any article whatsoever, without an authority in writing in each case from the Commanding Officer of such Soldier, shall forfeit a penalty not exceeding Fifty Dollars.

VI. Every Licenced Pawnbroker, who shall take from any child, apparently under the age of fourteen years, any article whatsoever, as a pawn, pledge or security, for any sum of money lent or advanced to such child, or who shall buy from such child any article whatsoever, shall forfeit a penalty not exceeding Fifty Dollars.

VII. All Pawnbrokers are required to report to the Superintendent of Police of the station or place in which they severally reside, all cases in which there is reason for them to suspect any person offering any article to be pawned of having unlawfully obtained possession thereof: and the said Pawnbrokers shall keep proper Registers in writing, specifying the nature and value of every article pawned; the name and dwelling-place of the person pawning the same; the date and the hour of the day in which the same was offered and taken in pawn; the amount lent and the time within which the same is to be repaid; and shall give a duplicate of the entry in such Registers to the person pawning the article respecting which the entry is made, and in default thereof shall forfeit a penalty not exceeding Fifty Dollars.

VIII. All such Registers shall be produced for inspection by the said Pawnbrokers, whenever they shall be thereto required by any Justice of the Peace, Superintendent of Police, or any Peace Officer; and any Pawnbroker failing to keep and produce his Registers when so required, shall forfeit his Licence, and also forfeit a penalty not exceeding Fifty Dollars.

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bonâ fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Centra Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bonâ fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.

By order of the Central Committee,

CECIL BEADON,
Secretary.

Fort William, Home Department, Legislative, the 22nd November, 1850.

The following Draft of a proposed Act was read in Council for the first time on the 22nd of November 1850:

ACT No. —— OF 1850.

For constituting Commissioners for the Improvement of the Town of Calcutta.

Whereas Act XVI. 1847 for constituting Commissioners for the improvement of the Town of Calcutta has been found inconvenient and ineffectual for the intended purposes thereof, It is enacted as follows:

I. Act XVI. 1847 is repealed, except as to any thing done or forborne to be done under the said Act before the passing of this Act, but not so as to revive Act XX. 1840.

II. The several schemes of election agreed upon by the owners and occupiers of assessed houses, buildings and lands in each division of the Town, and the rules made by the Commissioners, severally approved by the Deputy Governor of Bengal, and President of the Council of India in Council, in pursuance of the said Act, are rescinded and annulled.

III. For the purposes of this Act the Town of Calcutta shall be divided into two divisions; that is to say, a northern and southern division, by a line passing from the river Hooghly at the old Fort Ghaut along the centre of Fairlie Place, Clive Street, the street on the northern side of Tank Square, Loll Bazaar, Bow Bazaar and Boitaconnah; or such other two divisions as the Governor of Bengal, from time to time, may appoint: and, whenever any such new division shall be made, the provisions of this Act, with respect to the divisions herein defined, shall be deemed to apply thenceforth to such new divisions. For the purposes of this Act, Fort William, with its appurtenances, shall be deemed to be within and part of the southern division of Calcutta.

IV. There shall be four Commissioners for executing the powers of this Act, who shall be styled the Commissioners for the Improvement of the Town of Calcutta, of whom two shall be appointed by the Governor of Bengal, and two shall be elected as hereinafter provided, that is to say, one for each division of the said Town.

V. The Commissioners shall enter upon their office on the First day of March 1851, and on the First day of January in each succeeding year, and shall hold their office regularly for one year or until their successors are duly constituted; and until the first constitution of Commissioners under this Act, the Commissioners now acting in the execution of the said Act XVI. 1847, shall exercise the powers of this Act, and shall be deemed Commissioners under this Act.

VI. Every person is entitled to vote in the yearly election of a Commissioner under this Act, who is either a person rated to pay, in respect of any house or houses in either division of the said Town, not less than five rupees in the whole for a quarter of a year, and who has paid the house taxes due from him in respect of at least one quarter of the same year; or an inhabitant of Calcutta, rated to pay, in respect of the wheel and cattle tax hereinafter mentioned, not less than five rupees in the whole for a quarter of a

year, and who has paid the wheel and cattle taxes due from him, in respect of at least two quarters of the same year.

VII. Every voter qualified in respect of the house tax, whose quarterly rates are in the whole not less than twenty rupees, is entitled to two votes, and if not less than fifty rupees to three votes.

VIII. Every voter qualified in respect of the wheel and cattle tax, whose quarterly rates are not less than twenty rupees, is entitled to two votes.

IX. Each voter is entitled to vote in that division only, in which he is rated to the amount which constitutes his qualification: and the qualification of a voter to have one, two or three votes, must be complete in one division: but a person who is rated to the qualifying amount in each division may be entitled to vote in both.

X. All elections under this Act shall be under the management of the Sheriff of Calcutta, who shall appoint a sufficient number of Deputies to help him in presiding thereat: and every Deputy, while so acting for the Sheriff, shall have the same powers and duties as the Sheriff with respect to the division for which he is acting.

XI. The elective Commissioners shall be chosen for the year 1851 on the First day of March 1851, in the Town Hall of Calcutta, and for every following year on a day after the Twenty-fifth day of December and before the First day of January, to be appointed in each year by the Sheriff of Calcutta, of which day and also of the place of election, after the first, the Sheriff shall give notice by advertisement in the Calcutta Gazette thirty days at least before the day of election.

XII. The place of election for each division of the Town shall be the Town Hall of Calcutta, or such other place as the Sheriff, with the sanction of the Governor of Bengal, shall, from time to time, appoint.

XIII. The voting shall begin at eight of the clock in the morning, and end at five of the clock in the afternoon of the appointed day; but the Sheriff, if he thinks fit, may declare the election completed for any division in which no vote is tendered for any candidate during any period of thirty minutes after ten of the clock in the morning.

XIV. Every person qualified to vote in the election, and none other, is qualified to be appointed or to be a candidate for election as a Commissioner.

XV. Every candidate shall, ten days at least before the day of election, give notice thereof in writing to the Sheriff, naming the division for which he is a candidate, and shall also, three days at least before the day of election, produce to and leave with the Sheriff a certificate from the Secretary to the Commissioners that he is qualified to be a candidate.

XVI. All expenses of the election of Commissioners, including the expense of advertising the time and place of election, shall be defrayed by the candidates; and every candidate shall, at the time when he produces to the Sheriff his certificate of qualification, deposit with the Sheriff the sum of two hundred rupees toward the expenses of the election, and in default thereof shall not be qualified to be elected.

XVII. If the whole amount so deposited shall not be spent by the Sheriff in such election, the residue shall be returned to the candidates in equal proportions; and, if the whole amount so deposited is not enough to defray the expense of such election, the Sheriff shall be entitled to receive from each candidate his proportionate share of the surplus expense, and in default of payment may sue for and recover the same as money spent on behalf of such candidate.

XVIII. The Commissioners shall cause to be prepared, in each year, correct alphabetical lists of the persons qualified to vote in each division of the Town, which lists shall be open for inspection at the office of the said Commissioners, on or before the First day of December 1851 and all subsequent years, during all reasonable hours of the day until the day of election, when the said lists or copies thereof shall be taken to the place of election for the use of the Sheriff and his Deputies.

XIX. The Secretary to the Commissioners, on the written application of any person qualified to vote as aforesaid, signed by himself and delivered, at every election after the first, not more than thirty or less than ten days before the earliest day on which the election can take place, with the receipted assessment bills, shewing that the applicant has paid the rates or taxes required by this Act to qualify him to vote, shall give to such person a voting ticket according to his qualification.

XX. The voting tickets shall be signed by the Secretary to the Commissioners, and shall be in the form contained in the first Schedule annexed to this Act, or in such other form as shall be, from time to time, adopted by the Commissioners, with the approval of the Government of Bengal, and shall be conclusive evidence that the person named therein is entitled to vote at the next election of a Commissioner in the division for which the ticket is given according to the tenor thereof.

XXI. At the time and place appointed for the election, the Sheriff or his Deputies shall attend with two closed boxes with openings in each box for the reception of voting tickets, and distinguished from each other, by having marked or painted legibly, in Roman and Bengallee characters, the word "northern" on one box, and the word "southern" on the other.

XXII. Every voter having obtained his voting ticket in each division in which he is qualified to vote, and having written thereon the name of the candidate for whom he wishes to vote, and having signed the same, shall personally attend at the place of election, and shall deliver his voting ticket to the Sheriff, or one of his Deputies presiding at the election for that division, who, on being satisfied of the identity of the person tendering the voting ticket with the person whose signature it bears, shall deposit such voting ticket in the box of the division.

XXIII. The Secretary, Assessor, Collector and Collecting Sircars of the Commissioners, and if required by any candidate, an agent appointed by writing under his hand on his behalf, shall attend at the place of election during the continuance thereof, for the purpose of assisting in identifying the persons who shall tender voting tickets.

XXIV. The decision of the Sheriff, or his Deputy admitting or rejecting any disputed vote tendered at any election, shall be conclusive as to the reception of the vote.

XXV. As soon as the election for any division is completed, the Sheriff or his Deputies, in the presence of the candidates, or such of them as choose to be present, or of scrutineers appointed in writing under their several hands, shall ascertain the number of votes given for each candidate in each division; and the Sheriff shall thereupon publicly declare the name of the candidate in each division for whom the greatest number of votes has been given in such division, and shall declare such candidate to be duly elected a Commissioner for the improvement of the Town of Calcutta.

XXVI. If two or more candidates in one division of the Town shall have the same number of votes, the Governor of the Presidency of Fort William in Bengal shall appoint one of the candidates, having such equal number of votes, to be one of the elective Commissioners for the improvement of the Town of Calcutta.

XXVII. The result of every election shall be certified by the Sheriff to the Governor of the Presidency of Fort William in Bengal, who will cause notice thereof to be given in the Government Gazette.

XXVIII. If any vacancy from any cause whatever happens before the month of December among the Commissioners, the Governor of the Presidency of Fort William in Bengal shall appoint a person qualified to be elected to fill such vacancy, and the Commissioner appointed to fill such vacancy shall be a Commissioner as if he had been elected at the then last general election of Commissioners.

XXIX. The powers and duties which, by an Act passed in the thirty-third year of the reign of King George the Third, numbered as Chapter 52, were conferred and imposed on the Justices of the Peace within or for the Presidency of Fort William in Bengal, in regard to the collection and disbursement of the assessment thereby authorized to be made by them, shall be exercised and performed by the said Commissioners, instead of the said Justices of the Peace, and the powers and duties by any other Act conferred on or belonging to the Commissioners constituted under the said Act XVI. 1847, and their Officers, shall be transferred to and belong to the Commissioners constituted under this Act and their Officers respectively.

XXX. Of the two Commissioners yearly appointed by the Governor of Bengal, one shall be President and the other shall be Secretary to the Commissioners. In the absence of the President, such other Commissioner shall act as Chairman of the meetings of the Commissioners as shall be chosen by those present. On all questions on which the Commissioners present are equally divided in opinion, the President shall have a second or casting vote. Three Commissioners shall be necessary to constitute a meeting.

XXXI. The Commissioners shall severally receive such monthly salaries, to be paid out of the taxes levied under the said Act XVI. 1847, and this Act, as the Governor of Bengal, with the approval of the Governor General of India in Council, shall from time to time appoint, not exceeding six hundred rupees in the case of the Commissioner who is to be also Secretary, or two hundred and fifty rupees in any other case.

XXXII. The Commissioners shall have power to tax the Owners of all kinds of Carriages, Horses and Cattle, mentioned in the 2nd Schedule annexed to this Act, which are kept or used within the said Town, according to the rates mentioned in the said second Schedule, and to levy the amount of such taxes, if not duly paid, by distress and sale of the Carriages, Horses or Cattle on account of which the taxes are assessed, or of any other property within the Town of Calcutta, belonging to the persons by whom the taxes are due; the overplus, if any, after defraying all expenses of the seizure and sale, being returned to them.

XXXIII. The Commissioners may compound with Livery Stable Keepers and other persons keeping Carriages, Horses or Cattle for hire, for an annual sum to be paid on account of all Carriages, Horses and Cattle kept or used by them, instead of taxing them according to the rates mentioned in the said Schedule.

XXXIV. The Commissioners shall appoint a sufficient number of Assessors, Collectors and Bailiffs, and such other Officers as they may deem necessary for assessing, collecting or levying the taxes which may be imposed on the Owners or occupiers of houses, buildings and grounds, under the authority of the said Act of Parliament and of this Act, and also the taxes and penalties herein mentioned, and may appoint the same persons to act both as Assessors and Collectors, and may prescribe such rules, and take such security for the due execution of the duties of such Assessors, Collectors and Bailiffs as they deem expedient: and such Assessors, Collectors, Bailiffs and other Officers of the Commissioners, shall receive such salaries, to be paid out of the said taxes, as the Commissioners, from time to time, appoint, subject to the approval of the Governor of Bengal.

XXXV. Taxes, according to the rates mentioned in the said second Schedule, shall be assessed and levied quarterly in each year; and every person, whether an inhabitant of the said Town or not, who has been the Owner of any of the several kinds of Carriages, Horses and Cattle mentioned in the second Schedule annexed to this Act, which has been kept or used within the said Town during thirty days in any one quarter of a year, shall be liable for the wheel and cattle taxes of that quarter in respect thereof.

XXXVI. All taxes assessed and penalties imposed under the authority or colour of the said Act XVI. 1847, or of the rules made in pursuance thereof before the passing of this Act, may be demanded, and if not duly paid may be levied, by the Commissioners acting under the authority of this Act.

XXXVII. The first assessments to be made under this Act shall be made for the first quarter of the year 1851, or such less time as the Commissioners think fit.

XXXVIII. The assessment of the taxes specified in this Act and in the second Schedule hereunto annexed shall be made by the said Commissioners, or any of them, or any Assessor or Assessors appointed by them, and the said Commissioners shall cause such assessments when made to be entered in books to be kept in their office, and the entries for such assessments in the said books shall be conclusive evidence of the several assessments therein specified, and the books in which the entries of such assessments shall be made, shall be authenticated by the signatures of the Commissioners or any three of them.

XXXIX. The said Commissioners shall send or cause to be sent to all persons supposed to be liable to be assessed under the provisions of this Act, Schedules in the form numbered 1 contained in the third Schedule annexed to this Act, or such other form as the Commissioners, from time to time, shall adopt with the approval of the Governor of Bengal; and the said Schedules shall be filled in writing, and signed and dated and returned to the office of the Commissioners, with such information as to the Commissioners may appear necessary, by all persons to whom they are sent, whether or not liable to pay the said taxes.

XL. All assessments for the several kinds of Carriages, Horses and Cattle mentioned in the second Schedule annexed to this Act, shall be made on the Owner thereof by name, if the same can be conveniently ascertained or be known, but otherwise by any description whereby such Owner may be sufficiently identified to the satisfaction of the said Commissioners, or any of them, so as to charge such owner with the said assessment; and, in default of proof to the contrary, the person, in whose possession any such Carriages, Horses and Cattle respectively are, shall be deemed the Owner thereof for the purposes of this Act.

XLI. The said Commissioners, or any one of them, may issue a summons, in the form numbered 2 contained in the third Schedule annexed to this Act, to the Owner of every Carriage, Horse or animal mentioned in the second Schedule annexed to this Act; and any one or more of the said Commissioners may examine such person so summoned concerning the several kinds of Carriages, Horses and Cattle owned by him, and as to the receipt by such person of the several Notices and Schedules mentioned in this Act, and generally as to the assessment of such person under this Act; and such examination shall be taken down in writing in such manner as the Commissioners may order; and in case the answers of such person so examined shall appear to the said Commissioners or Commissioner present at such examination to be evasive or untrue, or in case the party summoned shall refuse to answer any lawful question of the Commissioners, or any one or more of them, or shall be proved to have refused to receive, or to have refused, or without reasonable cause to have neglected truly and correctly to fill up in writing, sign, date or return, the Schedules contained in the form No. 1 of the third Schedule annexed to this Act, or shall be proved to have wilfully destroyed or defaced any Notice or Schedule, Bill, Summons or Notice of Demand served upon him, or shall be proved to have filled up the said Schedules untruly, with intent to evade being lawfully rated to the full amount of any of the said taxes due from him, or shall be proved knowingly or through gross negligence to have given any false information, either verbally or in writing, to the said Commissioners, or any of them, or any of their Assessors or Officers, whereby they or any Assessor or person employed by them shall be misled in making any assessment, or in case the party summoned shall refuse, or without lawful excuse neglect to appear before the said Commissioners, or any of them, in pursuance of such summons, such person shall for any of the abovementioned offences be liable to such penalty, not exceeding one hundred rupees, as shall be set on him by the said Commissioners.

XLII. The taxes specified in this Act and the second Schedule hereunto annexed shall be due and payable from and after the end of the quarter of a year or other period for which they are made.

XLIII. When the taxes specified in this Act and the second Schedule hereunto annexed shall be due and payable, or as soon after as convenient, the said Commissioners shall send, or cause to be sent to the persons severally liable to pay any of such taxes a statement or bill in the form A (contained in the 4th Schedule annexed to this Act) of the sums due from such persons respectively in respect of the said taxes.

XLIV. When any person shall be in arrear of the payment of the said taxes specified in this Act, and the second Schedule hereunto annexed, the said Commissioners, or any one or more of them, or their Officer duly authorized on that behalf, may issue, or cause to be issued and served upon such person a Notice of Demand in the form B. contained in the 4th Schedule annexed to this Act, and if he shall not within eight days from the service of such Notice of Demand pay the arrear due from him, according to the tenor of such Notice of Demand, the said Commissioners, or any one or more of them may issue and serve, or cause to be issued and served upon such person a summons in the form C. contained in the 4th Schedule annexed to this Act, requiring such person to appear before the said Commissioners, or any one or more of them, on a day and at an hour and place to be named in such summons.

XLV. XLVII. Every Bill, Notice, Schedule, Summons or Notice of Demand by this Act required to be sent to or served upon any person liable or supposed to be liable to pay any taxes under this Act, may be served personally upon such person, or left with his doorkeeper or some inmate of his place of abode; and when any person shall, by keeping his place of abode or business closed, or

L. Every Keranchee, Cart or Hackery, whether kept for hire or otherwise assessed, or liable to be assessed at the yearly rate of four rupees and no more, shall carry and have affixed to some conspicuous part of such Keranchee, Cart or Hackery, a Badge or Ticket made of wood or metal, shewing the name, in English and Bengallee characters, of the Owner of such Keranchee, Cart or Hackery, and also a number in English and Bengallee characters legibly written, or marked thereon, and the said Licences and Badges or Tickets shall be registered in the Office of the Commissioners by corresponding numbers; and if any such Keranchee, Cart or Hackery shall be used or kept within the said Town, without such Licence being first obtained, or without having such Badge or Ticket as aforesaid affixed to some conspicuous part of such Keranchee, Cart or Hackery, the Commissioners, or any one or more of them, or any Assessor, Collector or Bailiff employed by them, may seize and detain such Keranchee, Cart or Hackery, until a fine of three rupees shall be paid by the Owner thereof, or some other person on his behalf, to the said Commissioners, who, or any one or more of them, are hereby authorized to impose such fine on the Owner of such Keranchee, Cart or Hackery; and in case the said fine of three rupees shall not be paid within eight days after the imposition thereof, and the Owner of such Keranchee, Cart or Hackery shall not appear to claim the same within ten days from the detention of such Keranchee, Cart or Hackery, the Commissioners, or any one or more of them, may sell such Keranchee, Cart or Hackery, and with the proceeds of such sale pay the said fine, and all costs and charges of such sale and pay the overplus (if any) on demand within one calendar month to the Owner of the said Keranchee, Cart or Hackery; and, if no demand of the overplus be made by the Owner within one calendar month, the same may be paid to the credit of the taxes levied under this Act for the purposes thereof.

LI. The said Commissioners shall, from time to time, subject to the approval of the Governor of Bengal, make rules for regulating their proceedings under this Act, and for the regulation of the time and manner of assessing, demanding and collecting the taxes specified in this Act and the second Schedule hereunto annexed, and for altering any of the forms set forth in the Schedules to this Act, and for the yearly registration of Keranchees, Carts or Hackeries as aforesaid.

LII. The goods and chattels of the Owner of any house, building or ground rated under the said Statute 33 Geo. III., Chap. LII., Section 158, and under Act XVI. 1847, shall be liable to be distrained anywhere (except goods and chattels concealed as hereinafter mentioned) for deficiency in the payment of rates; and it shall not be necessary in any assessment, rate or tax, or warrant of distress under the said Statute, and this Act, to specify the names of the Owners or occupiers of houses, buildings or grounds, or the Owners of Carriages, Horses and Cattle; but it shall be sufficient if every property rated or taxed be identified, and in the case of houses numbered in any street that the name of the street and the number of the house be specified.

LIII. LIV. When there is reason to believe that goods and chattels, liable to distress under the said Statute and Act XVI. 1847 and this Act, are concealed in any zenana, the officer charged with the execution of the Warrant shall make a special report to the Commissioner granting the same, who shall thereupon follow as closely as may be the rules for the seizure of goods and chattels in like cases adopted by Her Majesty's Supreme Court of Judicature.

LV. The whole proceeds of the said taxes, after paying all salaries, establishments and incidental expenses of the said Commissioners, shall, with such monies as the Governor of Bengal, with the sanction of the Governor General of India in Council, may direct to be paid to the said Commissioners, be applied by them to the following purposes, that is to say—

CONDITIONS OF SALE.

1st. The Opium will be sold for Exportation by Sea only, and no Certificate will be granted except to cover such Export.

2nd. The Opium will be ordinarily offered for Sale at an upset price of Rupees 400 per Chest, and sold to the highest bidder above that price, except under the circumstances for which Provision is made by Clause 12 of the Conditions of Sale.

3rd. The Sale shall commence at the hour of 11 A. M., and shall not be continued after the hour of 5 P. M., but if at that hour any of the lots advertized for Sale shall remain unsold, the Sale may, at the discretion of the Board of Customs, Salt and Opium, be resumed on the next day following (not being Sunday or a Public Holiday,) at the hour of 11 A. M., and so on until the whole of the remaining lots are disposed of; or if the quantity of 2870 Chests shall not be sold on the day advertized, the Board may dispose of the lots which remain on hand at a future Sale.

4th. Each lot to contain Five Chests.

5th. A deposit in a Promissory Note, either for 25 per Cent. even money of the amount for which each lot is knocked down, or for Rupees 1000, at the discretion of the Officer superintending the Sale, shall be made by the purchaser in the Sale Room, and before the lot is registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'Clock of the afternoon of Wednesday, the 18th December 1850, or on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's Receipts, or deposit of other Public Securities as aforesaid shall have been delivered in, shall be Re-sold at such time or times, and under such Conditions of Re-sale, as the Board of Customs, Salt and Opium, shall see fit, and all losses and expenses whatsoever attending such Re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such Re-sale shall be forfeited to Government.

6th. The Promissory Notes taken on the day of Sale, under the last mentioned condition, if remaining unredeemed on the said 18th December 1850, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7th. No tender of Money, Sub-Treasurer's Receipts, or Public Securities on account of Opium, upon which the prescribed deposit may not have been made before 4 o'Clock of the 18th December 1850, will be afterwards accepted.

8th. The Opium, now advertized for Sale, shall be paid for within 15 clear days from the day of Sale, that is to say, no Treasury Receipt will be accepted in payment after 4 P. M. of Tuesday, the 31st December 1850, and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit of 25 per Cent. even money of the amount for which each lot is knocked down, or Rupees 1000 for each lot, or any Public Securities that may have been deposited on account of such lots or Chests shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Customs, Salt and Opium, shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the Re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such Re-sale.

9th. Purchasers taking out Certificates or orders for the delivery of Opium after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase which they may desire to be included in each Certificate or order, and it is to be clearly understood that the Certificates or orders so taken out shall be considered final, and not afterwards changeable for other Certificates or orders authorizing the delivery of single lots or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each Certificate or order.

10th. No Sub-Treasurer's Receipts or deposit of Public Securities under the fifth of the present Conditions, will be received in this Office, except from the party recorded as the purchaser in the Sale Book or his authorized Agent. The receipt for deposit of Public Securities will be granted only in the name of such purchaser, and the Securities so deposited will be returned when clearance has been made by the said purchaser or his order.

11th. The Officer superintending the Sale on the part of the Board of Customs, Salt and Opium is empowered to reject at his discretion the bid of any individual unless such individual shall, on demand, tender at the time a deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts

or other Government Securities, equal to 25 per Cent, even money of the amount so bid, or Rupees 1000 for each lot.

12th. With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified, that the Officer of Government superintending the Sale, shall be competent at any time during the Sale to withdraw any unsold lot, and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained and the first *bonâ fide* bidder for a lot after it has been offered for Sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the Officer of Government superintending the Sale, shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of 400 Rupees specified in the 2nd Clause of these Conditions.

13th. The purchaser of any lot shall have the option of naming and purchasing in immediate succession any number of lots of the same Agency Opium to the extent of Twenty-five lots, and for the lots so purchased the purchaser shall deposit for each lot 25 per Cent. even money of the amount bid by him for the first lot, or Rupees 1000 for each lot, and pay the same price per Chest as that for which he purchased his first lot, provided always that there remain a sufficient number of lots of that Opium to complete the said twenty-five, but not otherwise.

14th. In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15th. The following papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date by application at the Office of the Secretary to the Board of Customs, Salt and Opium.

No. 1. Certificate of the Opium now advertized for sale.

No. 2. Report of the examination of such Opium.

16th. The public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1849-50, the same precautions have been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the Cakes, and to have the due proportion of Opium put into each Cake. An account of the weight of the drug when packed at Behar and Benares, and a statement of the average weight of the Chests indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium, and further that four Chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th. Any further information respecting weight or quality of the Opium advertized for Sale, that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Customs, Salt and Opium, but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the Drug, which may be preferred in reference to Chests after the Sale and delivery of the Opium for shipment.

18th. The public are hereby informed, that in addition to the quantity abovementioned, the following quantities, more or less, of Behar and Benares Opium of 1849-50, will be brought to Sale in the present season on or about the dates specified below:

Article 6th. "With regard to the Trade in "Opium it is agreed between "the high contracting parties "that at each of the periodical "Sales of that article there "shall be reserved for the French Government, "and delivered upon requisition duly made by "the Agents of His Most Christian Majesty, or by "the persons duly appointed by them, the number "of Chests so applied for, provided that such supply shall not exceed Three Hundred Chests in "each year, and the price for the same shall be determined by the average rate at which Opium "shall have been sold at every such periodical "Sale; it being understood that, if the quantity of "Opium applied for at any one time shall not be "taken on account of the French Government by "the Agents of His Most Christian Majesty "within the usual period of delivery, the quantity "so applied for shall nevertheless be considered "as so much in reduction of the Three Hundred "Chests hereinbefore mentioned: the requisitions "for Opium as aforesaid are to be addressed to "the Governor General at Calcutta, within thirty "days after notice of the intended Sales shall have "been published in the Government Gazette."

By order of the Board of Customs, Salt and Opium,

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bond fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bond fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.

By order of the Central Committee,

CECIL BEADON,
Secretary.

Fort William, Home Department, Legislative, the 22nd November, 1850.

The following Draft of a proposed Act was read in Council for the first time on the 22nd of November 1850:

ACT No. —— OF 1850.

For constituting Commissioners for the Improvement of the Town of Calcutta.

Whereas Act XVI. 1847 for constituting Commissioners for the improvement of the Town of Calcutta has been found inconvenient and ineffectual for the intended purposes thereof, It is enacted as follows:

I. Act XVI. 1847 is repealed, except as to any thing done or forborne to be done under the said Act before the passing of this Act, but not so as to revive Act XX. 1840.

II. The several schemes of election agreed upon by the owners and occupiers of assessed houses, buildings and lands in each division of the Town, and the rules made by the Commissioners, severally approved by the Deputy Governor of Bengal, and President of the Council of India in Council, in pursuance of the said Act, are rescinded and annulled.

III. For the purposes of this Act the Town of Calcutta shall be divided into two divisions; that is to say, a northern and southern division, by a line passing from the river Hooghly at the old Fort Ghaut along the centre of Fairlie Place, Clive Street, the street on the northern side of Tank Square, Loll Bazaar, Bow Bazaar and Boitaconnah; or such other two divisions as the Governor of Bengal, from time to time, may appoint: and, whenever any such new division shall be made, the provisions of this Act, with respect to the divisions herein defined, shall be deemed to apply thenceforth to such new divisions. For the purposes of this Act, Fort William, with its appurtenances, shall be deemed to be within and part of the southern division of Calcutta.

IV. There shall be four Commissioners for executing the powers of this Act, who shall be styled the Commissioners for the Improvement of the Town of Calcutta, of whom two shall be appointed by the Governor of Bengal, and two shall be elected as hereinafter provided, that is to say, one for each division of the said Town.

V. The Commissioners shall enter upon their office on the First day of March 1851, and on the First day of January in each succeeding year, and shall hold their office regularly for one year or until their successors are duly constituted; and until the first constitution of Commissioners under this Act, the Commissioners now acting in the execution of the said Act XVI. 1847, shall exercise the powers of this Act, and shall be deemed Commissioners under this Act.

VI. Every person is entitled to vote in the yearly election of a Commissioner under this Act, who is either a person rated to pay, in respect of any house or houses in either division of the said Town, not less than five rupees in the whole for a quarter of a year, and who has paid the house taxes due from him in respect of at least one quarter of the same year; or an inhabitant of Calcutta, rated to pay, in respect of the wheel and cattle tax hereinafter mentioned, not less than five rupees in the whole for a quarter of a

year, and who has paid the wheel and cattle taxes due from him, in respect of at least two quarters of the same year.

VII. Every voter qualified in respect of the house tax, whose quarterly rates are in the whole not less than twenty rupees, is entitled to two votes, and if not less than fifty rupees to three votes.

VIII. Every voter qualified in respect of the wheel and cattle tax, whose quarterly rates are not less than twenty rupees, is entitled to two votes.

IX. Each voter is entitled to vote in that division only, in which he is rated to the amount which constitutes his qualification: and the qualification of a voter to have one, two or three votes, must be complete in one division: but a person who is rated to the qualifying amount in each division may be entitled to vote in both.

X. All elections under this Act shall be under the management of the Sheriff of Calcutta, who shall appoint a sufficient number of Deputies to help him in presiding thereat: and every Deputy, while so acting for the Sheriff, shall have the same powers and duties as the Sheriff with respect to the division for which he is acting.

XI. The elective Commissioners shall be chosen for the year 1851 on the First day of March 1851, in the Town Hall of Calcutta, and for every following year on a day after the Twenty-fifth day of December and before the First day of January, to be appointed in each year by the Sheriff of Calcutta, of which day and also of the place of election, after the first, the Sheriff shall give notice by advertisement in the Calcutta Gazette thirty days at least before the day of election.

XII. The place of election for each division of the Town shall be the Town Hall of Calcutta, or such other place as the Sheriff, with the sanction of the Governor of Bengal, shall, from time to time, appoint.

XIII. The voting shall begin at eight of the clock in the morning, and end at five of the clock in the afternoon of the appointed day; but the Sheriff, if he thinks fit, may declare the election completed for any division in which no vote is tendered for any candidate during any period of thirty minutes after ten of the clock in the morning.

XIV. Every person qualified to vote in the election, and none other, is qualified to be appointed or to be a candidate for election as a Commissioner.

XV. Every candidate shall, ten days at least before the day of election, give notice thereof in writing to the Sheriff, naming the division for which he is a candidate, and shall also, three days at least before the day of election, produce to and leave with the Sheriff a certificate from the Secretary to the Commissioners that he is qualified to be a candidate.

XVI. All expenses of the election of Commissioners, including the expense of advertising the time and place of election, shall be defrayed by the candidates; and every candidate shall, at the time when he produces to the Sheriff his certificate of qualification, deposit with the Sheriff the sum of two hundred rupees toward the expenses of the election, and in default thereof shall not be qualified to be elected.

XVII. If the whole amount so deposited shall not be spent by the Sheriff in such election, the residue shall be returned to the candidates in equal proportions; and, if the whole amount so deposited is not enough to defray the expense of such election, the Sheriff shall be entitled to receive from each candidate his proportionate share of the surplus expense, and in default of payment may sue for and recover the same as money spent on behalf of such candidate.

XVIII. The Commissioners shall cause to be prepared, in each year, correct alphabetical lists of the persons qualified to vote in each division of the Town, which lists shall be open for inspection at the office of the said Commissioners, on or before the First day of December 1851 and all subsequent years, during all reasonable hours of the day until the day of election, when the said lists or copies thereof shall be taken to the place of election for the use of the Sheriff and his Deputies.

XIX. The Secretary to the Commissioners, on the written application of any person qualified to vote as aforesaid, signed by himself and delivered, at every election after the first, not more than thirty or less than ten days before the earliest day on which the election can take place, with the receipted assessment bills, shewing that the applicant has paid the rates or taxes required by this Act to qualify him to vote, shall give to such person a voting ticket according to his qualification.

XX. The voting tickets shall be signed by the Secretary to the Commissioners, and shall be in the form contained in the first Schedule annexed to this Act, or in such other form as shall be, from time to time, adopted by the Commissioners, with the approval of the Government of Bengal, and shall be conclusive evidence that the person named therein is entitled to vote at the next election of a Commissioner in the division for which the ticket is given according to the tenor thereof.

XXI. At the time and place appointed for the election, the Sheriff or his Deputies shall attend with two closed boxes with openings in each box for the reception of voting tickets, and distinguished from each other, by having marked or painted legibly, in Roman and Bengallee characters, the word "northern" on one box, and the word "southern" on the other.

XXII. Every voter having obtained his voting ticket in each division in which he is qualified to vote, and having written thereon the name of the candidate for whom he wishes to vote, and having signed the same, shall personally attend at the place of election, and shall deliver his voting ticket to the Sheriff, or one of his Deputies presiding at the election for that division, who, on being satisfied of the identity of the person tendering the voting ticket with the person whose signature it bears, shall deposit such voting ticket in the box of the division.

XXIII. The Secretary, Assessor, Collector and Collecting Sircars of the Commissioners, and if required by any candidate, an agent appointed by writing under his hand on his behalf, shall attend at the place of election during the continuance thereof, for the purpose of assisting in identifying the persons who shall tender voting tickets.

XXIV. The decision of the Sheriff, or his Deputy admitting or rejecting any disputed vote tendered at any election, shall be conclusive as to the reception of the vote.

XXV. As soon as the election for any division is completed, the Sheriff or his Deputies, in the presence of the candidates, or such of them as choose to be present, or of scrutineers appointed in writing under their several hands, shall ascertain the number of votes given for each candidate in each division; and the Sheriff shall thereupon publicly declare the name of the candidate in each division for whom the greatest number of votes has been given in such division, and shall declare such candidate to be duly elected a Commissioner for the improvement of the Town of Calcutta.

XXVI. If two or more candidates in one division of the Town shall have the same number of votes, the Governor of the Presidency of Fort William in Bengal shall appoint one of the candidates, having such equal number of votes, to be one of the elective Commissioners for the improvement of the Town of Calcutta.

XXVII. The result of every election shall be certified by the Sheriff to the Governor of the Presidency of Fort William in Bengal, who will cause notice thereof to be given in the Government Gazette.

XXVIII. If any vacancy from any cause whatever happens before the month of December among the Commissioners, the Governor of the Presidency of Fort William in Bengal shall appoint a person qualified to be elected to fill such vacancy, and the Commissioner appointed to fill such vacancy shall be a Commissioner as if he had been elected at the then last general election of Commissioners.

XXIX. The powers and duties which, by an Act passed in the thirty-third year of the reign of King George the Third, numbered as Chapter 52, were conferred and imposed on the Justices of the Peace within or for the Presidency of Fort William in Bengal, in regard to the collection and disbursement of the assessment thereby authorized to be made by them, shall be exercised and performed by the said Commissioners, instead of the said Justices of the Peace, and the powers and duties by any other Act conferred on or belonging to the Commissioners constituted under the said Act XVI. 1847, and their Officers, shall be transferred to and belong to the Commissioners constituted under this Act and their Officers respectively.

XXX. Of the two Commissioners yearly appointed by the Governor of Bengal, one shall be President and the other shall be Secretary to the Commissioners. In the absence of the President, such other Commissioner shall act as Chairman of the meetings of the Commissioners as shall be chosen by those present. On all questions on which the Commissioners present are equally divided in opinion, the President shall have a second or casting vote. Three Commissioners shall be necessary to constitute a meeting.

XXXI. The Commissioners shall severally receive such monthly salaries, to be paid out of the taxes levied under the said Act XVI. 1847, and this Act, as the Governor of Bengal, with the approval of the Governor General of India in Council, shall from time to time appoint, not exceeding six hundred rupees in the case of the Commissioner who is to be also Secretary, or two hundred and fifty rupees in any other case.

XXXII. The Commissioners shall have power to tax the Owners of all kinds of Carriages, Horses and Cattle, mentioned in the 2nd Schedule annexed to this Act, which are kept or used within the said Town, according to the rates mentioned in the said second Schedule, and to levy the amount of such taxes, if not duly paid, by distress and sale of the Carriages, Horses or Cattle on account of which the taxes are assessed, or of any other property within the Town of Calcutta, belonging to the persons by whom the taxes are due; the overplus, if any, after defraying all expenses of the seizure and sale, being returned to them.

XXXIII. The Commissioners may compound with Livery Stable Keepers and other persons keeping Carriages, Horses or Cattle for hire, for an annual sum to be paid on account of all Carriages, Horses and Cattle kept or used by them, instead of taxing them according to the rates mentioned in the said Schedule.

XXXIV. The Commissioners shall appoint a sufficient number of Assessors, Collectors and Bailiffs, and such other Officers as they may deem necessary for assessing, collecting or levying the taxes which may be imposed on the Owners or occupiers of houses, buildings and grounds under the authority of the said Act of Parliament and of this Act, and also the taxes and penalties herein mentioned, and may appoint the same persons to act both as Assessors and Collectors, and may prescribe such rules, and take such security for the due execution of the duties of such Assessors, Collectors and Bailiffs as they deem expedient; and such Assessors, Collectors, Bailiffs and other Officers of the Commissioners, shall receive such salaries, to be paid out of the said taxes, as the Commissioners, from time to time, appoint, subject to the approval of the Governor of Bengal.

XXXV. Taxes, according to the rates mentioned in the said second Schedule, shall be assessed and levied quarterly in each year; and every person, whether an inhabitant of the said Town or not, who has been the Owner of any of the several kinds of Carriages, Horses and Cattle mentioned in the second Schedule annexed to this Act, which has been kept or used within the said Town during thirty days in any one quarter of a year, shall be liable for the wheel and cattle taxes of that quarter in respect thereof.

XXXVI. All taxes assessed and penalties imposed under the authority or colour of the said Act XVI. 1847, or of the rules made in pursuance thereof before the passing of this Act, may be demanded, and if not duly paid may be levied, by the Commissioners acting under the authority of this Act.

XXXVII. The first assessments to be made under this Act shall be made for the first quarter of the year 1851, or such less time as the Commissioners think fit.

XXXVIII. The assessment of the taxes specified in this Act and in the second Schedule hereunto annexed shall be made by the said Commissioners, or any of them, or any Assessor or Assessors appointed by them, and the said Commissioners shall cause such assessments when made to be entered in books to be kept in their office, and the entries for such assessments in the said books shall be conclusive evidence of the several assessments therein specified, and the books in which the entries of such assessments shall be made, shall be authenticated by the signatures of the Commissioners or any three of them.

XXXIX. The said Commissioners shall send or cause to be sent to all persons supposed to be liable to be assessed under the provisions of this Act, Schedules in the form numbered 1 contained in the third Schedule annexed to this Act, or such other form as the Commissioners, from time to time, shall adopt with the approval of the Governor of Bengal; and the said Schedules shall be filled in writing, and signed and dated and returned to the office of the Commissioners, with such information as to the Commissioners may appear necessary, by all persons to whom they are sent, whether or not liable to pay the said taxes.

XL. All assessments for the several kinds of Carriages, Horses and Cattle mentioned in the second Schedule annexed to this Act, shall be made on the Owner thereof by name, if the same can be conveniently ascertained or be known, but otherwise by any description whereby such Owner may be sufficiently identified to the satisfaction of the said Commissioners, or any of them, so as to charge such owner with the said assessment; and, in default of proof to the contrary, the person, in whose possession any such Carriages, Horses and Cattle respectively are, shall be deemed the Owner thereof for the purposes of this Act.

XLI. The said Commissioners, or any one of them, may issue a summons, in the form numbered 2 contained in the third Schedule annexed to this Act, to the Owner of every Carriage, Horse or animal mentioned in the second Schedule annexed to this Act; and any one or more of the said Commissioners may examine such person so summoned concerning the several kinds of Carriages, Horses and Cattle owned by him, and as to the receipt by such person of the several Notices and Schedules mentioned in this Act, and generally as to the assessment of such person under this Act; and such examination shall be taken down in writing in such manner as the Commissioners may order; and in case the answers of such person so examined shall appear to the said Commissioners or Commissioner present at such examination to be evasive or untrue, or in case the party summoned shall refuse to answer any lawful question of the Commissioners, or any one or more of them, or shall be proved to have refused to receive, or to have refused, or without reasonable cause to have neglected truly and correctly to fill up in writing, sign, date or return, the Schedules contained in the form No. 1 of the third Schedule annexed to this Act, or shall be proved to have wilfully destroyed or defaced any Notice or Schedule, Bill, Summons or Notice of Demand served upon him, or shall be proved to have filled up the said Schedules untruly, with intent to evade being lawfully rated to the full amount of any of the said taxes due from him, or shall be proved knowingly or through gross negligence to have given any false information, either verbally or in writing, to the said Commissioners, or any of them, or any of their Assessors or Officers, whereby they or any Assessor or person employed by them shall be misled in making any assessment, or in case the party summoned shall refuse, or without lawful excuse neglect to appear before the said Commissioners, or any of them, in pursuance of such summons, such person shall for any of the abovementioned offences be liable to such penalty, not exceeding one hundred rupees, as shall be set on him by the said Commissioners.

XLII. The taxes specified in this Act and the second Schedule hereunto annexed shall be due and payable from and after the end of the quarter of a year or other period for which they are made.

XLIII. When the taxes specified in this Act and the second Schedule hereunto annexed shall be due and payable, or as soon after as convenient, the said Commissioners shall send, or cause to be sent to the persons severally liable to pay any of such taxes a statement or bill in the form A (contained in the 4th Schedule annexed to this Act) of the sums due from such persons respectively in respect of the said taxes.

XLIV. When any person shall be in arrear of the payment of the said taxes specified in this Act, and the second Schedule hereunto annexed, the said Commissioners, or any one or more of them, or their Officer duly authorized on that behalf, may issue, or cause to be issued and served upon such person a Notice of Demand in the form B. contained in the 4th Schedule annexed to this Act, and if he shall not within eight days from the service of such Notice of Demand pay the arrear due from him, according to the tenor of such Notice of Demand, the said Commissioners, or any one or more of them may issue and serve, or cause to be issued and served upon such person a summons in the form C. contained in the 4th Schedule annexed to this Act, requiring such person to appear before the said Commissioners, or any one or more of them, on a day and at an hour and place to be named in such summons.

XLV. On the appearance of the party summoned, the said Commissioners, or any one or more of them, may make such further enquiry into the case as to them or him may seem just, and may make such order for the payment of the whole or any part of the amount assessed, or may make such abatement for or in respect of any overcharge in the said assessment as to them or him shall seem just; and in case of the non-appearance of the party summoned, the said Commissioners, or any one or more of them, on proof of service of the said summons, and on making such further enquiry into the case as to him or them may seem just, may decide the claim in like manner as if the said party were present, and may make such order for the payment of the whole or any part of the amount assessed, or may make such abatement for or in respect of any overcharge in the said assessment as to them or him may seem just.

XLVI. The powers of Act VII. 1847 to regulate distresses for Small Rents in Calcutta shall be extended to the recovery of all arrears of taxes and penalties due under the said Act XVI. 1847, and this Act, and the costs and charges of recovering the same; and the Commissioners constituted under this Act shall be empowered to exercise the extended powers of the said Act: and for the purposes of this Act the said Act shall be construed as if the Commissioners, constituted under this Act, had been named therein instead of the Commissioners therein named, and as if the arrears of the said taxes and penalties were named therein instead of the limited amount of rent therein named, and the office of the Commissioners under this Act instead of the Court therein named, and the Secretary of the said Commissioners instead of the Chief Clerk of the said Court.

XLVII. Every Bill, Notice, Schedule, Summons or Notice of Demand by this Act required to be sent to or served upon any person liable or supposed to be liable to pay any taxes under this Act, may be served personally upon such person, or left with his doorkeeper or some inmate of his place of abode; and when any person shall, by keeping his place of abode or business closed, or

by absconding, or by violence or threats, prevent any Officer or Servant of the said Commissioners from serving any Bill, Notice, Schedule, Summons or Notice of Demand as herein directed, such Bill, Notice, Schedule, Summons or Notice of Demand shall be duly served, by fixing the same conspicuously on some part of the outer wall, gate or door of the house or place of business, or of the enclosure in which it stands.

XLVIII. No distress levied under the authority of this Act shall be unlawful, nor shall any party making the same be deemed a trespasser, on account of any defect or want of form in the Notice, Schedule, Summons, Notice of Demand, Warrant of Distress, Inventory or other proceeding relating thereto, nor shall he be a trespasser from the beginning on account of any irregularity afterwards committed by him.

XLIX. The Owner, whether an inhabitant of the said Town or not, of every Keranchee, Cart or Hackery, (whether kept for hire or otherwise) assessed or liable to be assessed at the yearly rate of four rupees and no more, shall yearly apply to the said Commissioners for a Licence to use such Keranchee, Cart or Hackery within the said Town; and, before obtaining such Licence, shall pay to the said Commissioners in advance the amount of one quarter of a year's tax on such Keranchee, Cart or Hackery; and the Commissioners, on such application and payment being made to them as aforesaid, shall grant such Licence to the Owner of such Keranchee, Cart or Hackery; and the said Licence shall be a receipt to the parties holding the same for the tax accruing due in respect of such Keranchee, Cart or Hackery, for the first quarter of a year after the date of such Licence.

L. Every Keranchee, Cart or Hackery, whether kept for hire or otherwise assessed, or liable to be assessed at the yearly rate of four rupees and no more, shall carry and have affixed to some conspicuous part of such Keranchee, Cart or Hackery, a Badge or Ticket made of wood or metal, shewing the name, in English and Bengallee characters, of the Owner of such Keranchee, Cart or Hackery, and also a number in English and Bengallee characters legibly written, or marked thereon, and the said Licences and Badges or Tickets shall be registered in the Office of the Commissioners by corresponding numbers; and if any such Keranchee, Cart or Hackery shall be used or kept within the said Town, without such Licence being first obtained, or without having such Badge or Ticket as aforesaid affixed to some conspicuous part of such Keranchee, Cart or Hackery, the Commissioners, or any one or more of them, or any Assessor, Collector or Bailiff employed by them, may seize and detain such Keranchee, Cart or Hackery, until a fine of three rupees shall be paid by the Owner thereof, or some other person on his behalf, to the said Commissioners, who, or any one or more of them, are hereby authorized to impose such fine on the Owner of such Keranchee, Cart or Hackery; and in case the said fine of three rupees shall not be paid within eight days after the imposition thereof, and the Owner of such Keranchee, Cart or Hackery shall not appear to claim the same within ten days from the detention of such Keranchee, Cart or Hackery, the Commissioners, or any one or more of them, may sell such Keranchee, Cart or Hackery, and with the proceeds of such sale pay the said fine, and all costs and charges of such sale and pay the overplus (if any) on demand within one calendar month to the Owner of the said Keranchee, Cart or Hackery; and, if no demand of the overplus be made by the Owner within one calendar month, the same may be paid to the credit of the taxes levied under this Act for the purposes thereof.

LI. Firstly.—*To consider whether it is expedient to dissolve the Co-partnership.*

Secondly. *To take the sense of Shareholders on the following proposition:—*

That in the event of the Co-partnership being continued, the Secretary of the Company be prohibited, on pain of immediate dismissal, from trading or engaging in any mercantile occupation, either on his own account, or by, or with, or in connection with any other person, or to do, or be concerned in, any other business, save that of Secretary to the said Company; and that this prohibition do extend to whomever may be Secretary, pending the consideration of the continuance of the Co-partnership.

Thirdly.—*That every bonâ fide holder of ten Shares in the Company shall, in virtue of such tenure and possession, be entitled to exercise when in Calcutta, the office of Director, and to do and perform all the duties of such office, in conjunction with the Directors annually elected by the Shareholders.*

Opium.

NOTICE is hereby given, that on Monday, the 16th December, 1850, at the hour of Eleven o'Clock in the forenoon, will be put up to Sale at the Exchange Rooms at Calcutta, and sold by Public Auction, for Exportation by Sea, the undermentioned quantity of Opium, the Provision of 1849-50, subject to the following Conditions; viz.

Produce of Behar Agency, ...	Chests	1,980
Ditto of Benares ditto, ...	,,	890
Total Chests		2,870

CONDITIONS OF SALE.

1st. The Opium will be sold for Exportation by Sea only, and no Certificate will be granted except to cover such Export.

2nd. The Opium will be ordinarily offered for Sale at an upset price of Rupees 400 per Chest, and sold to the highest bidder above that price, except under the circumstances for which Provision is made by Clause 12 of the Conditions of Sale.

3rd. The Sale shall commence at the hour of 11 A. M., and shall not be continued after the hour of 5 P. M., but if at that hour any of the lots advertized for Sale shall remain unsold, the Sale may, at the discretion of the Board of Customs, Salt and Opium, be resumed on the next day following (not being Sunday or a Public Holiday,) at the hour of 11 A. M., and so on until the whole of the remaining lots are disposed of; or if the quantity of 2870 Chests shall not be sold on the day advertized, the Board may dispose of the lots which remain on hand at a future Sale.

4th. Each lot to contain Five Chests.

5th. A deposit in a Promissory Note; either for 25 per Cent. even money of the amount for which each lot is knocked down, or for Rupees 1000, at the discretion of the Officer superintending the Sale, shall be made by the purchaser in the Sale Room, and before the lot is registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'Clock of the afternoon of Wednesday, the 18th December 1850, or on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's Receipts, or deposit of other Public Securities as aforesaid shall have been delivered in, shall be Re-sold at such time or times, and under such Conditions of Re-sale, as the Board of Customs, Salt and Opium, shall see fit, and all losses and expenses whatsoever attending such Re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such Re-sale shall be forfeited to Government.

6th. The Promissory Notes taken on the day of Sale, under the last mentioned condition, if remaining unredeemed on the said 18th December 1850, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7th. No tender of Money, Sub-Treasurer's Receipts, or Public Securities on account of Opium, upon which the prescribed deposit may not have been made before 4 o'Clock of the 18th December 1850, will be afterwards accepted.

8th. The Opium, now advertized for Sale, shall be paid for within 15 clear days from the day of Sale, that is to say, no Treasury Receipt will be accepted in payment after 4 P. M. of Tuesday, the 31st December 1850, and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit of 25 per Cent. even money of the amount for which each lot is knocked down, or Rupees 1000 for each lot, or any Public Securities that may have been deposited on account of such lots or Chests shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Customs, Salt and Opium, shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the Re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such Re-sale.

9th. Purchasers taking out Certificates or orders for the delivery of Opium after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase which they may desire to be included in each Certificate or order, and it is to be clearly understood that the Certificates or orders so taken out shall be considered final, and not afterwards changeable for other Certificates or orders authorizing the delivery of single lots or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each Certificate or order.

10th. No Sub-Treasurer's Receipts or deposit of Public Securities under the fifth of the present Conditions, will be received in this Office, except from the party recorded as the purchaser in the Sale Book or his authorized Agent. The receipt for deposit of Public Securities will be granted only in the name of such purchaser, and the Securities so deposited will be returned when clearance has been made by the said purchaser or his order.

11th. The Officer superintending the Sale on the part of the Board of Customs, Salt and Opium, is empowered to reject at his discretion the bid of any individual unless such individual shall, on demand, tender at the time a deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts,

or other Government Securities, equal to 25 per Cent. even money of the amount so bid, or Rupees 1000 for each lot.

12th. With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified, that the Officer of Government superintending the Sale, shall be competent at any time during the Sale to withdraw any unsold lot, and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained and the first *bond fide* bidder for a lot after it has been offered for Sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the Officer of Government superintending the Sale, shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of 400 Rupees specified in the 2nd Clause of these Conditions.

13th. The purchaser of any lot shall have the option of naming and purchasing in immediate succession any number of lots of the same Agency Opium to the extent of Twenty-five lots, and for the lots so purchased the purchaser shall deposit for each lot 25 per Cent. even money of the amount bid by him for the first lot, or Rupees 1000 for each lot, and pay the same price per Chest as that for which he purchased his first lot, provided always that there remain a sufficient number of lots of that Opium to complete the said twenty-five, but not otherwise.

14th. In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15th. The following papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date by application at the Office of the Secretary to the Board of Customs, Salt and Opium.

No. 1. Certificate of the Opium now advertized for sale.

No. 2. Report of the examination of such Opium.

16th. The public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1849-50, the same precautions have been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the Cakes, and to have the due proportion of Opium put into each Cake. An account of the weight of the drug when packed at Behar and Benares, and a statement of the average weight of the Chests indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium, and further that four Chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th. Any further information respecting weight or quality of the Opium advertized for Sale, that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Customs, Salt and Opium, but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the Drug, which may be preferred in reference to Chests after the Sale and delivery of the Opium for shipment.

18th. The public are hereby informed, that in addition to the quantity abovementioned, the following quantities, more or less, of Behar and Benares Opium of 1849-50, will be brought to Sale in the present season on or about the dates specified below:

If the Agents of the French Government shall not make the requisition for Opium within the time abovementioned, the entire quantity of about 34,417 Chests of Behar and Benares as above estimated, will be brought to Sale in the usual manner, and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertized for Sale at each or any of the Twelve Sales abovmentioned, but shall not pay for it within the prescribed period

of payment, the Governor of Bengal reserves to himself the right of disposing of the Opium, which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the Sale next ensuing the date of payment or by selling it at a Sale to be held expresslyfor the purpose.

Article of the Convention above referred to.

Article 6th. "With regard to the Trade in "Opium it is agreed between "the high contracting parties "that at each of the periodical "Sales of that article there "shall be reserved for the French Government, "and delivered upon requisition duly made by "the Agents of His Most Christian Majesty, or by "the persons duly appointed by them, the number "of Chests so applied for, provided that such supply shall not exceed Three Hundred Chests in "each year, and the price for the same shall be determined by the average rate at which Opium "shall have been sold at every such periodical "Sale; it being understood that, if the quantity of "Opium applied for at any one time shall not be "taken on account of the French Government by "the Agents of His Most Christian Majesty "within the usual period of delivery, the quantity "so applied for shall nevertheless be considered "as so much in reduction of the Three Hundred "Chests hereinbefore mentioned: the requisitions "for Opium as aforesaid are to be addressed to "the Governor General at Calcutta, within thirty "days after notice of the intended Sales shall have "been published in the Government Gazette."

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bond fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bond fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.

By order of the Central Committee,

Cecil Beadon,
Secretary.

NOTICE is hereby given, that on Monday, the 16th December, 1850, at the hour of Eleven o'Clock in the forenoon, will be put up to Sale at the Exchange Rooms at Calcutta, and sold by Public Auction, for Exportation by Sea, the undermentioned quantity of Opium, the Provision of 1849-50, subject to the following Conditions; viz.

Produce of Behar Agency, ...	Chests	1,980
Ditto of Benares ditto, ...	,,	890
Total Chests		2,870

CONDITIONS OF SALE.

1st. The Opium will be sold for Exportation by Sea only, and no Certificate will be granted except to cover such Export.

2nd. The Opium will be ordinarily offered for Sale at an upset price of Rupees 400 per Chest, and sold to the highest bidder above that price, except under the circumstances for which Provision is made by Clause 12 of the Conditions of Sale.

3rd. The Sale shall commence at the hour of 11 A. M., and shall not be continued after the hour of 5 P. M., but if at that hour any of the lots advertized for Sale shall remain unsold, the Sale may, at the discretion of the Board of Customs, Salt and Opium, be resumed on the next day following (not being Sunday or a Public Holiday,) at the hour of 11 A. M., and so on until the whole of the remaining lots are disposed of; or if the quantity of 2870 Chests shall not be sold on the day advertized, the Board may dispose of the lots which remain on hand at a future Sale.

4th. Each lot to contain Five Chests.

5th. A deposit in a Promissory Note, either for 25 per Cent. even money of the amount for which each lot is knocked down, or for Rupees 1000, at the discretion of the Officer superintending the Sale, shall be made by the purchaser in the Sale Room, and before the lot is registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'Clock of the afternoon of Wednesday, the 18th December 1850, or on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's Receipts, or deposit of other Public Securities as aforesaid shall have been delivered in, shall be Re-sold at such time or times, and under such Conditions of Re-sale, as the Board of Customs, Salt and Opium, shall see fit, and all losses and expenses whatsoever attending such Re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such Re-sale shall be forfeited to Government.

6th. The Promissory Notes taken on the day of Sale, under the last mentioned condition, if remaining unredeemed on the said 18th December 1850, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7th. No tender of Money, Sub-Treasurer's Receipts, or Public Securities on account of Opium, upon which the prescribed deposit may not have been made before 4 o'Clock of the 18th December 1850, will be afterwards accepted.

8th. The Opium, now advertized for Sale, shall be paid for within 15 clear days from the day of Sale, that is to say, no Treasury Receipt will be accepted in payment after 4 P. M. of Tuesday, the 31st December 1850, and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit of 25 per Cent. even money of the amount for which each lot is knocked down, or Rupees 1000 for each lot, or any Public Securities that may have been deposited on account of such lots or Chests shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Customs, Salt and Opium, shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the Re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such Re-sale.

9th. Purchasers taking out Certificates or orders for the delivery of Opium after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase which they may desire to be included in each Certificate or order, and it is to be clearly understood that the Certificates or orders so taken out shall be considered final, and not afterwards changeable for other Certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each Certificate or order.

10th. No Sub-Treasurer's Receipts or deposit of Public Securities under the fifth of the present Conditions, will be received in this Office, except from the party recorded as the purchaser in the Sale Book or his authorized Agent. The receipt for deposit of Public Securities will be granted only in the name of such purchaser, and the Securities so deposited will be returned when clearance has been made by the said purchaser or his order.

11th. The Officer superintending the Sale on the part of the Board of Customs, Salt and Opium is empowered to reject at his discretion the bid of any individual unless such individual shall on demand, tender at the time a deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts or other Government Securities, equal to 25 p

Cent. even money of the amount so bid, or Rupees 1000 for each lot.

12th. With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified, that the Officer of Government superintending the Sale, shall be competent at any time during the Sale to withdraw any unsold lot, and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained and the first *bonâ fide* bidder for a lot after it has been offered for Sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the Officer of Government superintending the Sale, shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of 400 Rupees specified in the 2nd Clause of these Conditions.

13th. The purchaser of any lot shall have the option of naming and purchasing in immediate succession any number of lots of the same Agency Opium to the extent of Twenty-five lots, and for the lots so purchased the purchaser shall deposit for each lot 25 per Cent. even money of the amount bid by him for the first lot, or Rupees 1000 for each lot, and pay the same price per Chest as that for which he purchased his first lot, provided always that there remain a sufficient number of lots of that Opium to complete the said twenty-five, but not otherwise.

14th. In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15th. The following papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date by application at the Office of the Secretary to the Board of Customs, Salt and Opium.

No. 1. Certificate of the Opium now advertized for sale.

No. 2. Report of the examination of such Opium.

16th. The public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1849-50, the same precautions have been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the Cakes, and to have the due proportion of Opium put into each Cake. An account of the weight of the drug when packed at Behar and Benares, and a statement of the average weight of the Chests indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium, and further that four Chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th. Any further information respecting weight or quality of the Opium advertized for Sale, that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Customs, Salt and Opium, but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the Drug, which may be preferred in reference to Chests after the Sale and delivery of the Opium for shipment.

18th. The public are hereby informed, that in addition to the quantity abovementioned, the following quantities, more or less, of Behar and Benares Opium of 1849-50, will be brought to Sale in the present season on or about the dates specified below:

If the Agents of the French Government shall not make the requisition for Opium within the time abovementioned, the entire quantity of about 34,417 Chests of Behar and Benares as above estimated, will be brought to Sale in the usual manner, and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertized for Sale at each or any of the Twelve Sales abovmentioned, but shall not pay for it within the prescribed period of payment, the Governor of Bengal reserves to himself the right of disposing of the Opium, which the French Authorities may so fail to pay for,

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bonâ fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bonâ fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bonâ fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bonâ fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.

By order of the Central Committee,

CECIL BEADON,
Secretary.

The following Act is passed by the Hon'ble the President of the Council of India in Council on the 20th of December 1850, with the assent of the Most Noble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information.

ACT No. XLII. OF 1850.

An Act for giving additional facilities for Public Works in Bengal.

Whereas, by Regulation I. 1824, of the Bengal Code, power was given for taking any land in the territories subject to the Presidency of Fort William in Bengal, which is needed for any public purpose, according to the forms therein prescribed, but it is expedient for hindering needless delay in making the Railway about to be constructed in the said Presidency under the sanction of Government, and also in any other public work, that more summary power should in certain cases be given for gaining immediate possession of the land needed for such public work, It is declared and enacted as follows:

I. Any Railway made in the said territories, under the sanction of Government, is a public work within the meaning of the said Regulation.

II. The persons employed in any public work, with their servants and workmen, may enter upon any land for surveying the ground, and in the case of a road, canal or railway for setting out the intended line thereof, and in the case of any intended road, canal or railway may mark the intended line by cutting a trench, or placing landmarks along the line; and, where otherwise the survey cannot be completed, and the line marked, may, with the sanction of the Government, or of any officer appointed by Government for this purpose, cut down and clear away any part of any jungle or tope of trees in the direction of the intended line. Provided that no person shall enter the curtilage of any house under colour

of this Act without consent of the occupier, unless between sunrise and sunset, and after due notice given to such occupier.

III. It shall be the duty of the officer appointed by the Government to take account of all necessary damage done as aforesaid, that it may be allowed for, in awarding compensation to the owners and occupiers of land.

IV. Whoever wilfully obstructs any person in lawfully setting out the line of any road, canal, or railway, or wilfully destroys, damages, or displaces any such landmark, or effaces, or fills any such trench, shall be liable to be imprisoned for any term not exceeding six months, and also to fine not exceeding two hundred Rupees.

V. Whenever the said officer shall have recorded his opinion that the land in dispute is needed immediately for the purpose of the public work, he shall be empowered to take immediate possession thereof on behalf of the Government, leaving the amount and distribution of the consideration to be paid for it, if not agreed to by private bargain, to be afterwards ascertained according to the said Regulation; and such possession may be enforced and the obstruction of it punished in like manner as if the land so taken had been sold in execution of the decree of a Civil Court: and all Collectors, Magistrates and other officers shall, if necessary, give the like aid as they would be bound to give for enforcing the speedy and complete execution of any such decree.

VI. If the said officer is opposed or impeded in taking immediate possession of such land as in his opinion is immediately needed, he shall apply to the Magistrate of the district, who shall enforce the surrender of the land.

VII. The powers of the said Regulation and of this Act shall extend, in the case of any road, canal or railway, to authorize the temporary occupation of any land not more than one hundred yards from the centre line of the road, canal or railway as marked on the ground, for taking earth or other materials for making or repairing the road, canal or railway, or for depositing thereon superfluous earth or other materials, or erecting temporary buildings and workshops thereon, or any land which may be needed for making temporary roads from any public road to the intended line of railway; and for the temporary occupation of any such land, and for any permanent damage done by such occupation and use of the land, including the full value of all clay, stone, gravel, sand and other materials taken thence, compensation shall be paid to and among all persons having an interest therein, to be ascertained in case of disagreement in the same manner as compensation for land permanently taken.

VIII. The local Government, if it thinks fit, may empower any such officer to execute any award made under the said Regulation, and to do all things necessary for completing the business, of taking and paying for the said land, and for settling all disputes concerning it, without sending any report to the local Government.

IX. In every case in which any land has been or shall be taken by the Government for any public work, otherwise than according to the said Regulation, such land, after the lapse of five years, without any claim preferred for the recovery thereof in any competent Court, or under the said Regulation I. 1824, or this Act, shall vest absolutely in the East India Company, freed and discharged from all other claims thereunto.

X. The said term of five years shall be reckoned from the date of this Act, in the case of land heretofore taken, and in the case of land hereafter taken from the time of taking possession thereof.

XI. If within the said term of five years any suit is begun, upon which final judgment shall be obtained establishing the right of the plaintiff to any interest in any such land, then, instead of the said land, there shall be paid to the person obtaining such judgment the value of his interest in the said land, at the time when possession thereof was taken, with interest thereon at the usual and lawful rate, to be ascertained and settled in case of dispute by arbitration in the manner described for disputed claims by the said Regulation.

W. Grey,
Offg. Secy. to the Govt. of India.

Fort William, Home Department, Legislative, the 20th December, 1850.

The following Draft of a proposed Act was read in Council for the first time on the 20th of December 1850.

Act No. —— of 1850.

To amend Regulation XIII. 1810, *of the Bengal Code, for the trial of Appeals.*

Whereas the Sudder Dewanny Adawlut of the North Western Provinces of the Presidency of Fort William in Bengal, as now constituted, comprises three Judges only, and appeals cannot therefore be entertained according to Regulation XIII. 1810, of the Bengal Code, and Act II. 1843, where the judgment appealed from was passed by one of the said Judges, and it is therefore expedient that the said Regulation be amended, It is enacted as follows:

I. No Judge of either of the Courts of Sudder Dewanny, of the Presidency of Fort William in Bengal, shall be disqualified from being one of three Judges, sitting for the hearing and decision of an appeal, by reason of his having passed the decision in the Lower Court against which the appeal is made.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 20th day of February 1851.

W. Grey,
Offg. Secy. to the Govt. of India.

Fort William, Home Department, Legislative, the 20th December, 1850.

The following Draft of a proposed Act was read in Council for the first time on the 20th of December 1850:

Act No. —— of 1850.

An Act for the appointment of Uncovenanted Deputy Magistrates and for defining the duties of Deputy and Assistant Magistrates in Bombay.

Whereas the Administration of Justice will be improved by extending the provisions of Act XV. 1843, to the Presidency of Bombay, and by more exactly defining the powers of Assistant Magistrates, It is enacted as follows:

I. So much of Act XIV. 1835, as empowers the Governor of Bombay in Council to confer on

any Assistant Magistrate, by a special order, any of the powers of a Magistrate, is repealed.

II. The Governor of Bombay in Council may appoint to any Zillah or District one or more Uncovenanted Deputy Magistrates, with the powers hereinafter specified.

III. Every person appointed to the office of Deputy Magistrate under this Act shall, before entering upon the execution of the duties of his office, make and subscribe before one of the Courts of Record established in the said Presidency, (or in the Zillah to which he is appointed) a declaration to the same effect as the oath required by law to be taken by Magistrates, which declaration shall be deemed to be made under Act XXI. 1837.

IV. A Deputy Magistrate appointed under this Act, or an Assistant Magistrate, may be employed as a judicial officer, or as an officer of Police, or both, at the discretion of the Governor of Bombay in Council. As a judicial officer he shall exercise the powers of a Covenanted Assistant, under Section III. Regulation XII. 1827, Regulation IV. 1830, Regulation VIII. 1831, of the Bombay Code, and Act XXV. 1839, or the full powers of a Magistrate, when specially authorized by the Governor of Bombay in Council; and, in such cases, he shall be subject to such authority in regard to appeals from his decisions and judicial orders as is provided under the above mentioned Regulations for the decisions and orders of a Covenanted Assistant or of a Magistrate respectively. As an officer of Police, he shall be in all respects subordinate to the Magistrate under whom he is placed; he shall exercise such executive powers only as the Governor of Bombay in Council, or the Magistrate, with the sanction of the Governor of Bombay in Council, commits to him, and shall obey all lawful orders so issued, and perform all duties so assigned to him by the said Magistrate, who shall be at all times competent, subject to such orders as he receives from time to time from the Governor of Bombay in Council, to extend, limit or resume the executive powers committed to such Assistant or Deputy.

V. Nothing in this Act contained shall be held to disqualify any Uncovenanted Officer in the Revenue and Judicial Departments from holding, at the same time with any other office, the office of Deputy Magistrate.

VI. A Deputy Magistrate appointed under this Act shall not be dismissed from office for misconduct, without the sanction of the Governor of Bombay in Council. Whenever there is reason to believe, that a Deputy Magistrate is disqualified, by neglect, incapacity, corruption or other misbehaviour, for continuance in office, a report shall be made by the Magistrate for the consideration and orders of the Governor of Bombay in Council, who shall be competent to suspend such Deputy Magistrate, and order a further enquiry into his behaviour, or order his immediate dismissal, as appears just and proper.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be reconsidered at the first Meeting of the Legislative Council of India after the 20th day of March 1851.

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bonâ fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Centra Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bonâ fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.

By order of the Central Committee,

CECIL BEADON,

Secretary.

The following Act is passed by the Hon'ble the President of the Council of India in Council on the 20th of December 1850, with the assent of the Most Noble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information.

ACT No. XLII. OF 1850.

An Act for giving additional facilities for Public Works in Bengal.

Whereas, by Regulation I. 1824, of the Bengal Code, power was given for taking any land in the territories subject to the Presidency of Fort William in Bengal, which is needed for any public purpose, according to the forms therein prescribed, but it is expedient for hindering needless delay in making the Railway about to be constructed in the said Presidency under the sanction of Government, and also in any other public work, that more summary power should in certain cases be given for gaining immediate possession of the land needed for such public work, It is declared and enacted as follows:

I. Any Railway made in the said territories, under the sanction of Government, is a public work within the meaning of the said Regulation.

II. The persons employed in any public work, with their servants and workmen, may enter upon any land for surveying the ground, and in the case of a road, canal or railway for setting out the intended line thereof, and in the case of any intended road, canal or railway may mark the intended line by cutting a trench, or placing landmarks along the line; and, where otherwise the survey cannot be completed, and the line marked, may, with the sanction of the Government, or of any officer appointed by Government for this purpose, cut down and clear away any part of any jungle or tope of trees in the direction of the intended line. Provided that no person shall enter the curtilage of any house under colour of this Act without consent of the occupier, unless between sunrise and sunset, and after due notice given to such occupier.

III. It shall be the duty of the officer so appointed by the Government to take account of all necessary damage done as aforesaid, that it may be allowed for, in awarding compensation to the owners and occupiers of land.

IV. Whoever wilfully obstructs any person in lawfully setting out the line of any road, canal, or railway, or wilfully destroys, damages, or displaces any such landmark, or effaces, or fills any such trench, shall be liable to be imprisoned for any term not exceeding six months, and also to fine not exceeding two hundred Rupees.

V. Whenever the said officer shall have recorded his opinion that the land in dispute is needed immediately for the purpose of the public work, he shall be empowered to take immediate possession thereof on behalf of the Government, leaving the amount and distribution of the consideration to be paid for it, if not agreed to by private bargain, to be afterwards ascertained according to the said Regulation; and such possession may be enforced and the obstruction of it punished in like manner as if the land so taken had been sold in execution of the decree of a Civil Court: and all Collectors, Magistrates and other officers shall, if necessary, give the like aid as they would be bound to give for enforcing the speedy and complete execution of any such decree.

VI. If the said officer is opposed or impeded in taking immediate possession of such land as in his opinion is immediately needed, he shall apply to the Magistrate of the district, who shall enforce the surrender of the land.

VII. The powers of the said Regulation and of this Act shall extend, in the case of any road, canal or railway, to authorize the temporary occupation of any land not more than one hundred yards from the centre line of the road, canal or railway as marked on the ground, for taking earth or other materials for making or repairing the road, canal or railway, or for depositing thereon superfluous earth or other materials, or erecting temporary buildings and workshops thereon, or any land which may be needed for making temporary roads from any public road to the intended line of railway; and for the temporary occupation of any such land, and for any permanent damage done by such occupation and use of the land, including the full value of all clay, stone, gravel, sand and other materials taken thence, compensation shall be paid to and among all persons having an interest therein, to be ascertained in case of disagreement in the same manner as compensation for land permanently taken.

VIII. The local Government, if it thinks fit, may empower any such officer to execute any award made under the said Regulation, and to do all things necessary for completing the business, of taking and paying for the said land, and for settling all disputes concerning it, without sending any report to the local Government.

IX. In every case in which any land has been or shall be taken by the Government for any public work, otherwise than according to the said Regulation, such land, after the lapse of five years, without any claim preferred for the recovery thereof in any competent Court, or under the said Regulation I. 1824, or this Act, shall vest absolutely in the East India Company, freed and discharged from all other claims thereunto.

X. The said term of five years shall be reckoned from the date of this Act, in the case of land heretofore taken, and in the case of land hereafter taken from the time of taking possession thereof.

XI. If within the said term of five years any suit is begun, upon which final judgment shall be obtained establishing the right of the plaintiff to any interest in any such land, then, instead of the said land, there shall be paid to the person obtaining such judgment the value of his interest in the said land, at the time when possession thereof was taken, with interest thereon at the usual and lawful rate, to be ascertained and settled in case of dispute by arbitration in the manner described for disputed claims by the said Regulation.

W. Grey,
Offg. Secy. to the Govt. of India.

Fort William, Home Department, Legislative, the 20th December, 1850.

The following Draft of a proposed Act was read in Council for the first time on the 20th of December 1850.

Act No. —— of 1850.

To amend Regulation XIII. 1810, *of the Bengal Code, for the trial of Appeals.*

Whereas the Sudder Dewanny Adawlut of the North Western Provinces, of the Presidency of Fort William in Bengal, as now constituted, comprises three Judges only, and appeals cannot therefore be entertained according to Regulation XIII. 1810, of the Bengal Code, and Act II. 1843, where the judgment appealed from was passed by one of the said Judges, and it is therefore expedient that the said Regulation be amended, It is enacted as follows:

I. No Judge of either of the Courts of Sudder Dewanny, of the Presidency of Fort William in Bengal, shall be disqualified from being one of three Judges, sitting for the hearing and decision of an appeal, by reason of his having passed the decision in the Lower Court against which the appeal is made.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 20th day of February 1851.

W. Grey,
Offg. Secy. to the Govt. of India.

Fort William, Home Department, Legislative, the 20th December, 1850.

The following Draft of a proposed Act was read in Council for the first time on the 20th of December 1850:

ACT No. —— OF 1850.

An Act for the appointment of Uncovenanted Deputy Magistrates and for defining the duties of Deputy and Assistant Magistrates in Bombay.

Whereas the Administration of Justice will be improved by extending the provisions of Act XV. 1843, to the Presidency of Bombay, and by more exactly defining the powers of Assistant Magistrates, It is enacted as follows:

I. So much of Act XIV. 1835, as empowers the Governor of Bombay in Council to confer on any Assistant Magistrate, by a special order, any of the powers of a Magistrate, is repealed.

II. The Governor of Bombay in Council may appoint to any Zillah or District one or more Uncovenanted Deputy Magistrates, with the powers hereinafter specified.

III. Every person appointed to the office of Deputy Magistrate under this Act shall, before entering upon the execution of the duties of his office, make and subscribe before one of the Courts of Record established in the said Presidency, (or in the Zillah to which he is appointed) a declaration to the same effect as the oath required by law to be taken by Magistrates, which declaration shall be deemed to be made under Act XXI. 1837.

IV. A Deputy Magistrate appointed under this Act, or an Assistant Magistrate, may be employed as a judicial officer, or as an officer of Police, or both, at the discretion of the Governor of Bombay in Council. As a judicial officer he shall exercise the powers of a Covenanted Assistant, under Section III. Regulation XII. 1827, Regulation IV. 1830, Regulation VIII. 1831, of the Bombay Code, and Act XXV. 1839, or the full powers of a Magistrate, when specially authorized by the Governor of Bombay in Council; and, in such cases, he shall be subject to such authority in regard to appeals from his decisions and judicial orders as is provided under the above mentioned Regulations for the decisions and orders of a Covenanted Assistant or of a Magistrate respectively. As an officer of Police, he shall be in all respects subordinate to the Magistrate under whom he is placed; he shall exercise such executive powers only as the Governor of Bombay in Council, or the Magistrate, with the sanction of the Governor of Bombay in Council, commits to him, and shall obey all lawful orders so issued, and perform all duties so assigned to him by the said Magistrate, who shall be at all times competent, subject to such orders as he receives from time to time from the Governor of Bombay in Council, to extend, limit or resume the executive powers committed to such Assistant or Deputy.

V. Nothing in this Act contained shall be held to disqualify any Uncovenanted Officer in the Revenue and Judicial Departments from holding, at the same time with any other office, the office of Deputy Magistrate.

VI. A Deputy Magistrate appointed under this Act shall not be dismissed from office for misconduct, without the sanction of the Governor of Bombay in Council. Whenever there is reason to believe, that a Deputy Magistrate is disqualified, by neglect, incapacity, corruption or other misbehaviour, for continuance in office, a report shall be made by the Magistrate for the consideration and orders of the Governor of Bombay in Council, who shall be competent to suspend such Deputy Magistrate, and order a further enquiry into his behaviour, or order his immediate dismissal, as appears just and proper.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be reconsidered at the first Meeting of the Legislative Council of India after the 20th day of March 1851.

The following Act is passed by the Hon'ble the President of the Council of India in Council on the 20th of December 1850, with the assent of the Most Noble the Governor General of India, which has been read and recorded.

Ordered, that the Act be promulgated for general information.

ACT No. XLII. OF 1850.

An Act for giving additional facilities for Public Works in Bengal.

Whereas, by Regulation I. 1824, of the Bengal Code, power was given for taking any land in the territories subject to the Presidency of Fort William in Bengal, which is needed for any public purpose, according to the forms therein prescribed, but it is expedient for hindering needless delay in making the Railway about to be constructed in the said Presidency under the sanction of Government, and also in any other public work, that more summary power should in certain cases be given for gaining immediate possession of the land needed for such public work, It is declared and enacted as follows:

I. Any Railway made in the said territories, under the sanction of Government, is a public work within the meaning of the said Regulation.

II. The persons employed in any public work, with their servants and workmen, may enter upon

any land for surveying the ground, and in the case of a road, canal or railway for setting out the intended line thereof, and in the case of any intended road, canal or railway may mark the intended line by cutting a trench, or placing landmarks along the line; and, where otherwise the survey cannot be completed, and the line marked, may, with the sanction of the Government, or of any officer appointed by Government for this purpose, cut down and clear away any part of any jungle or tope of trees in the direction of the intended line. Provided that no person shall enter the curtilage of any house under colour of this Act without consent of the occupier, unless between sunrise and sunset, and after due notice given to such occupier.

III. It shall be the duty of the officer so appointed by the Government to take account of all necessary damage done as aforesaid, that it may be allowed for, in awarding compensation to the owners and occupiers of land.

IV. Whoever wilfully obstructs any person in lawfully setting out the line of any road, canal, or railway, or wilfully destroys, damages, or displaces any such landmark, or effaces, or fills any such trench, shall be liable to be imprisoned for any term not exceeding six months, and also to fine not exceeding two hundred Rupees.

V. Whenever the said officer shall have recorded his opinion that the land in dispute is needed immediately for the purpose of the public work, he shall be empowered to take immediate possession thereof on behalf of the Government, leaving the amount and distribution of the consideration to be paid for it, if not agreed to by private bargain, to be afterwards ascertained according to the said Regulation; and such possession may be enforced and the obstruction of it punished in like manner as if the land so taken had been sold in execution of the decree of a Civil Court: and all Collectors, Magistrates and other officers shall, if necessary, give the like aid as they would be bound to give for enforcing the speedy and complete execution of any such decree.

VI. If the said officer is opposed or impeded in taking immediate possession of such land as in his opinion is immediately needed, he shall apply to the Magistrate of the district, who shall enforce the surrender of the land.

VII. The powers of the said Regulation and of this Act shall extend, in the case of any road, canal or railway, to authorize the temporary occupation of any land not more than one hundred yards from the centre line of the road, canal or railway as marked on the ground, for taking earth or other materials for making or repairing the road, canal or railway, or for depositing thereon superfluous earth or other materials, or erecting temporary buildings and workshops thereon, or any land which may be needed for making temporary roads from any public road to the intended line of railway; and for the temporary occupation of any such land, and for any permanent damage done by such occupation and use of the land, including the full value of all clay, stone, gravel, sand and other materials taken thence, compensation shall be paid to and among all persons having an interest therein, to be ascertained in case of disagreement in the same manner as compensation for land permanently taken.

VIII. The local Government, if it thinks fit, may empower any such officer to execute any award made under the said Regulation, and to do all things necessary for completing the business, of taking and paying for the said land, and for settling all disputes concerning it, without sending any report to the local Government.

IX. In every case in which any land has been or shall be taken by the Government for any public work, otherwise than according to the said Regulation, such land, after the lapse of five years, without any claim preferred for the recovery thereof in any competent Court, or under the said Regulation I. 1824, or this Act, shall vest absolutely in the East India Company, freed and discharged from all other claims thereunto.

X. The said term of five years shall be reckoned from the date of this Act, in the case of land heretofore taken, and in the case of land hereafter taken from the time of taking possession thereof.

XI. If within the said term of five years any suit is begun, upon which final judgment shall be obtained establishing the right of the plaintiff to any interest in any such land, then, instead of the said land, there shall be paid to the person obtaining such judgment the value of his interest in the said land, at the time when possession thereof was taken, with interest thereon at the usual and lawful rate, to be ascertained and settled in case of dispute by arbitration in the manner described for disputed claims by the said Regulation.

W. Grey,

Offg. Secy. to the Govt. of India.

Fort William, Home Department, Legislative, the 20th December, 1850.

The following Draft of a proposed Act was read in Council for the first time on the 20th of December 1850.

Act No. —— of 1850.

To amend Regulation XIII. 1810, of the Bengal Code, for the trial of Appeals.

Whereas the Sudder Dewanny Adawlut of the North Western Provinces, of the Presidency of Fort William in Bengal, as now constituted, comprises three Judges only, and appeals cannot therefore be entertained according to Regulation XIII. 1810, of the Bengal Code, and Act II. 1843, where the judgment appealed from was passed by one of the said Judges, and it is therefore expedient that the said Regulation be amended, It is enacted as follows:

I. No Judge of either of the Courts of Sudder Dewanny, of the Presidency of Fort William in Bengal, shall be disqualified from being one of three Judges, sitting for the hearing and decision of an appeal, by reason of his having passed the decision in the Lower Court against which the appeal is made.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 20th day of February 1851.

W. Grey,

Offg. Secy. to the Govt. of India.

Fort William, Home Department, Legislative, the 20th December, 1850.

The following Draft of a proposed Act was read in Council for the first time on the 20th of December 1850:

ACT No. —— OF 1850.

An Act for the appointment of Uncovenanted Deputy Magistrates and for defining the duties of Deputy and Assistant Magistrates in Bombay.

Whereas the Administration of Justice will be improved by extending the provisions of Act XV. 1843, to the Presidency of Bombay, and by more exactly defining the powers of Assistant Magistrates, It is enacted as follows:

I. So much of Act XIV. 1835, as empowers the Governor of Bombay in Council to confer on any Assistant Magistrate, by a special order, any of the powers of a Magistrate, is repealed.

II. The Governor of Bombay in Council may appoint to any Zillah or District one or more Uncovenanted Deputy Magistrates, with the powers hereinafter specified.

III. Every person appointed to the office of Deputy Magistrate under this Act shall, before entering upon the execution of the duties of his office, make and subscribe before one of the Courts of Record established in the said Presidency, (or in the Zillah to which he is appointed) a declaration to the same effect as the oath required by law to be taken by Magistrates, which declaration shall be deemed to be made under Act XXI. 1837.

IV. A Deputy Magistrate appointed under this Act, or an Assistant Magistrate, may be employed as a judicial officer, or as an officer of Police, or both, at the discretion of the Governor of Bombay in Council. As a judicial officer he shall exercise the powers of a Covenanted Assistant, under Section III. Regulation XII. 1827, Regulation IV. 1830, Regulation VIII. 1831, of the Bombay Code, and Act XXV. 1839, or the full powers of a Magistrate, when specially authorized by the Governor of Bombay in Council; and, in such cases, he shall be subject to such authority in regard to appeals from his decisions and judicial orders as is provided under the above mentioned Regulations for the decisions and orders of a Covenanted Assistant or of a Magistrate respectively. As an officer of Police, he shall be in all respects subordinate to the Magistrate under whom he is placed; he shall exercise such executive powers only as the Governor of Bombay in Council, or the Magistrate, with the sanction of the Governor of Bombay in Council, commits to him, and shall obey all lawful orders so issued, and perform all duties so assigned to him by the said Magistrate, who shall be at all times competent, subject to such orders as he receives from time to time from the Governor of Bombay in Council, to extend, limit or resume the executive powers committed to such Assistant or Deputy.

V. Nothing in this Act contained shall be held to disqualify any Uncovenanted Officer in the Revenue and Judicial Departments from holding, at the same time with any other office, the office of Deputy Magistrate.

VI. A Deputy Magistrate appointed under this Act shall not be dismissed from office for misconduct, without the sanction of the Governor of Bombay in Council. Whenever there is reason to believe, that a Deputy Magistrate is disqualified, by neglect, incapacity, corruption or other misbehaviour, for continuance in office, a report shall be made by the Magistrate for the consideration and orders of the Governor of Bombay in Council, who shall be competent to suspend such Deputy Magistrate, and order a further enquiry into his behaviour, or order his immediate dismissal, as appears just and proper.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be reconsidered at the first Meeting of the Legislative Council of India after the 20th day of March 1851.

NOTIFICATION.

London Exhibition of the Works of Industry and Art of all Nations.

BY a notification, dated the 8th March last, the Central Committee, charged with the duty of promoting the objects of this Exhibition in Bengal, invited all persons, intending to send articles to the Exhibition, to communicate their intentions either to the Central Committee, or to one of the Local Committees in the provinces, and to furnish an accurate description of the articles intended to be sent.

In the same notification it was requested that in all such communications it might be stated whether the party contributing the articles desired that they should be included in the Central Committee's list, and despatched to England with the Government collection, or whether it was intended that they should be despatched, separately and independently, on private account.

It was further intimated, that all articles which private individuals might be desirous of sending to England at the public charge, would have to be submitted to the inspection of either the Central Committee or one of the Local Committees, in order that it might be determined, whether the articles were such as the Government could properly undertake to transport. And it was added, that although the Government would not guarantee their safe return, yet that every care would be taken of them, and that after the Exhibition they would either be returned to Calcutta free of charge, or disposed of in England, as the owners might desire.

In a subsequent notification of the 1st ultimo the public were informed, that arrangements would be made for securing to the manufacturer or producer of any article sent to the Exhibition either by Government or through its Agency, the payment of any prize or premium that might be awarded to such article.

The Central Committee have now the satisfaction to announce, that the Supreme Government have consented to remit the Indian Export duty on all commodities sent by private individuals to the Exhibition, whether through the Agency of Government, or separately and independently on private account; provided, in the latter case, that the goods be covered by a certificate from the Central Committee to the effect, that they are intended *bonâ fide* for the Exhibition, and not for the ordinary purposes of trade.

Parties desirous of obtaining from the Central Committee a certificate of this kind, must furnish an accurate specification of the articles intended to be sent, and satisfy the Committee in each case, that the articles are *bonâ fide* intended for the Exhibition, and that all reasonable diligence will be used in sending them.

No certificates will be granted for a larger quantity of any article than may be thought a fair sample, sufficient to enable H. M. Commissioners and the public to judge of its general quality. No goods can be shipped to go round the Cape duty free under a certificate from the Central Committee after the 15th October next, or by one of the Peninsular and Oriental Company's Steam Vessels, to go overland after the 8th January 1851.

The Committee have also to announce, that the Government of India have determined to bear the expense of insurance against sea risks, as well as other transport charges, on all articles sent to England by private individuals with the Government collection.
